NEW DISCOVERIES.

Rich Finds in Stanly County—The Ore of a High Grade—A Local Company Taking Out the Precious Stuff—A General Stir.

There is considerable excitement in and around the little village of Gladstone in Stanly county.

Several days ago some gold miners were prospecting on the lands of Mrs. Clara Parker when they discovered some ore glittering with the yellow stuff.

The prospectors then went to work in earnest and opened up a two-foot vein which is said to be richer than any recent discovery in Stanly county.

Northern capitalists have already visited the mine and have offered quite a large sum for the property.

A local company is working the mine at present.

At New London a new discovery was made Wednesday when fifty dollars worth of the precious stuff was taken out by two men in one day.

These discoveries have caused a general stir in gold mining circles throughout Stanly county.

Captured at Last.

From the Salisbury papers we learn that a negro named Tom Shedrick, who had been sent to the penitentiary for seven years for highway robbery, and who had made his escape from the Phosphate mines near Wilmington, was captured near the Yadkin river. Blood-hounds had been on his trail immediately after his escape, but he now says "that he run through mud and swam creeks until I knew they couldn't catch me." He was taken back to Raleigh and again landed in the penitentiary.

It Was All a Joke.

The article that has been going the rounds for several days stating that one of the Dukes of the American Tobacco Company was caught shooting martins at South Orange, N. J., and fined \$25 for each bird proves to be a hoax so far as the North Carolina Dukes are concerned. It seems to be a joke played on the game warden by some boys. When the man William Duke was caught shooting the birds, the report was started by the boys that he was one of the Dukes of the firm of the American Tobacco Company, as they wanted to have some fun with the game warden, and they had it. The warden thought he had big game and he made a great ado about it.—Durham Sun.

He Would Make a Good One.

From the Salisbury World we learn that Mr. J. Lawson Klutz, Jr., of that city and the manager of the University foot ball team for next year, will make an effort to persuade Mr. Austin, Stanly county's young giant, to enter the University this fall. Mr. Austin is not only the tallest, being 6 feet and 9 inches, but probably the strongest man in this part of the State. He can shoulder and carry a bale of cotton with ease.

A traveling evangelist in the West has an assistant stationed outside his meeting places, and every time he brings down a fresh sinner he signals to this man, who reads up a sky-rocket.

THE CHAIN GANG.

Pleased With Their New Rock-Crusher—Making Improvements on the Road.

The new rock-crusher and roller that was purchased by the county some weeks ago has been taken out to the chain gang, which is stationed at the farm of Brown Bros., on the road leading to Harrisburg.

Mr. Pink Deal, one of the county commissioners, and who is spending some time overseeing the rock-crusher, tells us that it proves entirely satisfactory. The crusher gives out three grades of rock, the largest being a little larger than ones fist and the smallest being not much larger than coarse sand. A distributor is connected with the crusher so that each grade is kept entirely separate from the other. Mr. Deal, on the part of the commissioners, is having bins made for each grade and will then fix to each one a chute in order that it will take only a few minutes to load it on the wagons.

The new roller has also been used and is all right. The scraper which belongs to our town, and which was purchased several years ago, is also being used.

Quite a number of the members of the gang are being discharged, their time being out. Two were released Thursday, five on Friday and two today. Mr. John Starnes, a young white man who has served a sentence of 18 months for slandering a young girl, will be released this evening. In regard to Mr. Starnes, the following is what one of the officers said:

"I don't know what we'll do for some one to tend to the stock when John leaves, as he tended to them so well."

Mr. Rufus Krimminger, who has been serving quite a while on the gang, will be released next Saturday. Mr. Krimminger tends to the cocking department on the gang, and his services will be greatly missed.

To one visiting the gang, it certainly seems business-like and every one seems to know his work, making everything look systematic.

Notice.

There will be a regular communication of Stokes Lodge, No. 32 A. F. & A. M., for instructions in the third degree on next Tuesday evening at 8 o'clock.

All members are expected to be present.

WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J. H. Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Bilious Fever, Constipation, Headache, Dyspepsia, and all disorders arising from a Diseased Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z on wrapper, and by our name, is the only medicine called Simmons Liver Regulator.
