CONCORD, JUNE 16 1898

Did Their Job Well.

By way of ensuring those sons of their fathers and grandsons of their grandfathers, Gen. Lee assigned Maj. Russell Harrison, Maj. Hobart and Lieut. Algernon Sartoris to inspect some car loads of potatoes for the 7th Corps that remained too long in the cars and became offensive. However it is said to the credit of these young men that they did the disagreeable job up well and won the commendation of the General.

Re-Enforced By Cubans.

Washington, June 15.—The Navy Department today posted the following bulletin: "Admiral Sampson reports that he has been re-enforced by several hundred Cubans and that our forces at Guantanamo are in very satisfactory condition. The town of Aguadores has been occupied by the troops under General Rabi. The men under Gen. Garcia are co-operating with the American forces."

A Boy Deserter.

W S Houston, who a few weeks ago went down to Raleigh amid cheers and flags and enthusiasm, was carried back today in handcuffs, a dejected, miserable looking boy. He belonged to Company, "C," 2nd Regiment N. C. Volunteers, had deserted, went home and been caught. He was quite a boy, and very likely had very little idea what he was doing either when he enlisted or when he deserted his post. When asked by a reporter why he left, he said he wasn't half fed.—Greensboro Record.

Original Observations.

The best way to kill a falsehood is to let it lie.
Sin is the torpedo boat destroyer of the soul.
Men of small calibre are sometimes the greatest bores.
The sermon more than an hour long is a clerical error.
Our new bottling works at San Diego seem to be a great success.
The man who looks at everything through money never sees very fair.
Love is the sunshine of the soul, provided you don't keep it bottled up.
A good character is a great battle-ship of defense, when protected by the sure batteries of love and kindness.—Orange (Va.) Observer.

Greenville (Pitt county) had a \$10,000 fire instead of preaching last Sunday morning. Statesville stayed at home and took care of small pox at the same hour, but neither would be willing to exchange with us for our break in the services on Sunday evening of May 29th.

The second expedition to Manila left San Francisco Wednesday. It consisted of 3,500 men.

Smallpox in Iredell.

The disease in and around Statesville that we noted some time since as small pox, has been confirmed as such by Dr. Wertenbaker, the expert. There are eleven cases, all of whom have about recovered save three, and they are not in apparent danger.

No very great alarm is felt though the disease has taken considerable hold. A pest house is being arranged and a rigid quarantine is expected to crush out the disease soon.

The churches were closed last Sunday as a precaution. Strange to say, every case is among the colored people, as we believe, in every other instance in our State since the late presence of the disease.

Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

This is one of the first councils to contribute in this way to the soldiers. The ladies of Salisbury are also serving refreshments for the purpose of raising some money.
