CONCORD, JUNE 21, 1897.

BE GENTLE HUMORED.

If men knew how much better it is to put joy into every day affairs surely there would not be so much frowning in the faces and so much grumbling in the tones. It is a mistake that employes will not do their best if not nagged and fretted. All employes like to feel that employes are pleased and in good spirits, and will generally try to do them so if encouraged.

Satisfied peevishness is like a piercing all with whom it comes in contact. It soon becomes too that spoils the victim as it room to grow. It makes the world around seem gloomy and children dread gloomy parents and fathers and either learn to shun them or grow up like them and sometimes do both.

Even domestic animals show their appreciation of kind gentle treatment and sometimes alas! they get a double portion at the expense of intelligent beings that crave the same but are denied it.

Kind and gentle words are as commanding as all the swearing at, when it is known that they mean as much, and they carry so much sunshine with them.

There is music in the voice when there's contentment and kindness in the heart.

There is joy in our labors if we but know how to have joy in the heart.

A grum and sullen or faulting mood suggests a tendency to debasement to all around and many of the cases on our criminal dockets might be wanting if we would but teach gentleness and goodness by stamping such virtues on our faces and in our manners.

Let us think how beautiful the world would look to us if we were knowingly about to take our last look at it. How charming the voices of our associates when we expect to hear them no more.

The world is more than half full of sources of joy and gladness and it might as well be put into our work.

Don't let yourself fall into a way of thinking that you must be gloomy and grumblesome or you won't be prosperous. Such prosperity is not desirable. Prosperity should bring happiness, not discontentedness. If you can't have both choose the one that will make you and your family better and brighter in life and triumphant in death.

INVESTIGATOR DID NOT INVESTIGATE.

The Charlotte Observer is called down by "Investigator" who claims that our late memorable fusion legislature did not pass an act that requires taxes to be paid before our fall term of court on penalty of fine or imprisonment or both, whereupon the Observer rises and puts his foot on the neck of "Investigator" by quoting sections 52 and 53, which it seems that "Investigator" did not investigate.

It is to be hoped that North Carolinians will soon find out that we did have a good State government and that the minds of the people were evil affected against it by would-be leaders that could only lead to evil, therefore they could not lead the Democratic forces.

And now they say that our Sage (?) Senators Pritchard and Butler have smoked the pipe of peace. It did seem but a little while ago that it was "eternal war between thee and me," but as there was more pie than principle in the whole fight it should not surprise anyone that those two models of political astuteness and versatility should lick each other all over and then each gorge himself with the other as soon as there was the scent or taste of pie in it.

It is now said that Secretary of State Sherman is succumbing to the infirmities of age and is unsuited to the important place he holds. This is less surprising than that the President should not have made sure of this matter, unless the idea was to get the Senator's place for Mr. Hanna, hoping for the resignation of the Secretary. Without having something of an understanding with the aged Statesman this might not materialize so well.

SPECIAL-DRIVE

IN

GENTS' AND YOUTHS' CUFFS.

At 60 cents per dozen.

\$1.80 Worth for 60 cents.

You make \$1.20 on a dozen pairs while we have to pay for them out of the 60 cents we get. We have our regular per cent on them and are satisfied; for we know the better pleased, the better customer you will be. While we know we could not get any more to sell at this price there is always something being sacrificed for the cash. A week or two ago it was Lawns we bought that would ordinarily do us three years, we put our regular per cent on these goods and the first day we sold nearly 1,000 yards without a line of advertising. The bulk of these goods were swept from our counters in less than a week. In a few days the 51 dozen CUFFS will be swept away. We don't know what the next drive may be. It may be Guitars or it may be Wash Pans.

You may depend on one thing, it will not be a bargain of regular goods at regular prices.

We will save you money on anything. Take the item of Talcum Powder, we sell three (3) cans for 25 cents while you pay 25 cents for the same grade elsewhere.

Ladies Gauze Vests at 4 cents, bleached ones 5 cents. This is not a "ONE DAY ONLY" price but 6 days in the week.

We sell ladies fast Black and Tan Hose that measure 31 inches for 10 cents. These are made of Peeler Cotton, full seamless, 3 thread heel and toe.

We have corsets at 20 to 95 cents. For over 12 months we sold "C. B." Corsets at 85 cents while they were being sold at \$1.00.

Good Machine Thread at 3c. worth as much as any thread.

Very Respectfully.
