FOREST HILL NEWS.

A Mistake—Lawn Party Successful—A Collision.

Miss Lona Russell, of Charlotte, is visiting at Mr. H. T. Utley's, on North Church street.

There came near being a collision in this end of the city this morning when one of the town fathers locked Dr. J. W. Harrington, through mistake, in the lock-up. Mr. W. A. Warner soon happened to pass and released the gentleman, and what happened after his release will never be told.

Master Jessie Shealy, son of Mr. and Mrs. W. P. Shealy, of Stanly, has bought Arthur Odell's donkey, which he advertised in THE STANDARD a few days ago.

Mr. A. J. Whitmore came in from Salisbury this morning.

Mr. E. W. Freeze returned yesterday, after a week's vacation with home folks.

Mr. Klutz, the photographer, has returned from Enochville, where he has been doing some work for the school boys.

The lawn party given by Mrs. H. M. Barrow, lady manager of the Forest Hill Juvenile Missionary society, last evening, was a success and the little people had a nice time.

As Mr. C. S. Barrett was coming up street Thursday night on his wheel he was run into by a young man who was riding at a rapid rate and as Mr. Barrett turned to the right the young man turned to the left and the result was Mr. Barrett's front wheel was torn to pieces.

NOTE OF WARNING.

New York Full of Imported Hats and Bewildering Millinery Goods—The Standard's Letter.

New York City, Sept. 16, '97.—Millinery is indeed beautiful this season, and New York is so full of the loveliest imported hats. It is quite bewildering when one tries to attend Wanamaker's, Koon's, Robinson's and a half dozen other "swell" openings in a day.

I shall be home soon with an exquisite line of patterns. On exhibition about October 15th.

Respectfully,

NANNIE S. ALEXANDER.

A Pretty Job.

Mr. E. J. Correll is truly an artist. He has just completed the painting of Brown Bros. omnibus, the body and running works of which is a dark bronze. The panels are green, trimmed in silver and gold scrolls. On each side of the transfer a beautiful landscape is painted, and we will venture to say that Mr. Correll has few equals and no superiors at welding the brush. The job is a pretty one and Mr. Correll is to be congratulated on his success as an artist. The bus will be run out some time during next week.

Stop drugging yourself with quack nostrums or "cures." Get a well-known pharmaceutical remedy that will do the work. Catarrh and cold in the head will not cause suffering if Ely's Cream Balm is used. Druggists will supply 10c. trial size or 50c. full size. We mail it.

ELY BROTHERS,

56 Warren St.,
New York City.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, pastor of Central Presbyterian church, Helena, Mont.

SERIOUS SHOOTING AFFAIR.

Bloody Scene in No. 6 Township—Atlas Forest Shoots Sidney Shadd for Throwing Rocks at His House—Shadd May Die.

A bloody shooting affair occurred in No. 6 township, near the Fisher gold mines, about 10 o'clock Thursday night, last.

Atlas Forest, a negro, lives on Wiley Klutz's place and Sidney Shadd, who worked at the mine, boarded with him.

After supper several negroes congregated at Forest's house for a "game" (what kind we were unable to learn) and after sporting for some time the Shadd negro began cursing and cutting up at a terrible rate, and was ordered out of the house.

Shadd went into the yard and began chunking rocks at the house. Forest says he warned Shadd to leave the premises, but the fellow was stubborn and attempted to hit him with a rock, whereupon he leveled upon him with his gun and emptied the contents of one barrel into the left side of Shadd, the lead taking effect just below the heart.

This, of course, broke up the "game."

Shadd was taken to a nearby house, where Dr. Barleyson was called to attend him. The negro is said to be in a precarious condition and may die from the effects of his wound.

Forrest was arrested and brought to jail Friday, to await trial at next term of court. Forest talks freely of the shooting and claims that he did it in self defense.

A Government Distillery.

The only whiskey distillery in Cabarrus county will be started within a few days in No. 9 township. W. D. Rheinhardt, of that township, has everything now in readiness to start up and will operate one of the largest government distilleries in this section.

Headquarters at Morris House.

Deputy Collector J. C. Horton, who was transferred from the fifth division to this, the eighth, to succeed Mr. R. S. Harris, was in the city Friday. He will make Concord headquarters and will stop at the Morris hotel. Mr. Horton is now off on a trip to Stanly and Union counties. He is highly pleased with Concord and her people.

A Test for the Faith Cure—Fry Iron Yellow Fever.

A gentleman from High Point says Evangelist Fife is a firm believer in the faith cure, which has grown considerably in popularity within the past year or two. There are several people in Greensboro who place great store by it and honestly believe in it. No doubt there is something in it, but to put all doubts at an end, let Mr. Fife take his man, go down South in the yellow fever districts and show its merits.

If he can put an end to the epidemic, or what it is feared will grow into an epidemic, his fortune will not only be made, but his cure will be accepted at once and forever.

Here is a great chance to achieve fame and do an immense amount of good.

Robert P. Porter estimates that by the year 2000 the population of this country will amount to 385,860,000. Those who think the country is already overpopulated with 75,000,000 may derive some comfort from the reflection that they will all be dead by that time.—Ex.

Justice in Jail.

Populist leader and fusion Justice of the peace, W. R. Hartsell, Sr., of Locust, was sentenced to six months imprisonment in jail by Judge Hoel Wednesday on a verdict, guilty of fornication and adultery. This seems to us very righteous judgment and we would suggest that it is in the province of the court and his commission as Justice of the Peace ought to be taken from him so that when he is liberated he may not continue to administer Justice among citizens of the county in his way.—Stanly Enterprise.
