ATTEMPTED TRESPASS.

A Negro Tried to Enter the Morris Hardware Wednesday Night.

Wednesday night about 1 o'clock Nightwatchman Johnson heard a noise about the Morris Hardware store and on investigation he found a negro standing at the back door. Mr. Johnson soon arrested him, and found that the large glass had been broken, and it is natural to suppose that he intended going in. He was taken to jail and tried this (Thursday) morning before E. Q. Hill for forcible trespass and found guilty. His name is Jim Smith.

In default of a \$200 bond he was taken back to jail to await trial at next term of court.

When arrested he was found to have four cakes of soap, a lot of safety pins and about two boxes of loose matches in his pockets. Probably something farther will develop later about these articles.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your stomach be disordered, you have a dispeptic look; if your kidneys be affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at P. B. Fetzer's Drug store.

Our Pleasing Beauties.

We are sorely in need of several degrees of superlatives in expressing the beauty of the calendars that have made our office cheery with their superb combinations of pleasing artistic touches.

The Equitable Life Insurance Company has a three fold card noted already in these columns.

Dr. D. D. Johnston gave us a large single card calendar good enough indeed, even more so, for it has three pretty girls on it.

The New Orleans Coffee Company treats us to a tripple card full of little bouncing girls of the kissing size all rigged in and surrounded by ribbons and wreaths, scrolls, bright skies and landscapes.

Consumption Positively Cured.

Mr. R. R. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottle at P. B. Fetzer's Drug store.

A Card.

We, as a special committee, of Stokes Lodge, No. 32, A. F. & A. M., take pleasure in thanking the good and generous people of Concord for their liberal contribution given us for the benefit of Oxford Orphan Asylum.

PERFECT and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy, life and health-giving **BLOOD.**

DON'T FORGET

To Be at the Supper Friday Night.

The Ladies' Aid Society of Central Methodist church will entertain you Friday night in the Litaker building, as stated in THE STANDARD yesterday. The following is the menu.

Oysters fried and stewed, with crackers, celery, and coffee, 10 to 25 cents. Lunches of stuffed eggs, ham sandwiches, pickles and coffee, 15 cents.

Go with an appetite and you will come away without one.

Around the Depot.

Wednesday evening as the baking powder train was pulling out of the yard, Policeman Bost spied a man on the rods under one of the cars, and called for him to come out, but the train was going too fast for him to get off. A month or two ago, when the other baking powder train came through, it will be remembered, three men were taken off. It seems that they have a mania for these trains.

A gentleman got on the train Wednesday night with his friend, and did not intend to go off. Before he hardly knew it, the train had pulled out, and he saw that it was running too fast to get off, so he pulled the bell cord, which of course stopped the train at once. Before it had hardly stopped he was off and gone.

A Change in Agents.

As was noted in Wednesday's STANDARD, Mr. Tom White, who has for the past while been employed at the Morris Hardware, will now canvass in the interest of the Farmers' Mutual Fire Insurance Association. We congratulate most heartily this organization for procuring one so well known in the county as Mr. White, but at the same time we are sorry to lose Messrs. Palmer & McQueen, who have been in our county for some time past, and who have gained many friends throughout the county while transacting this business.

Has a Snake and a Devil.

The Columbia Register has a snake as well as a "devil." It comes about this way. The Stanley Museum exhibited in Columbia last summer. A boa constructor thirteen feet long weighing 86 pounds, escaped. People thought the ado of the company was only an advertising scheme and paid little attention to it. Tuesday the negro janitor went into the cellar about replenishing the fires when he ran upon his snakeship, which he mistook for "Old Nic" himself. By a successful effort with chloroform, muscle and no little courage, he was captured and put into a barrel. He got out again and again he was confined.

Nobody knows where the Stanley Company is and the snake is kept in the department of the "devil."

Coal at Kings Mountain.

A special to the Observer says that the Kings Mountain people are helped up over the find of some fine specimens of anthracite coal that experts say contain 95 per cent carbon. Indications at several places promise profitable developments.

GREAT SALES prove the great merit of Hood's Sarsaparilla. Hood's Sarsaparilla sells because it accomplishes **GREAT CURES.**

Miss Frances Willard Ill.

Janesville, Wis., Jan. 3.—Frances E. Willard, president of the National W. O. T. U., fainted at the close of her lecture on "A White Life for Two," which she delivered in the Congregational Church.

A physician was summoned, but it was some time before she recovered sufficiently to be removed to the home of her cousin, Willard Robinson.

The church was packed to the doors and hundreds were turned away. The church was exceedingly close, and it was noticed that Miss Willard was making a painful effort to speak. She suddenly brought her talk to an abrupt close and left the platform, fainting as she reached the ante-room.

Her secretary, Miss Gordon, said that Miss Willard has been ill for several days, but had kept up for this talk to the people of Janesville, among whom her girlhood was spent. At the home of her cousin it is said that she is resting easily.
