Barnum's circus will appear in Charlotte on the 12th of next May.

The forecast says: Threatening and rain tonight, followed by clearing tomorrow.

The lease bill will come up in the Senate to-morrow. The public opinion is that the bill will be defeated.

For silks and other dress goods, we respectfully invite your attention to the advertisement of Cannons & Fetzner.

J M Loman is making a reputation as a gold hunter. He has unearthed some very fine specimens of gold ore on the banks of the Three Mile branch east of the city.

The Standard Oil Company have their property at the depot nicely fenced in and the house and large tank painted. Oil they want now, and the bulk of the trade is theirs.

A Western paper says the people out there have about as much faith in the Republican administration restoring prosperity as they have in the building of an electric railway to the New Jerusalem.

Rev. Stubblebine, of Salisbury, will preach at Bear Creek church on the second Sunday in March. On the following Monday night a lecture on Greenland, with stereoptican views, will take place.

The telephone line will soon be run from here to Mt. Pleasant. It will be conducted on the independent system, but will probably connect with all the lines now existing in the city.

The ticket office at the depot has been remodelled and the windows have been made burglar proof. The freight and telegraph offices have been overhauled and now present a better appearance and gives a great deal more room.

The only blood purifier admitted on exhibition at the Chicago World's Fair, was Ayer's Sarsaparilla, all others being excluded as secret preparations and patent medicines. With doctors and pharmacists, it has always been considered a standard remedy.

One day last week, a farmer went to Opelika, Ala., to get a coffin for his dead baby. He got the coffin and while on his way out of town stopped in a saloon to get a quart of whiskey. He carried the coffin into the saloon with him. He got to drinking and was soon in a state of intoxication. He left the saloon and went home, leaving the coffin in the bar room. He was totally oblivious of the fact that his child was dead.

Immigrants and returning voyagers find in Ayer's Sarsaparilla a cure for eruptions, boils, pimples, eczema, etc., whether resulting from sea-diet and life on ship-board or from any other cause. Its value as a tonic and alterative medicine cannot be overestimated.

The newspaper war in Atlanta is getting warm. The row started about the respective circulations of the Journal and the Evening Constitution. The former offers to give \$100 to charity if the latter isn't the biggest liar between Baltimore and New Orleans.

Messrs. Cook & Foil, the leading merchants of Mt. Pleasant, are making arrangements for the construction of a large store-room in which to conduct their immense business, their present quarters being crowded, which necessitates the movement.

A peculiar old man named Solomon Seltzer died a few days ago near Stroudsburg, Pa. One clause of his will when opened directed that his grave be dug in his hog pen and his body be buried therein. The old man's instructions were carried out.

The committee appointed to wait on the Governor Wednesday discharged their duty and he received them courteously but informed them that he was under some obligations to Mr. Sutton. The Governor has to put on his most genial manners though or something will be to pay.

Memory is a little treacherous now and then, and causes one to forget some things worth remembering, unless one has an experience like that which came to Mr. D E East, Moffatt's Creek, Va., who says "I had been suffering for years with a torpid liver and found no relief until I took Simmons Liver Regulator when I was entirely relieved of my troubles. I never intend being without Simmons Liver Regulator."

A Train Wreck.

An express train on the Chesapeake and Ohio on last Tuesday going at the rate of 40 miles an hour plunged into a washout and all the cars piled upon the engine except the two sleepers that were only derailed. Eleven persons were more or less injured. One man crawled out of the wreck and scrambled up the bank but died before any assistance could reach him.

The book or woman's life is divided into three chapters: Girlhood, womanhood, motherhood. At the time when a young girl passes into womanhood—turning the leaf as we may say between the first and second chapters of her existence—a little care and thoughtfulness will double her chances of future happiness and save many hours of suffering. Every young woman should have an intelligent understanding of her own physical make-up. Half-knowledge which is little better than pure ignorance, opens the way to an untold amount of pain and wretchedness.

Few women realize the influence exerted on their bodily and mental well-being by the special organism of their sex. It is hard for them to believe that the little drain which goes on from day to day is sufficient to sap away the very life forces. Yet it is so. The weakness, exhaustion, melancholy; the periodical prostration and sometimes almost torture has no other cause, two-thirds of the time, than the abnormal unhealthy condition of the generative organs. Strangely enough even doctors often fail to recognize the truth. For this condition there is no other remedy in the world so helpful and certain as Dr. Pierce's Favorite Prescription. It restores health and vigor to the feminine functions and renewed vitality to the entire body. It heals inflammation, stops discharges, strengthens the ligaments and builds up the internal tissues which cannot be reached by "local treatment." It is of inestimable value to young women and to prospective mothers, greatly lessening the pains and perils of childbirth if taken during pregnancy. During the "change of life" it is invaluable.

Dr. Pierce's great book, "The People's Common Sense Medical Adviser," has 208 pages, profusely illustrated. Over 90 pages are devoted to woman's diseases with suggestions for home-treatment. It will be sent free by World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y., on receipt of 21 one-cent stamps to cover cost of mailing only.

Dr. Miles' Pain Pills are guaranteed to stop headache in 20 minutes. "One cent a dose."
