

17 MILES IN OPERATION.

The Durham and Charlotte Railroad is Being Rapidly Built.

Raleigh News and Observer: "Seventeen miles of the Durham and Charlotte Railroad," said Maj Guthrie yesterday, have been completed and are now in operation, while six miles more are under contract. A corps of civil engineers—eleven in number—is now surveying the line from Gulf to Durham. They are today between Pittsboro and Haw River. It is a trial survey and the line runs within a half mile of Pittsboro. Two hundred haads and about fifty teams are grading the road bed. Most of this work is being done by farmers living along the line."

Maj. Guthrie is one of the moving spirits in the building of this railroad. He got the charter through the Legislature, helped organize the company, which is composed principally of Philadelphia capitalists, and has been general counsel for the road ever since it has been in existence. Its construction means much for the rich agricultural and mineral section of the State through which it runs.

Yellow Fever News.

The yellow fever cases increase in New Orleans with the return of warmer weather, but the death rate decreases. Up to date, says Prof Metz, there have been 177 cases and 21 deaths with 38 discharged as well and a hopeful view is taken of the 118 cases still on hand. Three new cases and two deaths are reported at Mobile.

At Edwards, Miss, 168 cases, including the mayor, have been reported and only 6 deaths, yet much uneasiness is suffered.

At Baloxi there were 17 new cases and one death Monday.

At Scranton there were two new cases and one death.

At Ocean Springs no new cases of deaths are reported.

The mails are thoroughly fumigated and quarantine is rigid.

Sweet News.

The sugar beet experiments this year have been such as to encourage the hope, especially in the South that this will be a profitable industry in the near future.

Was Growing Worse

Liver and Stomach Troubles—Too Weak to Work—Now Able to Do All Her Housework.

"I was under the care of a physician for two years and he was treating me for stomach and liver troubles and female difficulties, but I only grew worse under his treatment. I was so weak I could do hardly any work. I was at last induced to try Hood's Sarsaparilla and Hood's Pills and these medicines have done me so much good that I now weigh 112 pounds and am able to do all my housework. I firmly believe I should have been in my grave today if it had not been for Hood's Sarsaparilla. My little girl was afflicted with phthisis. I gave her Hood's Sarsaparilla and it has relieved her." Mrs. R. S. HARPER, 701 University Avenue, Knoxville, Tennessee.

Refused to Separate.

At Alton, Ill., there is trouble about the city schools. Arrangements have been made to accommodate the colored people in separate schools from the whites but the negroes refuse to accept the situation and demand entrance with the white children. Litigation will probably follow.

A Village Ablaze.

Elk Park, a little town near Cranberry, had a fire Monday that consumed much of the business part. The loss is estimated at \$15,000 with about \$2,500 insurance. Only a still atmosphere enabled the heroic fire-fighters, which included many women, to save a part of the town.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. and \$1.00 per bottle at Fetzer's Drug store.

Papers Combined.

W J Todd, editor of the Times, which has heretofore been published at Statesville, tells us that paper and the "Cotton Boll," of Concord, have been consolidated. No name has yet been selected for the consolidated paper. It will be published at Concord.—Salisbury Sun.

Thinks Cuba's Freedom Near.

Gen. Emilio Nunes, of the Cuban Junta, says the Cubans are in good condition and that Spain will soon begin to withdraw her troops and blame the United States for her failure to subdue the Island. He says there is no trouble to get a filibustering boat through after it leaves our shores. Spain's gunboats can't catch our slowest boats.
