Vol. XL—No. 244

CONCORD, N. C. FRIDAY, MARCH 4 1898

WHOLE No 1144

NO FRESH DEVELOPMENTS.

A Few Bodies Recovered—Relief Flowing in For Suffering Cubans and for the Maine Victims or Their Families.

Bodies are still being found in the Maine, but the progress is slow. The court of inquiry will go back and renew their work at Havana. An officer let drop the remark that the court is not entirely dependent upon the divers for evidence. The Philadelphia times had a dispatch a few days ago to the effect that the Maine shewed that the explosion was from within. No official news, though, has been received.

The relief supplies for Cuba are coming in by car loads. The State Department has had notice from the relief committees at New York that there were shipped on March 1st to Cuba 100,000 pounds of supplies; on the 2nd to Havana 75,000 pounds; on the 3rd 100,000 pounds to Matanzas and 100,000 pounds to Sagua la Grande. In these shipments 500,000 grains of quinine were included except in Havana.

The Maine relief fund under Mrs. Long's management reached Thursday \$3 113. President Dole, of Hawaii, sent a check for \$500.

After years of untold suffering from piles, B W Pursell, of Kuttersville, Pa., was cured by using a single box of DeWitt's Witch Hazel Salve. Skin diseases such as eczema, rash, pimples and obstinate sores are readily cured by this famous remedy.—Gibson's Drug Store.

Forest Hill News.

Mr. Clarence Digs and Miss Vannie Gibson both of Forest Hill, were married Thursday night by Rev. J Simpson.

The little 2 year old boy of Mr. and Mrs. J D Freeze, while playing around the fire, was seriously if not fatally burned Thursday evening. Not much hopes for its recovery is entertained.

Household Gods.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free trial bottles at Fetzter's Drug Store. Regular size 50c and \$1.

Will be Launched on the 26th.

The battleships Kearsage and Kentucky are to be launched on the 26th of this month at Newport News, and are expected to be ready for service in ten months. The report that an order exists to hurry them up is emphatically denied. They are the largest ever built for the United States navy.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. and \$1.00 per bottle at Fetzter's Drug store.

No Postoffice News Yet.

Mr. Geo. L Patterson has returned from Washington City, where he went in regard to the change in our postoffice, which change will be made soon. Mr. Patterson informs us that his name has been recommended by Senator Pritchard. This is quite an inducement in the matter and will prove of great advantage to Mr. Patterson.

It is very indefinite when a decision will be made in regard to the matter as it has to go through quite a number of hands, though as soon as the matter is decided the news will be heralded here.

Owing to the fact that Senator Pritchard has recommended him, which is a strong pull in his favor, and on account of some other reasons, which we fortunately know, THE STANDARD makes the prediction that Mr. Geo. L Patterson will be our next postmaster.

Don't annoy others by your coughing, and risk your life by neglecting a cold. One Minute Cough Cure cures coughs, colds, croup, grippe and all throats and lung troubles.—Gibson's Drug Store.

A Long Trip for Chickens.

Our chicken man, Mr. Geo. W Means, shipped away twenty-nine more fine game chickens Thursday. They go to a place in Mexico called Jesus Maria and we are informed by Mr. Garah Caldwell, the express man, that the chickens will have somewhat of a long and tiresome trip. They are taken by express to Chihuahua, Mexico, and then go 100 miles on mule back and 200 miles on a stage line, which lands them at Jesus Maria.

On the same day he also shipped a small lot to Rock Island, Illinois. This certainly shows that Mr. Means has a reputation for raising fine chickens.

What pleasure is there in life with a headache, constipation and biliousness? Thousands experience them who could become perfectly healthy by using DeWitt's Little Early Riser, the famous little pills.—Gibson's Drug Store.

War With Spain.

The idea of war has run so high that the sewing machine agents are becoming greatly animated with the spirit of fighting, as the youngest member of the order is extremely anxious to enlist at once. Even the older members are exchanging sewing machines for guns and pistols, preparatory for war. It is rumored that a few days ago another member of that order decided to roughly equip himself and prepare for war.

He sold a sixty-dollar sewing machine for a \$20.00 pup, \$10.00 single barrel shot gun and a \$10.00 Waterbury watch, giving the party a good long time to pay the remaining \$20 in other negotiable commodities. The above parties are all White and are also Singers.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents.

The penitentiary authorities are to be congratulated that they have secured the designation of the Raleigh penitentiary as the place for the imprisonment of Southern men convicted in the Federal court. Heretofore they have been sent to Columbus, O, or to Albany, N. Y., and the change of climate has in some instances been attended with serious results to the prisoners. For years Atlanta has been urging the establishment of a Southern Federal prison and a bill locating such a prison at Atlanta passed one house of Congress about eight years ago.

Attorney General Griggs's order requiring Federal judges to sentence prisoners to the Raleigh penitentiary is a tentative movement that if properly met may cause Raleigh to secure the location of the Federal prison. It would bring a large number of well paid employes to the city and add to its business in every direction. We have no doubt that the penitentiary authorities, assisted by Col. Boyd and our representatives in Congress will be alive to the importance of such permanent location.

As an inducement to secure the Southern Federal prison in Raleigh, it would be a capital idea for the State to sell the large, commodious and handsome State prison, now to be used jointly by the State and Federal governments, to the Federal government for their exclusive use. The radical change in the management of our convicts, using them on the public roads and on the State farms, makes so large a prison an elephant on our hands. If it could be sold, and money received used to pay for the farms that are now leased, it would put the penitentiary in a better shape. Why not sell the prison in Raleigh?—News and Observer.

For over Fifty Years
