Hanged in Effigy.

The Spanish King, Alphonso XIII, was hanged in effigy in Winston last week. A dummy, representing the Spaniard, was put up on the electric light pole at the Northeast corner of the courthouse square. Chief of Police Teague had the Spaniard cut down next morning. His hat fell off and was picked up by a dog which carried it around the square in its mouth. A Hebrew citizen suggested that the animal was going around trying to take up a collection with which to bury the d— Spaniard.

The officers have no idea who put the dummy on the pole.—Winston Sentinel.

His Family is Somewhat Scattered.

In conversation with Mr. Reuben Christenbury, of No. 2 township, we find that for some family records he can't be beat. He now has four boys in the United States army, the last one having been in nearly three years.

Two of his sons, Monroe and Silas, are stationed at Fortress Monroe, Mack, when last heard from, was in Tampa, Fla., and the other one named Lee is now stationed at a fort above Washington City.

Mr. Christenbury says he hears from each one of his boys every week. Mr. Christenbury boasts of the fact that if he lives until the first of June he will see nine of his sons 21 years of age, and offers to treat any man in the county that can beat that. As for the treat he assures us that it will be the best to eat or drink that the market affords.

Mr. Christenbury also has several other boys scattered about over the face of the earth, and also has four girls. As to the latter's ages we did not ask, though he would have willingly told us.

Even though Mr. Christenbury is nearly 69 years old, he says he will march to the front in this war if he gets a chance.

Discovered By a Woman.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs Luther Lutz. Thus writes W C Hannick & Co., of Shelby, N. C. Trial bottle free at P. B. Fetzer's drug store. Regular size 50c. and \$1.00. Every bottle guaranteed.

The GRAPHOPHONE

The most fascinating invention of the age. Always ready to entertain. It requires no skill to operate it and reproduces the music of bands, orchestras, vocalists or instrumental soloists. There is nothing like it for an evening's entertainment at home or in the social gathering. You can sing or talk to it and it will reproduce immediately and as often as desired, your song or words.

Other so-called talking machines reproduce only records of cut and dried subjects, specially prepared in a laboratory; but the Graphophone is not limited to such performances. On the Graphophone you can easily make and instantly reproduce records of the voice, or any sound. Thus it constantly awakens new interest and its charm is ever fresh. The reproductions are clear and brilliant.

Graphophones are sold for \$10 and up

Manufactured under the patents of Bell, Tainter, Edison and Macdonald. Our establishment is headquarters of the world for Talking Machines and Talking Machine Supplies. Write for catalogue.
