## CUBA LIVES.

We have always felt the danger of being misled by the reports of thrilling incidents in Cuba and have feared the ability of those people to achieve their freedom from Spain or maintain a freedom of desirable grade if presented by others.

We are now convinced that Cuba has an organized government of a people thirsting for liberty, and that she will achieve it in the end. She commands the admiration of the world in that she does not retaliate the beastly cruelties of Gen. Weyler. Gen. Gomez says he will not retaliate, for that would be warfare on a level with Weyler, who, he says, does not possess the qualities of a soldier; for a soldier never makes war on helpless innocents and non-combatants.

There is now little doubt but that Cuba will gain her independence, and but for the barbarities of General Weyler there would be little room for advocating interference by the United States. Her victory will be the more dear if won by her own arms, but alas that so many innocent people must suffer the unsoldierly and the uncivilized methods of General Weyler.

## GLADSTONE ON GREECE.

Mr. Gladstone Sunday telegraphed to the Daily Chronicle:

"I do not dare to stimulate Greece when I cannot help her, but I shall profoundly rejoice at her success. I hope the powers will recollect that they have their own character to redeem."

What can the "Grand Old Man" mean by the last sentence, but just what seems a fact from this distant standpoint? Namely, that the Powers in Europe, through extreme caution that no other nation shall reap any territorial advantage, shut their ears to human wails and their eyes to human woe.

It is shocking enough in this enlightened age that one semi-barbaric power can make war on its helpless subjects just because they are Christians.

That Mohamadan persuasion that offers its heresy or its sword, only a little modified, seems to us to be a fit subject for restraint or organic annihilation. We would be glad to attribute our zeal to ignorance, but some such views seem to be entertained by the world's probably greatest living man.

It would be bad on our 19th century Christianity if the Powers should peremptorily forbid Greece

to rush to the rescue of the Cretans who are appealing to her for protection from Turkish barbarity and Turkish dominion.

Brave little Greece!  
Let her save Crete and lick Turkey if necessary, though the Powers must blush at it.

## Mr. Cleveland is Happy.

An old friend of Grover Cleveland dropped down to Washington a day or two ago to see him on business and socially as well. He says he never saw the President in such good humor since the old days when the boys played poker in Hitchcock's back room across the way from the First Presbyterian church in Buffalo.

"Maje," said the President, "I'm the happiest man in America. Just look at this little memorandum book. I have got the days marked down to March 4, and every day I cross off one of the days remaining. When the last one goes, pop! I will be free. Free! You don't know what that means to me who have been a slave for the past four years."

"Come and see me then, Maje. I'm going duck shooting and stay as long as I please, and it will be nobody's business. Do you wonder I feel glad?"

And the President's radiant face and voice showed that he meant just what he said.—New York World.

If You Will Use a Little Reasoning you can easily prove that catarrh is climatic and not a blood disease. Have you not the severest catarrhal attacks during winter and spring, and but little evidence of catarrh during the summer? Yes, Well, this proves it is climatic, it flaming the nasal passages. It is a waste of money to in blood remedies. The proper treatment is a local application, and the most prompt to cure is that popular remedy, Ely's Cream Balm.

Workmen are building a house for the Standard Oil Company about a hundred yards below the passenger depot on the left side of Corbin street. The large tank will be placed near the building.

## Fifty Years Ago.

This is the stamp that the letter bore which carried the story far and wide. Of certain cure for the loathsome sore that bubbled up from the tainted tide of the blood below. And 'twas Ayer's name and his sarsaparilla, that all now know, that was just beginning its fight of fame with its cures of 50 years ago.

## Ayer's Sarsaparilla

is the original sarsaparilla. It has behind it a record for cures unequalled by any blood purifying compound. It is the only sarsaparilla honored by a medal at the World's Fair of 1893. Others imitate the remedy; they can't imitate the record.
