of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made-cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver and kidney troubles, catarrh and malaria. Such Cures as This Prove Merit.

"My little nephew was a plump and healthy baby until a year and a half old, then sores broke out behind his ears and spread rapidly over his head, hands and body. A physician said the trouble was scrofula humor in the blood. The child became one complete sore. We had to restrain his hands to keep him from scratching the sores. We were induced to try Hood's Sarsaparilla, and in a short time he had more life. He improved rapidly, his skin became entirely clear of sores and he is now a healthy child." MRS. FLORENCE ANDREWS, Clearfield, lows.
