CONCORD, N. C., TUESDAY, FEBRUARY 2, 1897.

WHOLE NO. 1.631

AT THE CAPITAL.

Proceedings of the General Assembly in Brief.

RALEIGH, Feb. 1.—In the Senate a petition was presented from citizens of Mecklenburg to regulate the hours of labor in the State and to protect women and children.

Bills and resolutions were offered as follows: For the benefit of the public schools in the State. It provides that all voters shall show their tax receipts before they can vote and by this means increase the school fund; a bill to prohibit the manufacture of liquor and the sale of cigarettes in the State; to regulate the sale of concealed weapons; to define public schools and increase their terms.

HOUSE.

A bill to require Superior Court clerks upon petition of 200 free holders that the county commissioners are improperly managing affairs to appoint two others.

But now look at this if you will, by Mr. Easley—to promote marriage in the State. Declaring all unmarried men aged over 24 bachelors, who shall be taxed \$10 for the first year of bachelorhood and the tax to be doubled each succeeding year of bachelorhood, the tax to go to the school fund.

A bill was offered to give the Governor and not the Legislature the appointment of State Librarian, also a bill to fine defeated candidates for office \$50 for failing to make statements of defeated candidates, also a bill to fine cotton weighers \$5 for errors in cotton weighing. To give magistrates jurisdiction where persons are charged with carrying concealed weapons. To require license for the sale of "concealed weapons." To establish a school for the training of colored teachers.

A resolution was offered by Mr. Crews (Rep) instructing Senators and Representatives in Congress to secure the repeal of the civil service law, declaring the latter unnecessary and contrary to the spirit of our institutions.

Mr. Alexander offered a bill to repeal that section in the law of '95 that requires the concurrence of four of the five commissioners where a judge has appointed two more and that a majority shall be sufficient for all actions of the board.

A Household Treasure.

D. W. Fuller, of Canejoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Fetzler's Drug store. Regular size 50c and \$1.00.

"What I know about bicycle-riding," said Scorchleigh, "would fill a good-sized volume." "What you don't know about it," said the policeman who arrested him for running down an old lady, "would fill a good-sized cemetery."

Mt. Pleasant Items.

Mr. J. F. Misenbermer, of Charlotte, spent Sunday in our town.

Miss Myrtle Foil spent a few days in Mt. Pleasant.

Miss Irene Ridenhoar is spending several days with her sister, Mrs. Dr. Barnhardt.

Mr. Upchurch, of Concord, entered College today. We welcome him to our fraternity.

Our College boys are very quiet these cold days, and since we come to think about it, we have a very quiet and gentlemanly set of students. If it would interest any of our friends, we would not mind telling a few things about them. We have only two seniors but we will venture to say that they will compare favorably with the seniors of any institution in the State. The two young men that are to go out from North Carolina College this year are George Franklin McAllister, of this place, and Benedict Mathew Setzler, of Pomaria, S. C. Now if we were to give a history of these boys it would take more time than we have to spare, so we will say only a few odd things about them.

Our friend George is a close student and finds great pleasure in his books. He will not sacrifice them even for the ladies, although he is very popular with them and enjoys their society very much. He once had a Phrenologist to Phrenologize his head to find out if he would make a smart man, and also what kind of a lady would suit him. He must have received some good information on this last subject for he has been pretty well settled until quite recently, he has been halting between two opinions. He can talk general topics as well as the best, and seeks to know all the facts in the case before giving his opinion. After all George is a model boy, and we predict for him a brilliant future. Benedict, better known as Ben, is an enigma—he is almost like a flea, you think you have your thumb on him, but when you look he is not there. He, also, is a close student and is popular with all, and especially with the girls. Unlike his classmate, when there are girls to be seen, he will sacrifice his books, but he seems to have no definite plan mapped out, but thinks the Hotel a good place to stop at. There is no little amount of wit in his make up. We have not learned what he intends to do in the future, but we think he would make a good Professor in a female college.

The Sick List.

Mr. John A. Oline is at home with the grip.

Miss Corinne Harris is improving. Mr. Will Deaton has been laid up for a week, but is able to sit up.

Mrs. J. M. Alexander is fast improving after wrestling with the grip for several days.

Mr. and Mrs. Newton Wilkinson are better.

A Ghastly Incident.

An incident occurred at the home of Henry Wood, colored, last night, which is probably without a parallel. Henry's wife died of pneumonia Saturday night and last night several neighbors came in to sit up with the corpse. During the night the floor gave away and the head piece of the bed on which the corpse was lying broke. When those who had assembled to spend the night looked around they were horror-stricken to observe the corpse standing upon her head with her feet emerging through the covering and in the air. The corpse was soon replaced to its natural position—Salisbury World.

An Experience.

The sleet and freeze of last week occasioned much comment by the public general, and a young lady in relating the experience of a certain man who is no lightweight, told it to a STANDARD reporter in this way: "The universe insanely fled asunder. A million stars drove madly through the shuddering air and the affrighted earth shrank into a hollow speck and wept in obstinate silent agonies.

"The bottom dropped out of everything. The sun and moon collided, crashed and split into a thousand flaming fragments. Fire came in a whitened glare from the uttermost beginnings of the universe, a silent, blackened void arose, the skies toppled with a thunderous crash.

"And the man picked himself up from the icy pavements."

Will: "Why did you and Louise part?" Harry: "She said I wasn't regular in my habits, and yet I'll swear I've been to her house every evening since we were first engaged—drunk or sober. What more can she want?"

WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J. H. Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Bilious Fever, Constipation, Headache, Dyspepsia, and all disorders arising from a Diseased Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z on wrapper, and by our name, is the only medicine called Simmons Liver Regulator.
