

**Electric Bitters.**

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the liquid exhausted feeling prevails. When the liver is torpid and sluggish and the need of a tonic and a restorative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, indigestion, constipation, dizziness yields to Electric Bitters. 50c and \$1.00 per bottle at Fetzner's Drug Store.

**Mt. Pleasant News.**

Passion week is being observed by special services in Holy Trinity.  
Last Wednesday the preliminary contest for the declaimer's medal was held. The successful young gentlemen who will contest for the medal at Commencement are: Marvin Wiley, Ed L. Ritchie, Charles Pless, D. Luke Johnson, Hoyle McEachern and D. Luther Goodman.

The Luther League at this place have arranged a program for a public literary meeting to be held May 8th (Saturday). The exercises will consist of a debate, Resolved, That Tennyson was a greater poet than Longfellow. Defended by B. M. Setzler, A. Blackwelder and Miss Mabel Barrier, on behalf of the affirmative, and D. Berry Fisher, Wilhelm and Miss Julia Henz on behalf of the negative, also readings, essays, recitations and extemporaneous remarks by different members of the League, concerning the lives and works of these distinguished poets. This is a thoroughly live organization and no doubt this new departure will result in much good, in more ways than one.

Mart Dry, a convict on the chain gang, decided to visit home folks last Saturday, and without giving Supt. Blackwelder or the guards any formal notice of his intention, proceeded to wend his way through briar thickets and creek bottoms until he reached his destination. His visit, however, was cut short by the arrival of a guard, who brought the fugitive back to the camp, where a second initiatory performance was administered.

On last Thursday night Hon. Wm. J. Bryan addressed a large and enthusiastic meeting at St. Augustine, Fla. He stood upon the piazza of San Marco hotel.  
At the close of the address the people flocked about him and crowded the piazza when a large section gave way and about 400 people fell a distance of about 20 feet. Mr. Bryan was taken up unconscious but soon survived and was but slightly hurt. There were no serious casualties with all the imminent danger.

**To Straighten the Muddle.**

Gov. Russell has taken legal action to restrain Auditor Ayer from issuing the tax list as framed by the late erratic legislature. The constitution requires the tax on the poll to be just three times the tax on \$100 worth of property.

That proportion was ignored by levying a tax of 46 cents on the \$100 worth of property and \$1.29 on the poll. Three times 46 equals 138 which should have been the poll tax or one third of 129, which is 43 should have been the tax on \$100 worth of property.

The Supreme Court will have to straighten out the muddle.

Dr. Paul Barringer, of the University of Virginia, Recommended Mrs. Grier's Real Hair Restorer.

A perfect remedy for dandruff and falling hair.

Mr. F. B. Neil, of Davidson College, writes: In 1886 my little daughter suddenly and unaccountably lost all her hair. From the crown down and from ear to ear was as bald as the palm of the hand. Months and months passed and the frightful baldness remained. My physician, Dr. Paul Barringer, recommended Mrs. Grier's Real Hair Restorer. Determined to give it a fair trial I bought a half dozen bottles. Three bottles of it faithfully used, produced no visible effect, but one morning, soon after beginning the fourth bottle, to our surprise and delight, a new growth of hair appeared and so rapid and complete was the restoration that only one more bottle was needed. Ten years have elapsed and no one has a finer suit of hair.

Less than one bottle is often effective in checking falling hair. Read interesting history of R. H. R. MRS. M. G. GRIER, Harrisburg, N. C.

**A Fake-Party.**

That train robbery story turns out to be a very tame affair. Sifted down it amounts to this: Two traps were stealing a ride on the front of the car next to the engine. The fireman saw them and chunked them with coal until they could not stand it; then they jumped over the tender after him with their knives. The engineer was likely badly scared up, for it is said he did not know they were near the train until he saw them coming over the rear of the tender. The fireman did, however, but he never said much about it.

It's all wrong for people to steal rides; it is also wrong for a fireman or others to chunk them with coal when they are unable to get off.—Greensboro Record.
