CONCORD, N. C. FRIDAY DECEMBER 24 1897

Whole No.—

FAITHFULLY REWARDED

By Captain Odell—Class Entertainment—Holiday Orators at Forest Hill.

Mrs. H C Raimer gave her Sunday school class an entertainment at her home on North church street last night. Mrs. Raimer had offered a prize to the scholar for the best attendance during the year, which was won by little Miss Glenn Ross. Mr. Raimer gave all her scholars a pleasant time and they all went home happy.

Mr. A G Hancock and three children, of Stanley, are visiting at his brothers, Mr. N J Hancock's.

Mr. Craig Ross, of New London, who has been visiting his brother, W J Ross, returned home Thursday, accompanied by his brother, Jasper Ross, who will spend the holidays with his parents at that place.

Mr. and Mrs. H M Barrow and children have gone to Lewisburg, where they will spend the holidays with Mr. Barrow's parents.

Machinist F B Haydeck has been quite sick with grippe this week, but we are glad to note his improvement.

Captain J M Odell rewards the faithful this (Friday) morning by giving the following employes who have been in his employ continuously for twenty years, a \$5.00 dollar gold piece. They are as follows: J M Raimer, H C Raimer, Miss Clarissa Raimer, Miss Sarah Deaton, J H Kzzian, C M Suther, M R Alexander. There are seven in number and all own their own homes, which proves conclusively that the rewards go to the faithful. These presents were given by Captain Odell from his private funds and he deserves much credit, showing what great interest he feels in his employes. May Mr. Odell and those whom he so kindly remembered live to see another twenty years roll by.

The Banquet of the I. O. O. F's.

The banquet of the I. O. O. F's in the old club room Thursday night was quite an enjoyable occasion. It was largely attended, there being about 500 present, and it is amazing what oysters and other various good things were invisible when that large crowd had dispersed.

The seats were quite insufficient in the hall but the jolly assembly mingled in picnic style and the hours flitted away ere the rattling flow of converse was ready to stay.

It is rather mysterious to us that this splendid band of fraternal and their wives and daughters will go to so much trouble and expense yearly just to see a crowd of people talk and eat. To say the least it must come from the principle that it is more blessed to give than to receive. The writer is one of the large number that was quite content with the less blessed part of receiving, especially that plate of oysters of superior grade both in material and cookery. If thankfulness on the part of recipients is the only return expected for such self denying kindness we tender payment in full. A band of musicians set the notes of even the most sedate, probably, to twitching in harmony with the rhythm, while there was a visible swaying among those who can "tip the light fantastic toe."

When the I. O. O. F's announce a feast we know what's coming. Long live the Odd Fellows!

Thousands of sufferers from Lame Back and Weak Kidneys rise up and call it blessed. It is the medicine for women.
