It is said that one of the worst afflictions the rich have to endure is the swarm of sycophants who fawn at their feet and flatter them with the view of getting help. A starling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated as follows: "I was in a most dreadful conition. My skin was almost yellow, eyes sunken, tongue coated, pain contininually in back and sides, no appetite-kept on gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the other victim." No one should fail
