## ARM TAKEN OFF.

**Other Happenings Around Crescent as Gathered By Our Reporter There.**

Crescent, Feb. 1, '98.—We have been having winter weather since Sunday. We were indeed glad to see the beautiful white snow.

Saturday while Dr. McNairy was burning some broom sage (the wind being very strong) his fire got the better hand of him and of course left him, but by hard work of his family and neighbors it was subdued before any damage was done.

Profs. Lyerly and Brown attended the Teachers' Association in Salisbury Saturday.

Rev. McNairy filled Rev. Lyerly's pulpit at St. Luke and Bethany last Sunday.

Mr. Monroe Stirewalt will move in his new residence this week.

James Holschouser was in our "burg" Sunday evening.

We pity the rabbits this week, for they will be thinned out considerably over the snow.

Drs. McNairy, Coleman, Long and Brown amputated the arm of Mrs. John Barger Monday, which was the result of erysipelas. Mrs. Barger is doing very well with her arm.

Messrs. John Holschouser and Will Miller passed through our "burg" Friday on the hunt of cattle.

Rev. Hedrick will possibly preach his last sermon at Lower S one next Sunday.

## The Greatest Discovery Yet.

W M Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at P B Fetzler's drug store.

## The Ground Hog Saw His Shadow.

Well, this (Feb 2nd) is ground hog day, and the legend goes that he comes out of his burrow on this day. If it be clear and sunny he scares at his shadow and retreats to his hole and remains for six weeks before he emerges again to announce that winter is over. But if it be cloudy on this day he does not see his own shadow or anything so ugly, and remains out, a living announcement that winter is over and spring is here.

According to ground hog language we are to have six weeks more of winter. We are ready to accept the announcement in good faith and keep our collar well up over our ears.

## MORE HAPPENINGS

**That Happen to Drop from Our Editor Over There.**

Mt. Pleasant, Feb. 1, '98.—Mr. W S Hartsell, who has been quite low with tonsillitis, is much better.

Mr. John H Long, who was called to the "measly" bedside of his son Hoyl, who is in school here, has returned to his home.

Our old friend Madison Furr and Mrs. Will Honeycutt will be united in the holy bonds of matrimony in the near future. We are unable to learn the exact dates. If we were sure Madison would not fool us we would have congratulated him, but we will wait till the knot is tied.

There is now an assistant postmaster at this place. The name is yet unknown, as we hardly suppose the parents have decided on this matter yet.

## The Chickens Arrived Safe.

Mr. Geo. W Means received a letter from Chihuahua, Mexico, this (Wednesday) morning stating that the thirty one chickens which he shipped had arrived at that place safe.

Mr. Means is doing quite an extensive chicken business these days, having sold \$177 worth in the month of January, and also received a \$7 order this morning. At this rate it would come very near paying Mr. Means to put more of his time to looking after chickens than after Uncle Sam's whiskey stamps.

## A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has Lame Back and Weak Kidneys, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the Liver and Kidneys, it is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at P B Fetzler's Drug Store.

## Tribute to the Bereaved.

Mr. J L Peck and family extend through THE STANDARD their recognition of much sympathetic kindness from neighbors and friends in their recent sore affliction in the untimely death of their son and brother on Friday, January 21st.

The circumstances are briefly as follows: Mr. Lewis E Peck was working at the Tenhour mine near Gold Hill. He had been placed in charge of a certain department. He was alone and was probably in the act of oiling a box when leaning over a set screw, caught his clothes with the terrible consequences already told in the newspapers.

Mr. J W Lentz was charged with the ordeal of breaking the news to the unsuspecting family, while others took charge of the corpse and arrived at home with it late at night.

Only those who know the depths of a mother's love can depict the grief of the bereaved mother, who received every attention and ministrations from kind friends.

The family desire to make special mention of the kind interest shown by Dr. Wood and Capt. Viele, who bore the expenses of burial and otherwise expressed their mutual grief and deep sympathy.

## TO CURE A COLD IN ONE DAY

Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents.

## Sunny South Colony.

Mr. Jas. W Wilson, business manager of the Farm, Field and Fireside, Chicago, and promoter of the Sunny South Colony at Chadbourne, was here yesterday with a number of new recruits for the colony. He was accompanied by Mr. D H Harnley, editor of the Planter's and Truckers' Journal, who has been to his former home in Illinois to spend Christmas. The party were stopping at the Bonitz House, and left on the 4 o'clock train for Chadbourne. The prospectors will be back here in a week or so, most of them on their way home to get their effects and come South to live.

The colony is growing rapidly. The inducements that are offered are such that the Western farmers cannot resist them. The climate is good, so is the soil, and the price of land is very considerably lower than in the thickly settled portions of the country from which the colonists came.—Morning Star.

The Air of Distinction

Which attaches to a well dressed woman costs nothing. It is simply a matter of good taste and the right dry goods store.

This is the right store—the very latest styles touch elbows with the very lowest prices here.

We have lots of things here now that ought to interest the careful buyer.

Winter goods that we are going to close out at less than cost of making.

We have a few Ladies' Jackets that we will sell at a sacrifice. The rough part of the winter is to come yet, too. There'll be more days between this and spring when you'll need good warm clothing than there has been since winter set in.

## Cannon & Fetzer Company.

A PERFECT SHOE

For the little ones, that is made as near the shape of the foot as is possible to adapt it, and composed of superior leather, is what we keep for the boys and girls at all times. Our boys' shoes will outwear any shoe made, and at the same time is flexible, stylish and handsome.

Come in and SEE US! Dry & Miller.

## Don't Come

## a Running.
