The State Normal at Greensboro.

THE STANDARD is in receipt of a handsomely engraved invitation to be present at the commencement exercises of the State Normal and Industrial College, at Greensboro, which occurs Tuesday and Wednesday, May 19th and 20th. The commencement exercises of the State Normal and Industrial College have always been of a high order, full of interest, helpful and inspiring to the large gatherings annually assembled from the various portions of the State to enjoy them.

Upon no occasion have the exercises been more interesting and appropriate than they will be this year.

Mt. Nebo, N. C., April 21, 1897.—I have been a great sufferer with sick headaches, but since taking Hood's Sarsaparilla and Hood's Pills I am entirely cured, and I do not forget to recommend this medicine to my friends—Lucinda Fleming.

Hood's Pills cure all liver ills—25c.

The Whistling Eel.

A Rocky Mount special says: Yesterday there were taken from a small fish trap at the Falls of the Tar, two immense "whistling" eels. They differ from the ordinary eel in that the body for four or five inches from the head is as large again as the other portion, and on each side of this enlarged "neck" are seven perfectly round holes arranged precisely as in an ordinary flute, size, shape, distance apart and all. The mouth is round and full of villianous looking teeth in a perfect circle. When taken from the trap each eel emitted a discordant sound not unlike that made by the beginner learning to play the flute. Mr. P. S. Hicks has had photographs made of the monsters.

When you are suffering from Catarrh or cold in the head you want relief right away. Only 10 cents is required to test it. Ask your druggist for the trial size of Ely's Cream Balm, or buy the 50c size. We mail it.

ELY BROS.

56 Warren St., N. Y. City. I was afflicted with catarrh last autumn. During the month of October I could neither taste or smell and could hear but little. Ely's Cream Balm cured it.—Marcus George Shantz, Rahway, N. J.

Donn's Review says that the April trade this year by leading houses in each line of business in the principal cities east of the Rocky Mountains, is only about 10 per cent. less than in April 1892, which was the largest hitherto. It is 6.1 better than for April last year.

Four Hundred and Fifty Gallons of Whiskey Sold.

Mr. W. L. Rankin, manager of the Salisbury Liquor Co., was in the city today. He made a deal with the internal revenue officers by which he was made purchaser of the 450 gallons of corn whiskey that were seized in Stanly county about two months ago, which has been stored away in this city.

Important Meeting.

All those interested in the race track and ball grounds are requested to meet at the firemen's hall tonight at 8 o'clock for the transaction of decidedly important business. Representation is wanted for each share of stock. Insist on your friend to come, if he has not seen this notice or been notified otherwise. Be there promptly at 8 o'clock.

When bilious or costive, eat a Cascaret, candy cathartic, cure guaranteed, 10c, 25c.

Barnum in Charlotte.

Barnum and Bailey's big show will give their street parade at 9 o'clock Wednesday morning. It will take about one and a half hours to cover the route in the city.

The Arissa Twins, two Hindoo girls, are something like the Siamese twins. Ella Ewing is a young giantess of Missouri, nearly nine feet high, and Great Peter, the small, is but 22 inches high and can be put to bed in Ella's shoe.

There will be trained horses, elephants, bulls, bears, hogs, monkeys, dogs, lions and tigers. So say the advertisements.

Rain Tonight and Tomorrow.

Many of our citizens have been wishing for a good soaking shower for the past several days. If the forecast holds good we will get it. It reads: "Increasing cloudiness with showers tonight and Tuesday; cooler tomorrow."

A Factory at Troy.

Troy, Montgomery county, is to have a cotton factory too. It is to be 320x100 feet. One half of the factory is to be two stories high. The mill will have a capacity of 1,500 spindles. It will contain looms also.

The failure of the three Howland mills at New Bedford, Mass., is fraught with tragedy. Howland was one of the leading manufacturers of New England, and was thought to be in excellent financial condition. Just before the annual meeting of stockholders he disappeared. A large shortage in his accounts was found, and the mills went to the wall. Later his body was found lying at the foot of a dock. Rather than face the disgrace of defalcation he had drowned himself.

Judge Earle, South Carolina's Junior Senator, is at the point of death. It was said to be Bright's disease but Dr. Earl, brother of the Senator, says it is not Bright's, but indicates the approach of that disease.

The United States flag is to be unfurled on a little unclaimed coral reef known as the New Baldy Island near the equator, in the Pacific Ocean.

The man who sits on a limb and saws it off is a Solomon compared to the one who neglects newspaper advertising, and yet thinks he can successfully compete with his more wide-awake and enterprising competitor in business who pins faith to it.—Ex.

George Troutman, of near Cold Springs, this county, died Saturday night of pneumonia. He had been sick for a long time. Deceased was 36 years of age. His remains were interred at Cold Springs church, Sunday afternoon.

Ervin & Smith,
GROCERS.

The investigation of the Beckrage trunk matter has stirred up a great scandal in the dispensary system of South Carolina, and ex-clerk Seth W. Scruggs and ex-commissioner John T. Gaston are both under arrest for misconduct. Whenever things get dull in our neighbor State they only have to turn to the dispensary system which can furnish a good sized scandal any fair day.—Charlotte News.

Rather Peppery.

In Statesville Saturday Tom Stevenson, colored, stood just in front of Hayes Matthews, also colored, and lodged three out of four pistol shots in his breast. Tom is in jail and of course Hayes is sick.
