Baked Her Grandchild.

Selma, Ala., May 27.—One of the most horrible crimes ever chronicled in Dallas county occurred four miles from Selma yesterday. Early in the forenoon a four-year-old child of Bill Griffin, colored, went over to the home of its grandmother, Millie Griffin, and seeing a hockcake on a gridiron helped itself to a piece without the knowledge or consent of the grandmother.

This furiously enraged the old woman, who promised if it was the last act on earth, to punish the child for its rudeness. She procured an empty oat sack and putting the child into it tied up the sack and hung it on a pair of pot hooks up in the chimney.

The old woman, who is 70 years old, then gave positive instruction that the child should not be released by other hands than her own and then went to the field to work.

About two hours later an uncle of the child heard groans in the cabin and went in to investigate. To his surprise he found that the sack had caught fire and the child had been literally roasted alive.

The negroes in the immediate neighborhood gathered and it was with difficulty that they were prevented from mobbing the perpetrator of this terrible crime

Thought the Dogs Caused It.

A certain lady of the city, who is the owner of several very fine dogs, lay down upon her bed Monday afternoon to enjoy the sleep that she had been deprived of the night before, but was suddenly awakened by the shaking up caused by the earthquake, and thinking that the dogs had got underneath her bed, she gathered the broom and punched right and left, but no dog hollered. Sometime after the shock had ceased its vibrations the lady concluded that it must have been an earthquake, but she still entertains a dislike for the "purps."

Wilmington a Firebug Victim.

Wilmington has been the victim of the firebug again. This time it is a good large school building worth \$17,000.

After the sound of explosion at 1:50 o'clock Sunday morning the flames shot forth and in a few hours the building was a ruin.

Two of the city's best fire companies have distanded on account of inadequate support and this greatly hampered the efforts to check the fire.

The Discovery Saved His Life

Mr. G. Cailloutte, Druggist, at Beaverville, Ill., says: To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it. Get a free trial at Fetzler's Drug Store.
