WHOLE NO. 1,767

## COMMITTEE APPOINTED.

Those Who Will Arrange for the Reunion and Picnic of the Old Soldiers.

Mr. D A Caldwell, chairman of the meeting of the Confederate veterans held at the court house in this city Saturday last, has notified the following ladies and gentlemen that they have been appointed to serve as a committee of arrangements:

Mrs. R S Harris.  
Mrs. R E Gibson.  
Mrs. Paul B Means.  
Mr. Charles McDonald.  
Mr. A B Young.  
Mr. H McNamara.  
Mr. H M Goodman.

The selection of such a committee is an assurance of success.

It is expected and hoped that every veteran and his wife, son and daughter will take a lively interest in the reunion and lend a helping hand.

## Off on a Vacation.

It being the time of year for rest and recreation, the congregation of All Saints' Episcopal church have rendered their pastor a month's leave of absence, and today the Rev. Dr. Davis and his good wife left for Athens, Ga., their old home, where they will visit their children.

The best wishes of our people go with them.

Misses Lillie Wilkinson and Della Sims are absent from Miss Alexander's millinery store, taking their vacation, which will last for several months. Little Miss Zula Patterson is staying there in their stead.

## His Horse Fainted.

One day last week Mr. Daniel Moore, who lives one mile east of the city, had a very funny experience with his horse. He was ploughing and his horse in stopping at the end of a corn row, stepped backward, severly cutting its leg on a scythe that was lying beneath a tree. It was an ugly wound and the blood ran freely from the gash. He led his horse to the house and while instructing a messenger who came for Dr. Griffin, the horse fainted from exhaustion and loss of blood. Mr. Moore gave his horse up as dead, but when he fell the blood ceased to flow and it was only a few minutes until the animal was on its feet grazing in the yard as if nothing unusual had happened.

## It Won't Stick.

Our county board on Monday appointed a full board of township committeemen for No. 12, as in all other townships of the county, appointing the four elected in our last town election and Mr. M H H Caldwell, as the fifth member.

This we presume the board did upon authority of Section 8, which as it bears on this matter is as follows:

"The county board of education of each county on the first Monday of July, 1897, shall divide their county into as many school districts as there are townships in said county, and shall on the said first Monday of July, and biennially, thereafter, elect in each of said school districts five intelligent men," etc., etc., "who shall serve for two years from date of their appointment, as school committeemen in said district," etc.

This seems to give authority to their action, but Section 26 is as follows, "The provisions of this act shall not apply to any public school system operating under special laws or charters."

This seems to settle the matter beyond the sphere of controversy. It is probably a harmless oversight.

## FIRE PROOF VAULTS.

Commissioners Contracted for New Arrangements in the Clerk's Office

The board of county commissioners were in session Monday and today, transacting business pertaining to the necessities and demands of our people and the regular routine work.

The board contracted with B F Smith, representing the St. Louis Art Metal Co., of St. Louis, Mo., for a fire proof vault, to be placed in the office of the clerk of Superior court within ninety days after the next session of court. The new vault will be entirely fire and burglar proof. It will cost the county two thousand, three hundred dollars (\$2,300), to be paid by installments, the last one falling due in 1901. The vaults that are now in use by the clerk are to be removed to the Register of Deeds office without cost to the county.

There is great need of a new or an extra vault in the Register's office and this move on the part of the board is a wise one, if the county is able to foot the bill.

## University Summer School.

The Summer School of the University is beginning to be regarded as one of the State's most useful institutions. If character of work done by the instructors, and earnestness and zeal on the part of the students, mean anything, then this opinion is probably correct.

The day is taken up by regular classroom work in Chemistry, Biology, Mathematics, Pedagogy, Psychology, Child-study, English, History, etc., and the evenings by lectures or by study and social pleasures.

Friday night Prof. Moses delivered a lecture on Tenyson; tonight Prof. Gore will lecture on "Time and Time Reckoning." Next Thursday night Dr. McIver and State Supt. Mebane and others will talk on local taxation. By the way Cabarrus ought to fall in line on the local tax question this summer.

The attendants this year is larger than ever before and every train brings somebody else. Teachers ought to know one another. If the Summer School did nothing more than bring the teachers together, it would be doing a grand work. But it does more than this. The work will tell in our schools in years to come.

The Cabarrusites here are Misses M E Dodson, Laura Leslie and Mary Lewis Harris and Messrs. Holland and Walter Thompson.

## Thanks to Our Friends.

Once in a while there is a period in the editor's life when there is real satisfaction and the poor fellow is still glad he is living. This is one of those periods with THE STANDARD man at half past twelve today, Tuesday, having just returned from dinner made sumptuous with some very fine home produced tomatoes, the complements of Mrs K L Craven and some well preserved sweet potatoes of last year's growth, a kindly expression from Mr. E J Cook. These kind friends have our sincere thanks for expressions of friendly interest and good will.

## Convention Notice.

The Sunday school convention of No. 2 township will meet at Patterson's Mill church. The day is not yet selected. Churches in the township are requested to send choirs to help us to make the day pleasant to visitors. By order of superintendent of the school at Patterson's Mill.
