CONDUCTOR KILLED.

Freight Conductor Will Mowery is Killed on the Western Road—Lives Only a Short While.

By telephone to THE STANDARD this (Friday) evening we learn of an accident that occurred on the Western road today.

This morning Mr. W A Mowery, conductor of a freight train, was killed at Burk out above Statesville, having been struck by an overhead bridge, it is supposed. He left Salisbury on his regular run this morning, but at 10.30 his body was brought back.

His face was badly bruised when the trainmen got to him, and he was unconscious. He was quickly brought back to Statesville, but just before arriving there he died. His remains were then brought to Salisbury, where a large crowd of his friends were waiting.

There is reason to think, we are informed, that Mr. Mowery had had some difficulty with a negro, and failed to stop when he went under the bridge. Mr. Mowery has been a conductor for nine years, and was very popular among the railroad men.

He leaves a wife and one daughter, the latter being a young lady. He was 39 years of age.

SITUATION UNCHANGED.

Movements Go on Till Protocol is Signed—Miles Goes on Toward San Juan—Merritt Fixing to Take Manila.

The situation as regards war and peace amounts to the same as for several days. It is confidently expected that Spain will authorize Ambassador Cambon to sign the protocol but the announcement is not yet made. The news that Gen. Miles, Shafter and Merritt have been ordered to cease war movements were premature but may be a reality at any time.

Gen. Miles is probably pressing on with vigor toward San Juan. Gen. Merritt also is preparing to take Manila. The monitor Monadnock is now due and Admiral Dewey purposes to give it and the Monterey the dangerous bombarding to do when the final effort is made to take the city.

A Surprise Wedding.

Thursday night about 8.30 o'clock at the home of Rev. C B Miller Mr. Horace Miller and Miss Lillie Litaker were married. This marriage was kept secret all the while, no one scarcely knowing it until that evening. Only a few invited friends were present.

Miss Litaker is the daughter of Mr. Valentine Litaker, who lives on South Main street. Miss Litaker is an excellent and industrious lady and bears a good name from all who know her. Mr. Miller is a son of Mr. R O S Miller, who also lives on South Main street only a short distance from the home of Mr. Litaker. Mr. Miller is an energetic and industrious young man and the engineer at the Cabarrus mills.

VERY STRIKING.

A Deplorable Condition—The Great Need Pointed Out—People Want to Hear the Truth.

The following extracts are clipped from the Biblical Recorder from the pen of a Concord pastor:

"There are many places in this and adjoining counties that I have been invited to hold meetings where there has never been any Baptist preaching. This is one of the greatest destitutions in the State—plenty of religion, but very little Christianity. The pure and simple gospel of our blessed Lord is supplanted by churchism.

"There is a great need of vital godliness.

* * * * *

There are many people who really desire to be Baptists who have not the moral courage to break off from the long-standing customs of parents and friends. They are really afraid to follow their own judgment on God's word. Hundreds of people believe that they are saved by infant sprinkling, joining the church and taking the Lord's Supper. But it is remarkable how anxious many of these people are to hear the truth."

The Lowrance Trial.

A special from Statesville Thursday evening to the Charlotte Observer says:

"The court room has been packed to its utmost today, so great has been the interest in the Lowrance trial. The State began introducing its testimony this morning and rested at 4.30 p. m. At this point the defence surprised most of the crowd by announcing that it would introduce no witnesses, but would let the case go to the jury on the State's own showing. The argument, however, will not begin until tomorrow. There will be four speeches on each side, Judge Montgomery opening and Hon. C B Watson closing, for the defence. B F Long, Esq., will probably close for the State. While it is impossible to forecast the jury's verdict, the public will not be surprised at an acquittal.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—kept on gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the other victim." No one should fail to try them Only 50 cents per bottle at P. B. Fetzler's Drug Store.
