WHOLE NO. 1,87

DIED ON THE TRACK.

The "Dutchman" Blew Out and the Boiler Lost Its Steam and Water—No 37 Delayed for an Hour.

Just as No. 37, the southbound vestibule pulled up to the station this morning at 9:28, the "dutchman," which is underneath the fire box on an engine, blew out, letting out all the steam and water that was in the boiler, causing a delay of about an hour. Immediately after the accident happened a message was sent to Spencer, from where an engine was sent to carry the train on to its destination. No one was hurt, but the track all around the engine was flooded.

GROCERS.

Just the Size of It.

Butler and Russell see that their hold upon the people, and therefore upon office, is about gone. Their only game is to do some daring deed which they may turn to their personal advantage. They want to form a party, the platform of which will be "death to the railroads." They expect to live upon the prejudices which they hope to arouse in the people against railroads and other corporations. Failing to make the railroad commission, which is composed of men of some spirit and independence, prostitute their offices to aid them, these designing demagogues want to remove the two Wilsons and appoint two sticks in their places whom they can use to their personal advantage.—Sampson Democrat.

A London grocer who has made \$50,000,000 in the past twenty years says printer's ink and advertising in the newspapers did it. Hon. John Wanamaker, of Philadelphia, says he owes his success to the newspapers. We are not writing this as a hint to anybody, but then we like to see people do well and get rich.—Wilmington Star.

Furniture and Horses.

Some horses can be bought for \$5 others will cost \$100, any difference. So with Furniture. Ours is the Standard. We get more for our goods. Why? It costs more to make them, they are better, they last, they give satisfaction, insuring comfort. Customers see these points and are willing to buy a good horse. We have just bought two car loads of furniture, each weighing from 12,000 to 15,000 pounds. Does this mean anything? Why of course, when freight rates on small shipments are as high as \$3.49 per hundred pounds. We wish to please our customers, therefore we carry all grades of furniture. Hat racks from 10c. to 5 00, 7 00, 8 00 to 25 00. Rockers from 40c. 75c, 1 00, 1 25, 2 00, to 10 00. Parlor suits Silk and Plush from 15 00, 20 00, 25 00, 35 00 to 50 00. Ward Robes 5 00, 7 00, 8 00, 10 00 to 30 00. We have over 100 bed room suits from 8 50, 12. 00, 18.00 20 00, 25.00, 65 00 to 100. Over 2000 chairs from 40c. 50c. 75c. 1 00 to 10.00, 12.00. Extension tables 3.00, 5.00, 7.00, 8.00 to 25.00. We do not say we will sell you goods as cheap, but less. Why? Because we have the inside track, though we are not as swift as Star Pointer, who paces a mile in 1.59, but we mean business, i. e. to sell goods and a "heap of 'em." We do our own work, therefore we discount all bills. Store open from 6 30 a. m. to 8 30 p. m.

Yours respectfully,

Bell, Harris & Co.
