## THE WAR IS OVER.

### THE DOVE OF PEACE HOVERS OVER US AGAIN.

Protocol Is Signed—Proclamation By  
the President and Orders Issued  
to Cease All Hostilities.

### BLOCKADES RAISED.

Terms of the Protocol in Brief.

The suspense is over and the dove of peace hovers over us again.

The protocol was signed Friday evening at 4:23 o'clock by the Secretary of State Day and the French Ambassador and minister plenipotentiary Cambon and the United States seal was attached.

The following are the terms of the protocol in brief:

1.—That Spain will relinquish all claims of sovereignty over the title to Cuba.

2.—That Porto Rico and other Spanish islands in the West Indies and an island in the Ladrones, to be selected by the United States, shall be ceded to the latter.

3.—That the United States will occupy and hold the city, bay and harbor of Manila, pending the conclusion of a treaty of peace which shall determine the control, disposition and government of the Philippines.

4.—That Cuba, Porto Rico and other Spanish islands in the West Indies shall be immediately evacuated and that the commissioners to be appointed within ten days, shall, within 30 days from the signing of the protocol, meet at Havana and San Juan, respectively, to arrange and execute the details of the evacuation.

5.—That the United States and Spain will each appoint not more than five commissioners to negotiate and conclude a treaty of peace. The commissioners are to meet at Paris not later than the 1st of October.

6.—On the signing of the protocol, hostilities will be suspended and notice to that effect will be given as soon as possible by each government to their commanders of its military and naval forces.

Orders were at once cabled to Admiral Sampson that the blockade of Cuba and Porto Rico are raised and gave him directions for the disposition of the fleet. At the same time two dispatches were sent to Generals Miles, Shafter, Merritt and Lee to cease all hostilities.

The President issued the following proclamation:

"Whereas, By a protocol, concluded and signed August 12, 1898, by William R Day, Secretary of State of the United States, and His Excellency, Jules Cambon, ambassador extraordinary and minister plenipotentiary of the Republic of France, at Washington, respectively representing for this purpose the government of the United States and the government of Spain, the United States and Spain have formally agreed upon the terms on which negotiations for the establishment of

peace between the two countries shall be undertaken, and,

Whereas, It is in said protocol agreed that upon its conclusion and signature, hostilities between the two countries shall be suspended and that notice to that effect shall be given as soon as possible by each government to the commanders of its military and naval forces:

Now, therefore, I, William McKinley, President of the United States, do, in accordance with the stipulation of the protocol, declare and proclaim on the part of the United States, a suspension of hostilities, and do hereby command that orders be immediately given through the proper channels to the commanders of the military and naval forces of the United States to abstain from all acts inconsistent with this proclamation.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this 12th day of August, in the year of our Lord, 1898, and of the Independence of the United States the 123rd.

WILLIAM MCKINLEY.  
By the President,  
WILLIAM R. DAY, Sec. of State.

A copy of the proclamation has been cabled to our army and navy commanders. Spain will cable her commanders like instructions."

#### Preparing For His Campaign.

Attorney Morrison Caldwell, the nominee of the Populist party for Congress, is getting ready for his coming campaign. He is now filing all kinds of clippings from the different newspapers of our State, and will very probably, when standing on the stump, bring out to his people a forty-yard string of reading matter. We hope that the Hon. Theo. F Klutz will be there when he unrolls his stuff, and will resent it with such force that the compendium will be found valueless and might as well be destroyed. We don't think it very probable though that he is preserving any of the clippings in regard to the penitentiary affairs, and especially of Dr. Kirby Smith. But let's wait and see what he does present to us.

#### Will Be Made This Fall.

The division of the State into three military districts, each to contain a regiment of ten companies of the State Guard, will not be made until autumn. A month ago an outline of this excellent plan was given by the Adjutant General. Each company is to have a strength of 63 officers and enlisted men—Winston Sentinel.

#### Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—kept on gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the other victim." No one should fail to try them. Only 50 cents per bottle at P. B. Fetzer's Drug Store.

When you call for DeWitt's Witch Hazel Salve the great pile cure, don't accept anything else. Don't be talked into accepting a substitute, for piles, for sores, for burns.—J P Gibson.

#### Called to Kinston.

On Friday Prof. E B Lewis received a telegram from Kinston asking him to come at once to accept a position as teacher at that place. Having been hurried in getting in readiness to move, but few knew that he and his family had gone. He and his family left this (Saturday) morning. Kinston is their former home and is also the home of Prof. Lewis' father.

#### From Up at Forest Hill.

Mr. W D Sheewood, W L Goldston, Walter McCollum and Tom Simpson of Spray, N. C., are visiting relatives here.

Misses Minnie and Zula Stratford, have gone to Asheville to visit their aunt.

"Things have changed," says the Boston Herald, "since Major Shafter, now General Shafter, was captured by General Joe Wheeler's cavalry and sent to Libby Prison. The man who would have prophesied that Wheeler would be serving under Shafter thirty-six years later would have been considered daft."

#### PERSONAL POINTERS.

—Editor J B Sherrill is sick with the chills.

—Rev. J C Davis went to Lexington yesterday evening.

—Railroad Detective Hainer, of Georgia, was in our city yesterday evening.

—Miss Lida Smith returned home this morning from a visit to Pineville.

—Mr. Jas. Misenheimer was seen here this morning. He was on his way to Mt. Pleasant to spend Sunday with his wife.

Discovered By a Woman.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W C Hannick & Co., of Shelby, N. C. Trial bottle free at P. B. Fetzer's drug store. Regular size 50c. and \$1.00. Every bottle guaranteed.
