William Jennings Bryan passed through this city Sunday night on his return from a brief trip to Florida.

The Cabarrus Light Infantry will drill by moonlight to-night. Captain Caldwell is getting his men in good shape for drilling.

Appropriate Easter services are being arranged for at the various churches of the city for Sunday next.

The forecast says: Increasing cloudiness with showers tonight, followed by clearing and fair tomorrow; warmer tonight, cooler tomorrow.

An additional office is being built in the postoffice for the private use of Postmaster J B Sherrill. It will be finished and furnished in handsome style.

The Phifer store room recently vacated by Mr. Bert Bennett has been rented by Mr. D P Dayvault, who will occupy it about the 1st of May. He will fill the room with dry goods and clothing.

One might as well try to stem the rapids of Niagara, as to expect perfect health while a Scrofulous taint exists in the blood. Through its alterative and purifying properties, Ayer's Sarsaparilla removes every vestige of Scrofulous poison from the blood.

Mr. R A Brown has closed a contract for the construction of a handsome brick church for the congregation of Trinity Evangelical Lutheran church in No. 4 township. Work on the building will begin next week or week after.

Dr. D D Johnson spent Monday at Hickory. The occasion of his visit there was the celebration of the 80th birthday of his mother. All of the surviving members of the family were present and the event was a great surprise and a day of great pleasure for the aged mother.

No people suffer so much from physical disabilities as those whose business requires little or no muscular exertion. The lack of exercise causes the liver to become sluggish and the result is constant Constipation, Indigestion, Biliousness and Sick Headache. To prevent this take Simmons Liver Regulator; it keeps the liver active and makes one's condition as comfortable as those who have much exercise.

Naturally fair complexions would be the rule rather than the exception, as unfortunately it is at present, if the ladies would wholly abandon cosmetics, and more generally keep the blood pure and vigorous by the use of Ayer's Sarsaparilla, the only reliable blood purifier.

Announcement has been made in the Charlotte papers of the marriage of Miss Minnie Duls, of that city, to Mr. W R Haywood, of Chattanooga, Tenn., to take place April 22nd at the home of the bride's mother. Miss Duls is popularly known here.

Advice now are to the effect that the floods in the upper Mississippi and its tributaries are subsiding and will rapidly recede even, it is hoped, in time to make a fair crop yet in the bottoms now submerged. The floods are wonderfully enriching to the soil and but for the destruction of life would be far from an unmixed evil.

Salisbury World: "An unusual sight on the streets of Salisbury was a drunken white woman tottering and reeling over the streets. The woman's family was at one time a prominent one in Salisbury, but has gradually declined until it has come to this. It is a sad condition of things—this human depravity.

Miss Clementina St. Felix is recognized as one of the very best singing and dancing soubrettes in the profession, and is the younger of the famous trio of "The St. Felix Sisters." Mr. Culhane has few equals as a comedian. He created the part of "Solomon Lazarus" in "Under the Polar Star." at the Academy of Music, New York City, last summer, and on Thursday of next week will be seen as "Moses Levi" in "Bess, the Waif."

According to Dun & Co.'s Reporter the failures for the first quarter in 1897 numbered 3,992, against 4,031 for the corresponding period of last year; the liabilities were \$48,007,911, against \$57,525,135 for the first three months of last year. The failure in manufactories were fewer in number and smaller in liabilities, and the trading failures were fewer in number but larger in liabilities. Judging from this the manufacturers seem not to have suffered much from that awful breeder of ruin, the Wilson tariff.—Wilmington Star.

Spring

Is the season for new life in nature, new vigor in our physical systems. As the fresh sap carries life into the trees, so our blood should give us renewed strength and vigor. In its impure state it cannot do this, and the aid of Hood's Sarsaparilla is imperatively needed. It will purify, vitalize and enrich the blood, and with this solid, correct foundation, it will build up good health, create a good appetite, tone your stomach and digestive organs, strengthen your nerves and overcome or prevent that tired feeling. This has been the experience of thousands. It will be yours if you take
