CONCORD, N. C. FRIDAY, JULY 8 1895

WHOLE No 1172

Joint Sunday School Convention.

The joint Sabbath school convention of townships No. 2 and 3, will be held at Gilwood church on Friday, July 29th, at 10 a.m. All of the Sunday schools in the two townships are expected to be present and take part. The following addresses, interspersed with music, will be given:

Address of Welcome by C H Hamilton.

Response by Williamson Morris. Rev C F Rankin—"The object of Sunday school."

Rev. G L Cook—"The importance of the parents as well as the children being in the Sabbath school."

F H Cassidy—"How to interest all in Sabbath school work."

Rev. J F Pharr—"Sabbath observance."

Besides the addresses, the vice-presidents of the two townships will make reports and also the superintendents. There will also be an election of officers and delegates and the selection of a place for the convention.

Every one is cordially invited to attend.

They Have An Armory.

The military company met Thursday night and by a vote of the members the rooms over the Times office, formerly used by the Drum Corps, was decided upon as their armory. There is some complaint on the part of the officers that some of the members who gave in their names so promptly are not attending the drills. At their next business meeting, rules in regard to attendance will be adopted.

It was also decided that the company now meet in their armory on Thursday night of each week.

Capt. Edward Hill Sick.

From War Correspondent Fred Merritt we note that Capt. Edward Hill had an attack of nephritic colic on dress parade Thursday afternoon and had to be removed from the field by an ambulance. A later report says he is resting easier.

The First North Carolina Regiment lacks 183 men yet to finish out their required number. The Goldsboro and Asheville companies have their full number—102.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your Liver, Stomach and Kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at P B Fetzler's drug store, only 50 cents per bottle.

Tarboro Defeated This Time.

Though Tarboro has been looked upon as the champion team of Eastern North Carolina, she fell below Thursday when Wilson crossed bats with them.

Billy Weddington, of this place, did the pitching for Wilson.

The score stood as follows: Wilson—8 runs, 5 hits and 5 errors.

Tarboro—7 runs, 12 hits and 7 errors.

The batteries were Weddington and LeGrand; Petty and Accorini.

NEWS PARAGRAPH.

It is now made public that two expeditions have lately landed arms and supplies to Gen. Gomez. The Spanish vessels are no longer a source of danger and secrecy is not necessary.

Gen. Miles is on his way to Charleston, and will go to Santiago to view the situation, but not to relieve Gen. Shafter.

The Iowa, the Oregon, the Newark, and the Dixie, the Yankee, and the Yosemite are to form the fighting craft of Commodore Watson. Five colliers will accompany them to see to it that coal shall not be lacking.

The Spanish loss in killed in the naval fight is set down at 1,200 men.

It is unofficially reported at Washington that even prominent Spanish officers are deserting at Santiago and it is believed that the place will yet capitulate without another fight. Preparations go on all the same.

A bill was passed in the House of Representatives Thursday to adjourn Congress this (Friday) evening at 2 o'clock. The President urged, however, that the bill to authorize the call for 25,000 colored troops be passed before adjournment. The colored troops are more especially adapted to the climate and are essential.

Gen. Shafter is confronted with 12,000 or 15,000 refugees from Santiago, who rushed out after Gen. Loran, positively refused to surrender the city. It will be next to impossible to avoid great suffering before they can be properly cared for.

Gen. Shafter weighs 312 pounds and rides the biggest horse in the army, weighing 1,500 pounds.

The United States "Are."

The old controversy as to whether the United States "is" or "are" has sprung up again.

Recently the London Times said: "The United States are at war with Spain," whereupon the Cleveland Leader remarks: "There it is again! The same old European ignorance of American institutions. United States is at war with Spain."

Instead of showing "ignorance of American institutions" this instance the London Times is exactly right and the Cleveland Leader dead wrong. The ignorance of American institutions is on our side of the water this time. If the editor of the Leader will take the trouble to refer to the constitution of the United States, section three, article three, he will find the declaration that "treason against the United States shall consist only in levying war against them, or in adhering to their enemies."

The supreme court in its decisions habitually uses the United States as a plural.

The First Bale of Cotton.

The first bale of Texas cotton of the crop of 1895 has been marketed at San Antonio and bought by the Dallas Commercial Club, which paid a premium of \$100 above the auction price, and means to present it to the government, that it may be made into gun cotton for the cruiser Vesuvius. Not often has patriotism been so racy of the soil. There is Texan spontaneity as well as Texan love of freedom in this free offering from her fields. —Monroe Enquirer.

Our Laurels.

All honor to the heroes who on land and sea have brightened every stripe and added new lustre to every star of our flag!

Hats off to Dewey and Sampson and Schley, to Shafter and Lawton and Wheeler and to all the gallant fellows who with them have illustrated American manhood in this struggle!

Loving and lasting remembrance for Bagley and Gibbs and Capron and every one of our soldiers who has fallen in command or in the ranks!

Honor Hobson in his Spanish prison for his deed of appalling daring and Blue for the determination which led him to spy out the land of the enemy with a faith as high as that which inspired the emissaries of Israel as they went down into the valleys of Canaan!

By two blows our navy has almost swept Spain from the seas. On the slopes and heights of Santiago our army displayed the firmness of the Old Guard at Waterloo and the dash of Pickett's men at Gettysburg!

Who is not proud to be an American citizen?

Who is not glad to be of kin by blood and nationality with the men who have stood and fought and suffered and died for our country in this war?

Who is not happy to live under the flag that has been carried in glory to lands upon which its light had never fallen before and hope to hearts long sick and almost despairing under oppression?

The greatness of our country, the valor and virtue of our race have grown upon the minds of men by reason of the unselfish purpose that impelled us to this struggle and the achievements with which we have already enriched its brief annals.

The love of our own people for their whole country has been unified and strengthened and the way to a higher destiny has been laid open to this nation.

God grant that we may walk worthily therein and that with every elevation of our name and every increase of our might may come and live the spirit of a truly noble civilization! —Atlanta Journal.
