### GLORY CALL.

No better index to that chivalric spirit and that national pride that is essential to the perpetuation of freedom with all the train of blessings attending can well exist than that veneration in which the people hold the names, the deeds and the spots involving daring heroism for peace, safety and happiness around the domestic hearthstone.

The present is a period marked for the revival of commendable pride in these centres of glory.

The battlefield of Guilford Court House has been suitably marked; the battlefield of Moore's Creek Bridge is now owned by the State and will be appropriately marked and beautified, we hope. Newton will soon erect a grand monument to the memory of Capt. Barringer's patriots that fell in Indian ambush, and Mecklenburg is moving to erect a grand monument to the memory of the signers of that memorable declaration of independence which is in itself a monument to the glory of North Carolina heroism that even entitles Tar Heels to the privilege of disturbing a national assembly.

While Cabarrus holds a common interest in all the historic glory of the Old North State she has one spot peculiarly her own gem of sparkling brilliancy in the State's coronal.

This is the spot around which cluster the memories of "The Gun Powder Plot," and will for all time keep us proud of the name "Black Boys of Cabarrus."

Shall we not "do ourselves proud" by suitably marking this spot, that generations to come may share with us as we share with a noble ancestry in the knowledge of that, our Glory Spot.

THE STANDARD has been asked to place this matter before the people, a task eminently congenial to its own liking.

As an assurance of earnestness and a nucleus to a fund for the purpose, ten dollars is offered by one individual.

If this movement meets with favor and a hearty response, which we think it surely will, we desire the names of a cluster of, say at least a half dozen, citizens of either or both sexes who will confer with us in designating a time and place which THE STANDARD will gladly call for the purpose of organizing, that suitable committees may be appointed for arranging entertainment, soliciting contributions, securing plot of

ground and of determining the nature and the extent of commemorative marks.

Please let us hear promptly from those whose hearts move them in this matter.

### It May Do as Much for You

Mr. Fred Miller, of Irving, Ill., writes that he had a severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c and \$1.00 at Fetzer's Drug Store.

### Simonton's Lease Decision

Greensboro, June 30—The decree in the case of the Southern Railway vs. the North Carolina Railroad et al., was handed down today by Judge Simonton and filled here by the clerk of the court. The decree goes over the evidence, and is contained in 18 typewritten pages.

To three questions: "1st, as to whether the North Carolina Railroad could lease; 2nd, was the lease executed in conformity with the requirements of the charter? 3rd, was the lease executed bona fide, without fraud and malpractice?" Judge Simonton answers:

First, the North Carolina Railroad had the right to lease.

Second, the lease was executed in conformity with the requirements of the charter.

Third, as to whether there was fraud the question is referred to Hon. Kerr Craige, as special master to take testimony and report.

State Attorney General Z V Walser, Governor D L Russell and the new board of directors are given 60 days to file testimony. The complainant and the old board of directors are given an additional 60 day to file testimony, after which Attorney General Walser and Gov. Russell are given 20 days to reply. The special master shall then report to the court as soon as possible.

In the meantime the restraining order remains in force.

### A Mosquito Story From Georgia.

I heard a story the other day. I think it will beat the Mulberry correspondent's war story. A man said that mosquitoes were so bad in the piney woods that the people had to use a washpot, turned bottom upwards over their heads to keep them from pulling their hair out, and then they got so bad that they would stick their bills through the washpot, and he took his hammer and clinched their bills on the inside until there were so many they flew off with his pot, and he had not heard from it since. Come again. —Monroe (Ga.) Messenger.

"Though our world has been defaced by the blighting influence of sin, there is still left much that is beautiful. We see it in the first golden flashes of morning, in the matured strength of meridian day, in the subdued glow of evening—and then, slowly sinking down the western way, glide the rich banners of descending day, and night, with crescent diadem, lights her starry chandelier, and trails her robe of blazing jewels through the sky."

Thus discourses Col. Jim Robinson, of the Durham Sun. We dislike to break into this strain with an unparliamentary suggestion, but we are constrained to say that if Col. Robinson saw all those things he writes about, it is more than probable that the morning thereafter he had a dark brown taste in his mouth and his head felt several sizes too large.—Statesville Landmark.

### Robbed His Cow.

Some thief visited the barn of Martin Furr, of this city, Wednesday night and robbed his cow of her milk, and also stole several chickens.

### A Man Who is Tired

All the time owing to impure blood, should take Hood's Sarsaparilla to purify and enrich his blood and give him vitality and vigor.

This condition of weakness and lack of energy is a natural consequence of the coming of warmer weather, which finds the system debilitated and the blood impure.

A good spring medicine is a necessity with almost every one. Hood's Sarsaparilla is what the millions take in the spring. Its great power to purify and enrich the blood and build up the health is one of the facts of common experience.

### After.... Taking

A course of Ayer's Pills the system is set in good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into mole-hills, his moroseness gives place to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

## GENTS' AND YOUTHS' CUFFS.

At 60 cents per dozen.

\$1.80 Worth for 60 cents.

You make \$1.20 on a dozen pairs while we have to pay for them out of the 60 cents we get. We have our regular per cent on them and are satisfied; for we know the better pleased, the better customer you will be. While we know we could not get any more to sell at this price there is always something being sacrificed for the cash. A week or two ago it was Lawns we bought that would ordinarily do us three years, we put our regular per cent on these goods and the first day we sold nearly 1,000 yards without a line of advertising. The bulk of these goods were swept from our counters in less than a week. In a few days the 51 dozen CUFFS will be swept away. We don't know what the next drive may be. It may be Guitars or it may be Wash Pans.

You may depend on one thing, it will not be a bargain of regular goods at regular prices.

We will save you money on anything. Take the item of Talcum Powder, we sell three (3) cans for 25 cents while you pay 25 cents for the same grade elsewhere.

Ladies Gauze Vests at 4 cents, bleached ones 5 cents. This is not a "ONE DAY ONLY" price but 6 days in the week.

We sell ladies fast Black and Tan Hose that measure 31 inches for 10 cents. These are made of Peeler Cotton, full seamless, 3 thread heel and toe.

We have corsets at 20 to 95 cents. For over 12 months we sold "C. B." Corsets at 85 cents while they were being sold at \$1.00.

Good Machine Thread at 3c, worth as much as any thread.

Very Respectfully.

D. J. BOSTIAN.
