CONCORD, JULY 7, 1897.

ANOTHER BAD LAW.

Among our fusion reform acts in the last legislature, none the least in unkindness, not to say down right hard heartedness, was the taxing of all legacies. Due provisions are made for all property to bear its share of the burden of taxation, but to meet the needless increase of expenses for running the government, and especially the legislature, in the interests of pie, every device had to be resorted to, even to taking a part of the little legacies left when a family is robbed by death of its main support, the father.

Here is the law:

SCHEDULE C.

"Section 39, The taxes embraced in this schedule shall be listed and paid as specially therein directed, and shall be for the privilege of carrying on the business or performing the acts named.

Section 41, The clerk of the Superior Court in each county shall require every administrator and every executor upon the filing of the annual reports required by law of such administrators or executors to deposit in the office of the clerk to be turned over in ten days to the sheriff or the tax collector of the county, the following taxes: Upon all legacies and inheritances devised or descended to persons in the direct line, two thirds of one per cent, and upon all such legacies and inheritances devised or descending collaterally (save and except such as are for Charitable uses) one and one-half per cent, and no administrator or executor to file his final account unless and until such taxes are paid or discharged."

Two thirds of one per cent is sixty-six and two thirds cents on every one hundred dollars. So if a man is taken from his family and by frugality has saved up say six hundred dollars apiece for his family, the state steps in and takes four dollars of the amount and if the heirs are orphan grand children the State lays its hand on the six hundred and takes up nine dollars of the amount.

Could not heirs unfortunate in the loss of their main stay, be allowed to have the, too often very small amounts, left them instead of being discriminated against and made to bear heavier burdens than would have had to be born for them if death had not invaded the household?

In this again we do not believe that most of those who voted for the law considered well what they were doing, but a reckless grabbing for

all the pie that could be gotten, blinded the eyes probably of fairly good men and through the sophistry of fair speech got the unseemly act passed.

It is nice to be Charitable and it is most admirable to be magnanimous to erring man, but magnanimity is not a virtue when directed toward those who displaced better men in office by all sorts of misrepresentations and false charges and false promises of reform.

We don't care a snap what party is in power so it gives us the best government, but we don't want our party abused, slandered, calumniated and traduced only to make room for men in office who worst almost every law they touch.

"There is retribution in history."

Our sister State of South Carolina is now being swept over by a Senatorial campaign that is demoralizing and contemptible. At Sumter, the starting point, McLaurin opened the campaign with a dignified statesman-like speech, it is said, but his rival ex-Senator Irby, who did not grace the State when he had the office, threw fire brands into the canvass by the most insulting epithets and the direct charges against McLaurin, who resented the thrusts. The scene became extremely sensational, and it is only the beginning. If voters can be induced to sit down on such men as Irby a premium may be placed on statesmanship.

Fifty Years Ago.

This is the cradle in which there grew That thought of a philanthropic brain; A remedy that would make life new For the multitudes that were racked with pain. 'Twas sarsaparilla, as made, you know By Ayer, some 50 years ago.

## Ayer's Sarsaparilla

was in its infancy half a century ago. To-day it doth "bestride the narrow world like a colossus." What is the secret of its power? Its cures! The number of them! The wonder of them! Imitators have followed it from the beginning of its success. They are still behind it. Wearing the only medal granted to sarsaparilla in the World's Fair of 1893, it points proudly to its record. Others imitate the remedy; they can't imitate the records!

# SPECIAL-DRIVE

IN

## GENTS' AND YOUTHS' CUFFS.

At 60 cents per dozen.

\$1.80 Worth for 60 cents.

You make \$1.20 on a dozen pairs while we have to pay for them out of the 60 cents we get. We have our regular per cent on them and are satisfied; for we know the better pleased, the better customer you will be. While we know we could not get any more to sell at this price there is always something being sacrificed for the cash. A week or two ago it was Lawns we bought that would ordinarily do us three years, we put our regular per cent on these goods and the first day we sold nearly 1,000 yards without a line of advertising. The bulk of these goods were swept from our counters in less than a week. In a few days the 51 dozen CUFFS will be swept away. We don't know what the next drive may be. It may be Guitars or it may be Wash Pans.

You may depend on one thing, it will not be a bargain of regular goods at regular prices.

We will save you money on anything. Take the item of Talcum Powder, we sell three (3) cans for 25 cents while you pay 25 cents for the same grade elsewhere.

Ladies Gauze Vests at 4 cents, bleached ones 5 cents. This is not a "ONE DAY ONLY" price but 6 days in the week.

We sell ladies fast Black and Tan Hose that measure 31 inches for 10 cents. These are made of Peeler Cotton, full seamless, 3 thread heel and toe.

We have corsets at 20 to 95 cents. For over 12 months we sold "C. B." Corsets at 85 cents while they were being sold at \$1.00.

Good Machine Thread at 3c, worth as much as any thread.

Very Respectfully.

D. J. BOSTIAN.
