CONCORD, N. C., FRIDAY OCTOBER 22 1897

WHOLE No.—1030

CONCORD TELEPHONE.

Everything in Readiness But the Poles—Two Ladies Will Attend to the Office in the Bank Building—Elegant Southern Made Furniture and Fixtures.

The Concord Telephone Company has received every necessary fixture for the line soon to be operated, except the poles, which will arrive some time next week. The poles will be placed and the line in working order by the 10th of November.

The office is in the rear end of the National Bank building, the room formerly occupied by Dr. D G Caldwell. The furniture and fixtures are all of Southern make, having been manufactured at Sumter, S. C.

The switchboard will be attended by two young ladies, day and night alternately.

This local enterprise promises to be a success, as the company has eighty subscribers already, with good prospects for many more.

Did You Feel It?

Quite a number of our citizens were awakened by a severe earthquake shock about 11 o'clock Thursday night.

Mr. Elam King had retired, but hearing the peculiar noise and feeling that irrepressible sensation, he got out of bed and searched the house, thinking he would catch a burglar.

Dr. Sam Montgomery and Mr. R P Benson say they felt two distinct shocks. And there are others who felt the vibrations.

The Minstrels.

The young men of the city will meet one night next week for the purpose of organizing a minstrel troupe, and will give entertainments for the benefit of the baseball boys in order to have ready funds next season with which to equip themselves with pretty uniforms.

We bespeak for the minstrels good houses.

Jury Could Not Agree.

The famous Luetgert trial, which occupied nine weeks of the court's time in Chicago, will all be done over again. After sitting on the case for three days, the jury could not agree. Nine of the men were in favor of breaking the sausage maker's neck, while three stood for acquittal. The defense will apply for bond for the accused man in the sum of \$15,000.

Do You Wonder.

"Tell me, where does it hurt you, Charlie?" said a sympathizing relative, to a certain young boy of the city.

"Where would it hurt you, cousin Betty," groaned the small boy, as he lay down upon the lounge, "if you had been handling those green chestnuts all day?"

Will Wear Caps.

The new policemen, Messrs Bost and Penninger, will in a few days don the regulation police cap. They will not bear the number, however.

Yellow Fever Germs

breed in the bowels. Kill them and you are safe from the awful disease. Cascarets destroy the germs throughout the system and make it impossible for new ones to form. Cascarets are the only reliable safeguard for young and old against Yellow Jack. 10c, 25c, and 50c, all druggists.

WILL BUILD A SHIP.

Juveniles will Try Their Hands at Central Methodist Church To-Night. The Entertainment Free.

The children of the Juvenile Missionary Societies of Central and Forest Hill Methodist churches will give one of the grandest entertainments ever presented to the citizens at Central church tonight, when they will build a ship. It is a novelty and quite a new feature. Everybody is invited to be present and witness the work of the children. No admission fee will be charged, but a collection will be taken.

The entertainment will be reproduced at Forest Hill church tomorrow night.

The bell will ring at 7 o'clock, and the programme will begin at 7:30.

A BIG SIDING.

A Large Force of Hands and Twenty-One Mules Working on the Switch Extension.

One of the longest side-tracks on the line of the Southern railway will be the one extending from the railroad bridge at Buffalo creek to 1,400 feet beyond the Buffalo thread mills.

Mr. J S Howe arrived in the city Thursday night with a large force of hands and twenty-one big mules and began work on grading and building the extension this (Friday) morning.

Mecklenburg Cotton Continues to Come.

A long train of wagons loaded with cotton, rolled into the city Thursday night about 9 o'clock. It was from Sharon township, some distance beyond Charlotte. There were seventy bales in the lot, some of which brought more than 6 cents. After loading their wagons with merchandise purchased from our bustling business men and leaving several hundred dollars in the city, the good old farmers of our mother county, went their way rejoicing, singing hosannas to Mecklenburg's offspring and praises to her people.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from the first dose, and half a dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Fetzler's Drug Store.

Prof. Lewis to Lecture.

Superintendent E B Lewis, of the city graded schools, will lecture to the young people on "Christian Work," at the Baptist church Sunday night. His subject is a good one and he will no doubt have a large audience.

Yellow Jack Killed.

Cascarets Candy Cathartic kills Yellow Jack wherever they find him. No one who takes Cascarets regularly and systematically is in danger from the dreadful disease. Cascarets kill Yellow fever germs in the bowels and prevent new ones from breeding. 10c., 25c. and 50c. all druggists.
