MR. W. J. HILL, Concord, N. C.
DEAR SIR:—We are sending you under separate cover a photograph of a train load of Crawford bicycles, which left the factory April 9th. We frequently ship from one to three or four car loads a day, but this was an extraordinary shipment. We were loading from seven o'clock in the morning until the train left at 4:30, and would have sent another car load could we have got it loaded. The shipment went north and shows that the Crawford is a seller."
Very Respectfully,
THE CRAWFORD M'FG. Co.
The photograph is on exhibition in our window. Take a look.

Is the season for new life in nature, new vigor in our physical systems. As the fresh sap carries life into the trees, so our blood should give us renewed strength and vigor. In its impure state it cannot do this, and the aid of Hood's Sarsaparilla is imperatively needed. It will purify, vitalize and enrich the blood, and with this solid, correct foundation, it will build up good health, create a good appetite, tone your stomach and digestive organs, strengthen your nerves and overcome or prevent that tired feeling. This has been the experience of thousands. It will be yours if you take
