CONCORD, SEPT. 25 1897.

When the new telephone line is complete, it is hoped that persons will not attempt to break the ring-up.

Wilberforce College, in Ohio, has a Zulu student who is preparing himself for the work of enlightening his countrymen.

A man may be struck by a woman's beauty, and yet not be seriously injured, unless she happens to be a wheelwoman.

A boy named Rushworth, who died in Lancaster, England, from a kick received in a game of foot-ball, is the first victim of this season.

Cabarrus county may not be represented at the Good Roads Congress to be held in Tennessee, but from all indications at present, she will surely have good roads.

As there is a hearse in town that can be used free of charge, on condition, it is no special inducement for a man to die, but there is consolation in it for the poorer classes. Now if the energetic undertakers will inaugurate some scheme to get the grave-diggers to work free of charge, a poor man can die more easy.

The Southern railway should show its appreciation of the patronage it receives at this point by furnishing a more commodious freight depot. On rainy days goods are packed in the small warehouse and the merchants are delayed in getting them. More room is needed at the passenger station, also. When the cold weather comes on standing room will be at a premium.

### A Cat in the Choir.

Saturday night as the choir of a certain church were waiting to begin practice in the basement of the sacred building a poor, lonely little black-and-white cat was seen wandering around in that portion of the basement where shadows fell. The sexton opened the doors and to accelerate the movements of the creature went near it and exclaimed, "Shoo! Scat!" He now wishes he had left it alone, for he has since had to bury his clothes, whilst the choir was sadly broken up, one lady fainting, another declaring she'd been poisoned whilst all soon after had to leave for home; at least that is how it was told to an Advance man today. It is perhaps well to add that the demure little black-and-white kitten was a pole cat.—Lynchburg Advance.

### NORTH CAROLINA AT LARGE.

The Baptists of Wadesboro have purchased a lot and are building a 2-story brick house. Wadesboro has no high school at present.

More persons have been sentenced to death in this State during the past few months than has been the case in years. There have been two executions in less than thirty days and three are now under the sentence of death.

The negroes are rising politically in Elenton. Saturday night in solemn convulse they resolved to cut loose from Republican apron strings and be their own men and their own party. They denounce Harry Skinner out of reach.

Mr. R B Smith, our popular court-crier, has a mark in the centre of his forehead made a few days ago by a large squirrel shot. He was out shooting at one on an old hard Spanish oak limb, one of the shot rebounded and struck him in the forehead, but his head being harder than the shot no serious damage was done.—Chatham Record.

### Yellow Fever in the South.

Summary of yellow fever in the South shows the status of affairs in the following:

A dispatch from Horner, Tertron & Co., of New Orleans, urging an investigation by Surgeon General Wyman, of suspicious fever at Galveston, Houston, Dallas and San Antonio, says that all Texas is threatened. Mobile reports three new cases and four deaths, among the latter Father Murray; to date 41 cases, 6 deaths, 19 discharged, 16 under treatment. New Orleans three deaths, seven new cases; 100 to date, death rate 15 per cent. At Edwards there are 29 new cases, total to date, 133 Jackson is closed against the return of refugees in the North.

### Iredell's Santer Appears Near Mooresville.

The Mooresville Record of this week contains the following: The much dreaded Santer of north Iredell is, it seems, traveling south, probably hunting winter quarters. On Back Creek, two miles east of Mooresville, on the lands of T N Seele while his tenant hands were engaged in pulling fodder in bottom land near a much traveled path, made by negroes passing to and from Mooresville through the farm, they saw an indescribable animal. So far as they could see it was black and white with a long shaggy mane projecting over its forehead. It ran from them at first, then stood and growled and made an unearthly sound. They thought it was about the size of a yearling calf. It is beyond doubt a dangerous and ferocious beast and very likely of a carnivorous species. However, the negroes could find no tracks.

### Will be Busy Monday.

Five parties who have been employed at the Cabarrus cotton mill in this city, have brought suit against the mill concerning wages and the cases will come up in Justice C A Pitts' court Monday. The Squire expects a busy day.

Fair and warmer tonight and tomorrow, says the forecast.

### WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J. H. Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Bilious Fever, Constipation, Headache, Dyspepsia, and all disorders arising from a Diseased Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z in wrapper, and by our name, is the only medicine called Simmons Liver Regulator.
