### A GUN GOES OFF,

But Fortunately No One Was Hurt—The Boy Hides Himself.

This (Tuesday) morning a little after 7 o'clock the people about the stores were surprised to hear the crack of a gun, which sounded as if it was about G. Haber's beef market. In a few minutes there was a crowd gathered around, but no one could find where the shot originated. But after making a thorough investigation, Master Robert Græver, together with his dog, was found back in one corner behind the counter. The little fellow had been tinkering with a breech-loading gun that had been left there this morning by a young man. He was so scared that one could not get any information from him.

### For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup" and take no other kind.

State #167-50.

Some parties stole \$167.50 from the house of Mr. Lewis Everhart, of New London, Saturday night. George Sides and his son, Eugene, have been arrested on suspicion. Eugene has been sleeping in the house from which the money was stolen. Salisbury Sun.

This George Sides and son, Eugene, have lived in our town. Mr. George Sides was confined in our county jail on the charge of selling whiskey, but the grand jury failed to find a true bill against him. As for his son, Eugene, he has also been confined in our jail for drunkenness. THE STANDARD has no regrets that this family has moved from our midst.

### Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's new discovery is the only thing that cures my cough, and it is the best seller I have." J. P. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for consumption, coughs and colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Fetzer's Drug store.

### Street Parade Wednesday.

Prof. Gentry's famous dog and pony show, which will exhibit in the city under a tent Wednesday afternoon and night is said to be the best show of the kind that travels, and is far in advance of anything of the kind ever seen in this city. The 100 or more dogs and ponies which by the way are famous for both their beauty and intelligence will all appear in the street parade, which will be given Wednesday noon. All the little folks should be on hand to see the animals in their parade dress. The prices of admission are children 15 cents and adults 25 cents.

### TOWN FATHERS MEET.

Regular Routine of Business—Fire Limit Talk Over—Street Work Being Pushed.

The city fathers met Monday night in the town hall, that being their regular night. The regular routine work was transacted, after which a few things were done of interest to some of our people.

Mr. John W. Propst, who contemplates building a dwelling house back of Mr. Wm. Propst's dwelling, which will face church street, was let out of the fire limit.

The commissioners also declared that the fire limit question would not be discussed any more during this administration.

It was also ordered that the work on West Depot street be pushed as much as possible before the streets become so bad.

### A Snake Potato.

Charlie Long, colored, of No. 11 township, showed us a sweet potato freak Monday that is not the least of curiosities. It closely resembles a serpent coiled around, almost in a perfect bunch, the head in striking position, and the tail standing erect from the middle of the coil. It is not the property of THE STANDARD, as we are not so snaky as the Hickory Mercury man seems to think.

### Six Bales on Six Acres.

"Mr. D. R. Purser," says the Monroe Enquirer, "made six bales of cotton off of six acres of land this year."

Injustice—"I always believe in giving the devil his dues," said the young man who affects odd methods of thought.

"Yes," replied his tailor, "but I don't think you have any business discriminating against your other creditors in his favor."—Washington Star.

### WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J. H. Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Bilious Fever, Constipation, Headache, Dyspepsia, and all disorders arising from a Diseased Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z on wrapper, and by our name, is the only medicine called Simmons Liver Regulator. J. H. ZEILIN & CO.

Washington, Nov. 1.—The new congressional library, which has been in course of construction for the past six years, was opened to the public today. There were no ceremonies of any kind. All the departments, with the exception of those devoted to the fine arts and music, are ready for public use. The automatic arrangements for the delivery and return of books worked satisfactorily. About 350,000 volumes are now on the shelves of the library, many of the books not having as yet been removed from the capital building, in which the old library was located.
