CONCORD, JULY 12 1897.

THE SABBATH DISREGARDED.

We can't conceive of such a thing as a necessity for our Congressional conference committee to sit in session and work on the Sabbath day. Yet such was the case as reported on yesterday. It becomes rather alarming to those who believe that a nation's prosperity is a gift from the Divine Hand, bestowed through wise, obedient and faithful representative heads, when respect for Divine laws is so ruthlessly trampled upon. We know that the Sabbath is for man and not man for the Sabbath, but we do not see that the Sabbath laws have ever been abrogated.

Pulling the ox out of the ditch on the Sabbath is not a violation of the spirit and the intent of the command to keep the Sabbath holy, but what measure of excuse there is, though, for that committee to sit and work on that tariff bill on Sunday is not easily conceived.

The amount of perfidy and debauchery charged upon men in high places is no small cause for alarm, yet, while the Christian Sabbath is held in sacred reverence there is ever an anchor against a hopeless drift to atheism.

Regard for the Sabbath and reform or entire abandonment of political partisan prayers in the opening service of the Senate and House would be somewhat more inspiring for those who realize that "Blessed is that nation whose God is the Lord."

MACHING ON.

The Charlotte Observer's new press is in place and turned out its first issue Sunday morning. It is now a regular 8 page paper, though not greatly enlarged. The new press is capable of printing and folding 5,000 papers per hour.

The Observer merits its apparent prosperity.

NERVOUS Troubles are due to impoverished blood. Hood's Sarsaparilla is the One True Blood Purifier and **NERVE TONIC.**

A letter to Dr. Kilgo contained in the Wilmington Messenger of the 9th, signed T. B. Kingsbury, contains some very cutting reflections, claimed to be provoked by personal attacks by the Trinity president on the venerable editor. It grows out of the fight for and against the State University appropriation. It is a little surprising that this mooted question could not be duly discussed on its merits, without drifting into personalities from which learners can gather no new light, but only a

deeper sense of human depravity from which the Christian religion itself seems to be unable to free us

The Cincinnati Tribune says that a Kentucky man was fined \$25 for kissing a girl once, while another man was fined \$10 for kissing one three times. The presumption is that if the osculatory process is kept up to a satisfactory extent the fine will become naught. As the penalty seems to increase with the diminution of the acts, it follows that the greatest crime would be in not kissing the Kentucky girl at all. If she be pretty and willing the fine could hardly be too severe.

Mr. Julian S Carr offers \$500 to that county in North Carolina which polls the largest per cent of its voters in favor of local taxation for schools. We would be glad to see Cabarrus cast the largest per centage of votes for the taxation if her voters believe that, considering the situation just as it is and not as it might have been, it is the very best thing to do.

New cotton has already appeared on the market, we learn from the A. L. Journal.

Sabbath School Convention.

I. N. PHARR, President

Coleman on the Out.

The announcement recently made that some bicycle manufacturers have decided to cut their list price from \$100 to \$75, created very little surprise in trade circles. As is generally known the demand this year has been for reliable goods listing at prices within the reach of the public, and it has been an open secret that the higher priced makers have endeavored to meet this demand by putting out a combination of a '96 and '97 model, with a '96 name-plate, or thereby have instructed their agents to meet competition by cutting prices.

After.... Taking

a course of Ayer's Pills the system is set in good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into mole-hills, his moroseness gives place to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

Ayer's Cathartic Pills.

RICHARD H. JEFFERSON.

There are some people who are never positive in anything. It is always, "I don't know," or "I guess so." There is a world of such people, and it is refreshing sometimes to hear a person speak as one having convictions, like Mr. Chas. F. Snyder, of Bangor, Pa., who wrote: "I can heartily recommend Simon's Liver Regulator to all who are troubled with dyspepsia or Liver Complaint."

SPECIAL-DRIVE

IN

GENTS' AND YOUTHS' CUFFS.

At 60 cents per dozen.

\$1.80 Worth for 60 cents.

You make \$1.20 on a dozen pairs while we have to pay for them out of the 60 cents we get. We have our regular per cent on them and are satisfied; for we know the better pleased, the better customer you will be. While we know we could not get any more to sell at this price there is always something being sacrificed for the cash. A week or two ago it was Lawns we bought that would ordinarily do us three years, we put our regular per cent on these goods and the first day we sold nearly 1,000 yards without a line of advertising. The bulk of these goods were swept from our counters in less than a week. In a few days the 51 dozen CUFFS will be swept away. We don't know what the next drive may be. It may be Guitars or it may be Wash Pans.

You may depend on one thing, it will not be a bargain of regular goods at regular prices.

We will save you money on anything. Take the item of Talcum Powder, we sell three (3) cans for 25 cents while you pay 25 cents for the same grade elsewhere.

Ladies Gauze Vests at 4 cents, bleached ones 5 cents. This is not a "ONE DAY ONLY" price but 6 days in the week

We sell ladies fast Black and Tan Hose that measure 31 inches for 10 cents. These are made of Peeler Cotton, full seamless, 3 thread heel and toe.

We have corsets at 20 to 95 cents. For over 12 months we sold "C. B." Corsets at 85 cents while they were being sold at \$1.00.

Good Machine Thread at 3c, worth as much as any thread.

Very Respectfully.

D. J. BOSTIAN.
