The Amazonas Changes Flags—Two More Bodies Found.

Every day adds one to the number spent in inquiry and suspense on the situation. As the Vesuvius was sighted approaching Washington City Friday the rumor went the rounds that the committee's report was aboard, but not so, and we must wait.

There is no abatement to the energy in getting ready.

Some idea of the activity in naval circles is given by the statement that the pay roll of the construction department, only one of several departments in the Mare Island navy yard, for March, was \$80,000. This great expenditure per month, it is said, was not equalled during the late war.

The battleship Amazonas, lately purchased from Brazil, took down the Brazilian flag and erected the stars and stripes Friday at Gravesend, England. The ceremony was simple but impressive.

The committee is said to be busily at work (though the jumping conclusionists cannot comprehend it) and may not be ready for some time. The divers are still at work, and two bodies were found Friday.

Don't annoy others by your coughing, and risk your life by neglecting a cold. One Minute Cough Cure cures coughs, colds, croup, grippe and all throat and lung troubles.—Gibson's Drug Store.

PUBLIC MEETING

To Be Given Next Friday Night By the Lyceum in Their Hall.

The Lyceum met in their hall Friday night and debated the question, Resolved, That the conservatism of the United States government in the Maine disaster impairs our national dignity. The affirmative was upheld by Messrs. Hurley and Duval and the negative by Dr. Johnson and Attorney Stickley. The decision of the judges was rendered in favor of the negative. An essay on "Human Sagacity of Circumspection" was read by Dr. Her-ring.

It was decided that they have a public meeting next Friday night in their hall. The question for debate will be Resolved, That more knowledge is to be obtained from reading than by observation.

What pleasure is there in life with a headache, constipation and biliousness? Thousands experience them who could become perfectly healthy by using DeWitt's Little Early Risers the famous little pills.—Gibson's Drug Store.

Another Salisbury Marrying Couple.

For some time we have not been visited by couples from Salisbury who wished to make two hearts beat as one, but on Friday night another one of the couples hailing from Spencer went to Register Weddington's residence on South Main street and asked for license. After consulting with Register Weddington, and owing to the fact that it would be some trouble to get a minister yet that night, they would postpone the marriage until morning. But the temptation to marry was too great, it seems, as they left on the south-bound train for Charlotte. We failed to learn the name of the bride, but the "to be" groom was Mr. Tom Craton, of Spencer.

Dr. Hume's Lecture.

For some weeks it has been known that Dr. Thomas Hume, of the University of North Carolina, had promised to lecture under the auspices of the Christian Reid Book Club. Friday evening the hall at the Graded School building, which had been tastefully decorated for the occasion, was filled with an audience made up of the Christian Reid, the Julia Magruder and the Alhambra Book Clubs, together with other guests of the first named organization, although on account of the limited space not all were invited whose presence was desired.

The speaker was introduced by Mr. Holland Thompson and he proceeded to a discussion of the Arthurian Legends of the Round Table, with especial reference to Tennyson's treatment of them. Dr. Hume's reputation as a master of forceful, elegant English did not suffer on account of his effort last evening. He is so thoroughly in love with the subject that his thoughts and words were impressive, particularly in regard to the search for the Holy Gail in faraway places, while the great treasure lies at the door.

We think the thanks of the community are due to the Christian Reid Club for having given this literary treat, and congratulate the members upon the success of the first lecture of their course. T.

Whooping cough is the most distressing malady; but its duration can be cut short by the use of One Minute Cough Cure, which is also the best known remedy for croup and all lung and bronchial troubles.—Gibson's Drug Store.

Julia Magruder Club Meets.

Contributed.

The fifth meeting of the Julia Magruder club was held at the home of Mrs. R E Gibson. On account of inclement weather the club met on Wednesday instead of Tuesday, the regular day. The author under discussion was Paul Leicester Ford—his life and works. Mrs. Gibson served a most beautiful "violet luncheon," and altho' the delightful occasion is indelibly engraven upon our memories our charming hostess wished it also engraven upon our hearts, so she presented each one of her guests with lovely little heartshaped book mark containing a picture of Miss Magruder. The occasion was one of the most enjoyable of the Club's season.

After years of untold suffering from piles, B W Pursell, of Knit-nersville, Pa., was cured by using a single box of DeWitt's Witch Hazel Salve. Skin diseases such as eczema, rash, pimples and obstinate sores are readily cured by this famous remedy.—Gibson's Drug Store.

A Narrow Escape.

Thankful words written by Mrs. A la E Hart, of Groton, S. D: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at P B Fetzer's drug store.

Regular size 50c. and \$1.00. Guaranteed or price refunded.
