The county commissioners are in session today on work carried over from Monday. The following road supervisors have been appointed for the ensuing year:

- No. 1—S F Harris.
- No. 2—J McCaldwell.
- No. 3—G C Goodman.

- No. 11—Asa Blackwelder.

It was ordered that Tax Collector John A Sims be present at the October meeting for final settlement.

Cora Barnhardt, a negro woman of No. 3 township, was admitted to the county home.

Messrs Smiley Andrews and Davis Brumley were appointed a committee to inspect the Coddle creek bridge on Beatty's Ford road and report in person at the next regular meeting as to the workmanship, number of feet of lumber used and the reasonable value of the work.

Other business of importance was transacted, in regard to the changing of township lines in Nos. 1, 2 and 3 townships.

To Build Mr. Durham a Home.

Mr. R L McAllister, of Mt. Pleasant, spent today (Tuesday) in the city. He is on his way to Bessemer City, where he goes to superintend the making of brick and the construction of an elegant residence for Mr. and Mrs. S J Durham, which is to be built by Contractor R A Brown. Mr. McAllister will be there for about three months.

Yellow Fever Scare.

Great excitement prevails on our Southern coasts over yellow fever that has made its appearance at Ocean Springs and Biloxi on the coast of the Mississippi. Only a few cases positively identified have been found.

A 13-year-old boy, Gilpi, returned from Ocean Springs to his home in New Orleans and died. An epidemic, or rather an endemic, called dengue, prevails throughout the region.

It is mild, but as yellow fever has sprung up right in the midst of it, much excitement prevails, though the health officers are not much alarmed and feel sure that they will be able to stamp it out.

All the surrounding cities are quarantined against Ocean Springs and Biloxi and baggage, etc., are being fumigated.

The lateness of the season too renders the danger much less that there will be any great scourge. Yellow fever can't exist when the weather gets cool.

The very thought though of yellow fever brings back the scourge of 1878 when the country to its extreme limits was racked with sympathetic anxiety at the terrible ravages the malady made on our gulf coasts.

STREET WORK.

Mayor Crowell Has a Force at Work on West Depot Street.

While there is great room for complaint on account of bad streets, there is little or no money in the town's treasury with which to carry on the much needed work. Despite this great hindrance, however, Mayor Crowell, has a large force of hands working on Depot street, digging up the macadam and preparing the broken rock for a good rolling. When the present bed is sprinkled with gravel and the rolling process is applied, Concord will doubtless be blessed with better streets.

It is hoped that Mayor Crowell will continue the work until all the principal streets have undergone necessary overhauling.

Funeral of Mrs. Bost.

The funeral over the remains of Mrs. Soph-a Bost took place at Cold Springs church this (Tuesday) morning, the service being conducted by the Rev. W P McGee, of this city. Rev. McGee was accompanied back to town by Mr. C D Robbins, the son of the deceased lady.

What Does it Mean?

Something has gone wrong with the fish in Buffalo creek. We are told that at the ford on the road below the Fenix mill all kinds of fish, from an eel 18 inches long down to minnows, could be seen floating, lifeless, down the stream this morning.

It would be interesting to know the cause of the disaster among the finny tribes, but altogether more important yet to the angling tribe to know a panacea, lest their occupation suffer from lack of protection.

Furniture and Horses.

Some horses can be bought for \$5 others will cost \$100, any difference. So with Furniture. Ours is the Standard. We get more for our goods. Why? It costs more to make them, they are better, they last, they give satisfaction, insuring comfort. Customers see these points and are willing to buy a good horse. We have just bought two car loads of furniture, each weighing from 13,000 to 15,000 pounds. Does this mean anything? Why of course, when freight rates on small shipments are as high as \$2.49 per hundred pounds. We wish to please our customers, therefore we carry all grades of furniture. Hat racks from 10c. to 5 00, 7 00, 8 00 to 25 00. Rockers from 40c. 75c, 1 00, 1 25, 2 00, to 10 00. Parlor suits Silk and Plush from 15 00, 20 00, 25 00, 35 00 to 50 00. Ward Robes 5 00, 7 00, 8 00, 10 00 to 30 00. We have over 100 bed room suits from 8 50, 12.00, 18.00, 20 00, 25.00, 35 00 to 100. Over 2000 chairs from 40c. 50c. 75c. 1.00 to 10.00, 12.00. Extension tables 3.00, 5 00, 7.00, 8.00 to 25.00. We do not say we will sell you goods as cheap, but less. Why? Because we have the inside track, though we are not as swift as Star Pointer, who paces a mile in 1.59, but we mean business, i. e. to sell goods and a "heap of 'em." We do our own work, therefore we dis-count all bills. Store open from 8.30 a. m. to 8.30 p. m.

Yours respectfully,

Bell, Harris & Co.
