Peace Predicted By 15.

WAITING TO HEAR.

Spain Considering the Terms—The Philippines and Further Indemnity to Be Arranged By Peace Commission.

The peace propositions are yet under consideration in Spain. There is no certainty when we shall know the result. In the meantime there will be no letting up of the war movements and it makes the situation the more hopeful that Spain is now aware of her hopeless condition and will not delay very long or be very exacting about terms.

The indications now, however, are that the terms are not so light as at first thought, but are that Cuba is to be abandoned to the United States to be disposed of at will. Porto Rico and adjacent islands, together with the Ladronez, ceded to the United States as part indemnity, Manila to be held by the Americans pending the action of a peace commission to arrange for the permanent disposition of the Philippines and the consideration of further indemnity to the United States.

A dispatch from Paris of August 1st says:

It is announced this afternoon in a dispatch from Madrid to The Temps that it is believed that the Spanish government will accept the terms immediately after the official assent is given to them, and that hostilities will be suspended in the Antilles. In conclusion, the Madrid dispatch says it is the general belief that peace will be an accomplished fact before August 15th.

The Round Cotton Bale.

A sample of the round cotton bale, which has created so much comment among the cotton growers, dealers and manufacturers everywhere, and which its promoters assert, is to revolutionize the ginning and baling of cotton, will soon be put on exhibition in Charlotte.

M A Parker, of Raleigh, is the agent of the American Cotton Company in North Carolina, and he will probably be in Charlotte soon to explain the process to our local ginners and cotton dealers.

The bale is 35 inches high, 22 inches in diameter and weighs 270 pounds. The public, as well as cotton men, are much interested in this process, which is destined to play such an important part in the cotton business. This process dispenses with the ties and bagging, excludes oxygen from the bale, making it non-combustible, precludes the possibility of waste, saves car or ship room and does away with compress and commission charges. In one box car 166 of these cylindrical bales, with a total weight of 72,226 pounds have been packed, while 25 square 800 pound bales will fill the same car. The Raleigh Times says:

This process for baling will be used first in North Carolina this year. The process is now in use in Texas and other states, but Major James W Wilson is the first man in this state to have the machinery for cylindrical bales annexed to his gin at Weldon. —Charlotte News.

LYDIA BAKKE DEAD.

She Passes Suddenly Away of Heart Failure.

We are sorry to chronicle the death of Miss Lydia Bakke whose illness THE STANDARD has noted on several occasions.

The decease took her bed six weeks ago and at several times bright hopes were entertained for her recovery, but relapses came and this (Tuesday) morning at 10 o'clock very suddenly and unexpectedly she passed away in death from heart failure.

On the 19th day of July, 1896, the interesting and only daughter shared with her father the loss of her mother. Since then she was developing into promising womanhood. She was very interesting to her teachers for the high grades in her studies. To her father she was all that earth could furnish in immediate family ties. We would have rejoiced to see her restored to health.

Rev. Dan, of Concordia College, Conover, N. C., who two years ago performed the sad funeral rites over the remains of her mother, it is expected, will be here to preach the funeral at 2 o'clock Wednesday evening in Grace church of which she was a confirmed member when the body will be laid to rest temporarily in the city cemetery.

Lydia Inadia Theresa Bakke was born in New Orleans, La., on Feb. 13, 1881. She was therefore seventeen and a half years old. Our sympathies are tendered the bereaved father.

PORTO RICANS GLAD.

A Beautiful Proclamation By the Authorities of Yauco.

All goes smoothly as war can go on the Island of Porto Rico. The authorities of Yauco issued the following official proclamation:

"Citizens: Today the citizens of Porto Rico assist in one of their most beautiful feasts. The sun of America shines upon our mountains and valleys this day of July, 1898. It is a day of glorious remembrance for each son of this beloved isle, because for the first time there waves over us the flag of the Stars, planted in the name of the government of the United States of America, by the major general of the American army, Senor Miles.

Porto Ricans: We are by the miraculous intervention of the God of the just given back to the bosom of our mother America, in whose waters nature placed us as a people of America. To her we are given back in the name of her government by General Miles, and we must send our most expressive salutation of generous affection through our conduct towards the valiant troops, represented by distinguished officers, and commanded by the illustrious General Miles.

"Citizens! Long live the government of the United States of America! Hail to their valiant troops! Hail Porto Rico, always American!"

Some trouble is expected at Aibonito, 35 miles north of Ponce, where Spanish outrages are reported.

Gen. Henry's troops have probably arrived before now and Gen. Coppinger is ordered from Tampa at once to join Gen. Miles.

BASE BALL TOMORROW.

Harrisburg's Giants and Concord's Kids Fight Tomorrow Evening.

The Harrisburg Giants will arrive in the city tomorrow morning accompanied by a large delegation of "rooters."

A good game is expected as the Giants have been victorious in every battle so far, but the "Schley Kids" will start the ball rolling and no doubt will keep it up until the close of the game.

With Keesler, the left hand twirler who won so many games for the Roo-teanna team, and Billy Caldwell, who won laurels for the Enochville "Rough and Ready," the "Kids" need have no fear.

The line up for the "Kids" is as follows:

Aubrey Hoover, cf
Will Gibson, rf
Bob Keesler, p
Noah Correll, 2b
C F Howland, ss
Billy Caldwell, c
Jno. Wadsworth, lf
Will Montgomery, lb
Hardy Lantz, 3b.
Subs. Richmond, His'op and Young.

The general admission will be 10 cents while 15 cents will admit you to the grand stand.

A Chance for a Pleasant Outing.

An excursion will be run from Concord to Wilmington, leaving at 5:30 Friday morning. There will be ample time for excursions to the forts and out on the ocean, and also to Ocean View, which is the noted place for surf bathing. The best of order will be kept on the train.

Meeting of the Democratic Executive Committee.

The Democratic executive committee of Cabarrus county is hereby called to meet in the town hall of Concord on Saturday, August 13th, 1898, at 11 o'clock, a. m., for the purpose of calling the primaries and county convention to nominate a county ticket.

By order of
A. B. YOUNG, Chairman.
