CONCORD, MARCH 12, 1898

Shouted for Cuba in Church.

The Third Baptist church, one of the most fashionable in Atlanta, was the scene tonight of remarkable enthusiasm for Cuba.

Dr. L. G. Broughton, formerly of Virginia, preached at the church for the first time tonight, and the edifice was filled by a throng attracted by his reputation for eloquence. He selected Cuba for his topic. The preacher reached his climax when he shouted:

"This carnage in Cuba has gone on long enough."

At these words the congregation rose to its feet, and Dr. Broughton added:

"Let American manhood vindicate itself."

Shouts and cries of "We will, we will," and demands for war were heard. The men sprang on the seats and waved hats and handkerchiefs.

The minister stood dumbfounded at the spectacle before him and shook hands mechanically with the shouting men who pressed around him. When the people had been sufficiently quieted to permit his voice to be heard, Dr. Broughton said:

"Let us begin the work tonight by collecting money for Cuba."

The suggestion met with a ready response.—Atlanta Ga., Dispatch 6th, inst.

It is a singular fact that Chairman Jones' letter is clad in such terms that it becomes a grave question whether it does not lead encouragement to fusion. The plain practical Democrats ask the question and the editors can give no satisfactory answer save that the State Democratic Executive Committee in endorsing it said it did not mean fusion.

Governor Leedy, of Nebraska, gets altogether hot under the collar at Justice Harlan's opinion on the maximum freight rate case. The untempered language is about like the fashion. He would have the people believe that we have an awfully corrupt Supreme Court of the United States. If you can't get very high in public office you have one resort: Abuse those who can.

Senator Proctor, who has spent two weeks in Cuba, reports in a most complimentary manner Miss Barton's relief work on the island. It is said that 55,000 persons have died of starvation on the island during last year.

Children and adults tortured by burns, scalds, injuries, eczema or skin diseases may secure instant relief by using DeWitt's Witch Hazel Salve. It is the great Pile remedy.—Gibson's Drug Store.

What About the Weather?

Every day that question is wafted about on the breeze, now heard here and then there; but it is hard to answer, especially in March, when the weather is so changable, one day being hot enough to scorch a herring, and the next, as it rips a body up the back, cold enough to make a position between two fires just moderately comfortable.

No, siree, it won't do to prognosticate about the weather during the month of March, as your prognostications are liable to melt and run down like a candle one day, and the next they are just as liable to float off on a cake of ice. These are hot and cold days alternately, and, if you don't want to be caught lying, you had better not prognosticate until March has taken a back seat.

Death of Gen'l Rosecrans.

Los Angeles, Cal., March 11.—General W. S. Rosecrans died this morning at 7 o'clock, at his home near Redondo. The old warrior's death was peaceful in the extreme. At the bedside when the end came were a son and daughter of the general, Carl and Anna Rosecrans, and a number of intimate friends of the family, beside the attending physician, Dr. Hayes.

General Rosecrans was stricken with no particular disease, and the end came through a general weakening of the system. The third child, a daughter, now Mrs. O. Toole, is at Helena, Mont., where she and her husband live.

General Rosecrans was possessed of a fine property and his last days were spent in peace and plenty.

Arrangements are being made to have a public funeral, in which all the military bodies of this city and section will participate. A request will be made to have the body lie in state in the city hall until the funeral. The body is now in this city.

Don't Read This Article.

If you have no love for your family don't read this. If you have no care for providing for a future for your loved ones be certain not to read this.

The Carolina Benevolent Association is promoting a means of providing a comfortable future not only for your family but for yourself as well. If you buy a certificate of insurance with this company it guarantees the payment of \$1,000 at death and \$500 upon the satisfactory proof of disability such as the loss of one hand or one foot or both eyes, and \$250 in case you arrive at the age of 65 and elect to surrender your policy. It offers the most perfect indemnity and is the cheapest life insurance company in the country.

Why? Because it gives you protection at the actual mortality cost of a healthy locality and the smallest expense element of any company in this country. If you don't believe it is solvent and safe, reflect that Capt. S. B. Alexander is the chairman of the board of directors who manage and control it, that Capt. S. A. Ashe is the secretary and treasurer and that he handles all the funds and is under a \$25,000 bond, and that ex-Chief Justice James E. Shepherd is the legal adviser. These men are not in the habit of lending their efforts and influence to a scheme or game of chance, or a trap for the unwary.

Ex-Governor Boies, of Iowa, has positively declined a Democratic nomination to Congress on the ground that he is not in sympathy with the Chicago platform.

The Lyceum.

The Lyceum met in its new quarters Friday night. Nothing of public interest was engaged in except the debate of the question, Resolved, That North Carolina should have an educational qualification for voting, which was gained by the affirmative side.

The question for next Friday night is Resolved, That the conservatism of the United States Government in the Maine disaster impairs our national dignity. Rev. McCullough is the debater on the affirmative and Attorney M. B. Stickley on the negative. They will each choose an assistant debater.

A thrill of terror is experienced when a brassy cough of croup sounds through the house at night. But the terror soon changes to relief after One Minute Cough Cure has been administered. Safe and harmless for children.—Gibson's Drug Store.
