A BIG SQUABBLE.

Detective Haney, of the Southern, comes for Williamson, but his lawyers refuse.

"J A Williamson, the Augusta man who was arrested and brought to Salisbury yesterday for rocking the train at Concord, threatens to give all parties concerned trouble.

Williamson was arrested yesterday morning and confined in the lock-up here. Word was sent to Concord by the Salisbury authorities of the man's arrest, but no one had showed up at the expiration of twenty-four hours to take the man in charge. A message was received from Concord that Detective Haney of the Southern, was on his way here and he arrived in the city about 12 o'clock. Attorney R Lee Wright had been employed by Williamson and he refused to allow Haney to take the man and thus the matter stood at 3 o'clock. Williamson through his attorney threatens to bring suit against both the Southern and the city for the false arrest and imprisonment."—Salisbury World.

Mr. R L Pearce, the fireman at whom it is alleged that Williamson threw the rock, was in the city this (Saturday) morning, having come down from Danville. From what we can learn the railroad has a very weak case against the accused man, as Mr. Pearce says that he could not swear that the man threw a rock or that he threw anything at all. Williamson is in Salisbury and the authorities here are awaiting orders from the railroad company to arrest the man.

Down at Pinehurst.

Capt. A H Propst, one among the biggest contractors in the State, is down at Pinehurst, on the proposed Aberdeen and Concord railway, figuring on contracts for the erection of a large number of houses—in fact a whole town. He will likely get the work.

Miss Emily Grace Briggs, daughter of the famous Prof. A C Briggs, who was suspended for heresy in 1894, took a diploma Tuesday night the 18th, at the theological Seminary of which her father is a member of the faculty, in New York. Miss Briggs outstripped the rest of the class and is the first female to receive the title of Bachelor of Divinity from that institution.

Yorke, the Optician.

People are not slow to appreciate the efforts of Mr. John F Yorke in his learning the knowledge of the optical profession. Mr. Yorke has secured the services of Dr. Charles W Lowe, an eminent specialist of New Yorke, for the examination of eyes, who will remain in the city for one week longer. Dr. Lowe is giving special instructions to Mr. Yorke and is thoroughly prepared to fit the proper glasses to the eyes and discover the slightest defect in the sight. They have examined hundreds of eyes the past week and are ever ready to do service to anyone calling at the jewelry store. Mr. Yorke will carry a full line of glasses and has equipped himself with optical apparatus especially for the business.

Dr. Lowe is a great specialist and Mr. Yorke has gone to considerable expense to have him remain in the city longer in order to become more thoroughly familiar with the work.

In the Court House Last Night.

The finale of the Concord High School session drew a packed house last night and the interest of the audience was manifested by as good order as we have ever witnessed on any similar occasion. The participants may take this one fact as a high compliment.

It was the first appearance on the stage for many and making this allowance for a few we congratulate teachers and pupils on the evidences of the splendid educational work at the Concord High School.

If the dear young folks in whom we take a very deep interest will allow us we will modestly suggest that many of the audience hung with strained solicitude to catch what the speakers themselves seemed to feel with an emotion too deep to allow them to be as clear and strong in tone as would have added to the pleasure of hearers. Some of the selections were too good to lose a word of. Other renderings would have shaken us up more thoroughly if funny parts had been a little more distinct. All in all it was a pleasant occasion and we hope to enjoy many more from this worthy institution.

There is nothing that causes women greater discomfort and misery than the constantly recurring headache. Men suffer less with headache. "My wife's health was very indifferent, having headache continually and just two packages of Simmons Liver Regulator relieved her from all headache and gave tone and vigor to her whole system. I have never regretted its use."—M B DeBord, Mt. Vernon, Ky.

Will Expose the Trick.

The original Lulu Hurst, now Mrs. Paul Y Atkins, sister to the wondrous Annie Abbott, is soon to issue a book explanatory of the wonderful feats performed by those magic characters. If the book is not as mysterious as the performance and if it is a real expose it will be read with great interest.

WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J. H. Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Bilious Fever, Constipation, Headache, Dyspepsia, and all disorders arising from a Diseased Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z on wrapper, and by our name, is the only medicine called Simmons Liver Regulator.
