TEACHERS' INSTITUTE.

A Good Attendance of Our Teachers From Concord and Throughout the County—Interesting Talks On Different Subjects.

The Teachers' Institute opened in the court house Monday. Owing to the delay of the trains, Prof. Joyner, of Greensboro, and Prof. Sharpe, of Pineville, did not arrive until Monday afternoon. A short session was held that afternoon. Prof. Joyner made a short talk that afternoon to the members, accenting the importance of the combined interest of the teachers in the work, and expressed his delight in being with the teachers of our county.

This (Tuesday) morning Prof. Sharpe opened the session. His subject was "The Aim of Education," wherein he set forth the advantages of an education in forming one's moral character, dividing his subject into several branches.

Prof. Joyner then spoke on the subject of "Reading" and how to develop the minds of children by so doing, showing also the close relation between the teacher and the pupils in the school work.

Prof. Sharpe then took up the subject, setting forth the importance of the study of history, natural science and normal studies, and a better study of literature, not leaving all of the work to be done at the colleges. A foundation, he says, should be well started in our public schools, then the pupil is prepared for the step to be taken at college.

A most excellent and interesting address was then given by Prof. Joyner on "Language," going deeper into the subject already started, making still more branches to the subject being discussed.

The subject of "History" was then taken up by Prof. Sharpe, suggesting that the pupil be instructed to write productions of a historical nature. He divided the study of history into four periods: the Pioneer Period, the Period of Settlement, the Revolutionary Period, and the Period of the Growth of Federal Ideas.

Prof. Sharpe informed the teachers that a box would be placed on the table in which they were requested to deposit any questions which they wished the Institute to answer or discuss.

The whole number of teachers in the county is, whites, 73, colored 23. The attendance the first day was, whites 33, colored 7. The second day there were, whites 47, colored 15. Sixty-two out of 96 teachers are in attendance.

Her Arm Broken.

Little Frances Craven, daughter of Mr. K. L. Craven, fell from the gate post late Monday evening and broke her arm just at the elbow. It proved very painful to her that night, but she is reported to be resting very well this (Tuesday) morning.

New Clerk at the St. Cloud.

To fill the place of clerk at the St. Cloud hotel vacated by Mr. Deberry Fisher, Mr. J. E. Palmer, of near Lexington, arrived Monday afternoon. Mr. Palmer seems to be a very pleasant and accommodating young man and we welcome him to our city and hope that he will be well pleased with our people.

It is better to be nobly remembered than nobly born.—Ruskin.

FIGHT AT GOLD HILL.

A Pistol, a Knife and a Plank Used—Several Hurt.

There was a fight at Gold Hill Saturday evening which was participated in by several prominent citizens, says the Salisbury Sun.

Those participating in one way or another were F. H. Mauney, Sid Mauney, W. L. Shaver and Dr. Shimcock.

The trouble arose about the telephone line from the depot to Dr. Shimcock's house.

Among the weapons used were a pistol, a knife and a plank.

Sidney Mauney was cut across the bowels, but the wound was not a very serious one. The doctor was struck over the head with a plank. F. H. Mauney received two stabs in the arm from the doctor's knife. Mr. Shaver had his nose bruised. Two or three of the participating parties came to Salisbury this morning.

Missionary Exercises at Bethel.

The Standard is requested to announce that on Saturday night, August 27th, there will be exercises at Bethel Re-form church in the eastern part of our county by the Woman's Home and Foreign Missionary Society. The exercises will consist of appropriate music, recitations, etc., and also an address by Prof. J. C. Leonard, of Catawba College.

NEWS PARAGRAPHS.

The cut cable at Manila has been reunited and communications are now direct.

Five persons perished in the burnt hotels, National and Windsor, at Hot Springs, Ark., Saturday morning.

The relations between England and Russia are said to be strained to a fearful point. It is said that neither wants war, but that hostilities may be precipitated by Russia's aggressions to a point at which England might strike a blow.

The terms of the Manila surrender allowed the Spaniards to retire with the honors of war, officers to retain their side arms and horses; the prisoners to enjoy liberty and eat off of Uncle Sam till they can get away; all public valuables to accrue to the United States. The Spanish arms are to be returned to the soldiers when they return or when the Americans leave Manila.

So far the doctors have persuaded people to have everything else cut out but their tongues.—Athenian Globe.
