## EDISON'S PROJECTOSCOPE

Coming to Our City on the Nights of February 7th and 8th.

Mr. Arthur L. Butts will be in our city next Monday and Tuesday nights with Edison's latest invention, the projectoscope. It will be under the management of Mr. Butts, but he gives his entertainment here for the benefit of the Ladies Aid Society of the Methodist church.

This is the newest, latest and best entertainment before the people, producing animated life pictures, moving as in life and never fails to please and astonish everybody who sees it.

You can not afford to miss seeing the Black Diamond Express running at the rate of 70 miles per hour, seen in the distance—and to see the people dodge when it comes down on the audience. You will also see an exciting race of the New York Fire Department.

Remember it is for the benefit of the Ladies Aid Society of the Methodist church of this city, and the admission fee is only 10 cents. Don't fail to go.

## The Greatest Discovery Yet.

W. M. Repine, editor Tuskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at P. B. Fetzler's drug store.

## The Last Mule Trade on Record.

We have heard of mules selling for fifty cents on time to persons whose credit was worthless, but the last trade comes to us now, where a poor mule's ears would not stand up but would lie down all the time. In order that the owner might trade the mule to some one, he put rubber bands on the ears, but so placed them that they could not be detected. His purpose was carried out, and in the trade he got a splendid looking beast. But alas! for the other man, for the poor mule's ears are now almost cut off by the rubber bands, and to take them off makes the matter still worse. This is an actual happening in our county and more will result from it later, we hope.

## Drunk and Disorderly.

A negro named Pink Makeupson was arraigned before Mayor Crowell this (Tuesday) morning for being drunk and disorderly Monday evening around the depot. When Policeman Bost was bringing him up town that evening, he took a notion that he would free himself, and took a little chase up Spring street. He was caught again, however, and lodged in jail until this morning. He was fined \$3.85, which he succeeded in paying and was released.

If that disappointed young man in Atlanta who deserted his wife because their first child happened to be a girl were to read up on the new theory of controlling the sex of children, he might return home and hope for better luck next time.—Davidson Dispatch.

## The Rolling Exposition.

The City of Charlotte, or the North Carolina Rolling Exposition kept its doors open until after 10 o'clock Monday night. Though Monday was a very disagreeable day to go about, still Messrs. Moore & Ramseur, in a private conversation with a STANDARD reporter, said they did exceedingly well, and that there was some persons in the car almost all of the time.

We were through the private apartments of the car and one could hardly think that the car could be so handily arranged. We find that it contains a nice business office, equipped with a large sofa, which can be converted into two fine berths, while there is also a regular Pullman booth in the same room. The car is heated by pipes from a regular heating furnace, and also has a cooking stove and nicely equipped kitchen. They also have a nicely equipped toilet room, which has both hot and cold water pipes in it.

Both Mr. Ramseur and Mr. Moore are ex-conductors on passenger trains, Mr. Moore having given up the position of General Superintendent of a railway division before taking this position.

This car was built in Wilmington, Delaware, and all of the advertisements painted on it before it was sent to this State. The painting alone cost \$1,800, but all of it is under a guarantee of five years. As quite a number remember, some mischievous boy scratched one side of the car considerably, at Marion, when the car was there. The boy was caught and released with only slight punishment, but Capt. Moore informs us that they will very probably enter suit again: his father for damages, as they claim it will cost every bit of \$500 to replace the painting, as the painter says he can fix it only by scraping off the entire painting.

After the car was brought to Raleigh it took them just six weeks to arrange the displays in the car.

The car is now winding its way towards Newbern, where it will be on exhibit at the Fish and Oyster Fair on the first of March. From this State they go on North and expect to reach the home of the car by the first of June.

The whole cost of this car, including its building, the displays, the paintings, etc., amounted to about \$20,000.

## A Card of Thanks.

The Ladies Aid Society of St. James Lutheran church return sincere thanks to all friends who assisted in any way in the Supper and Concert recently given. Among many others who aided, they wish to make special, honorable mention of Lippards & Barrier, Bell Harris & Co., Dr. Gibson and the German Club for special favors.

## Come See Our Living Tarantula.

While a box of oranges was being opened today (Tuesday) at Messrs. Swink & White's, a living tarantula was found. It is an accession to our stock of curios and can be seen by calling.

## The Concert and the Ice Cream too.

The Concert at Caton's Hall Monday night was very much interfered with by the unavoidable absence of some important actors. Some performances at least should be noted. Mrs. Schaaf fully sustained the reputation that preceded her. The tones that she brought out in her solo were exquisite and rare, indicating enviable natural gifts with skillful training. It was a treat. The recitation, too, was very pleasing. The sweet tiny way in which little Miss Zila Patterson sang, "Ita Back Baby," afforded much pleasure, though her voice was too weak for every word to be heard. Miss Cravan was strongly cheered. She bore her part well. The double quartette was very satisfactory, having several voices conspicuously good. Mr. Yorke's gramophone added very much to the program.

The concert was something of a disappointment to its getters up, of course.

The first night it was rained out, then it suffered an unavoidable break for want of the hall, and finally it might be said to have been blizzarded out, but anyhow we enjoyed it and the ice cream too.

## TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents.

## Something New Under the Sun.

There is a man in the jail here in Greensboro charged with the extraordinary crime of stealing a hay stack. This he actually did, making three loads and carrying the stack completely away. He lives only a few miles south of town.—Greensboro Daily Record.

## A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has Lame Back and Weak Kidneys, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the Liver and Kidneys, it is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at P. B. Fetzler's Drug Store.

A PERFECT SHOE

For the little ones, that is made as near the shape of the foot as is possible to adapt it, and composed of superior leather, is what we keep for the boys and girls at all times. Our boys' shoes will outwear any shoe made, and at the same time is flexible, stylish and handsome.
