THEN AND NOW.

All who have read the Progressive Farmer and Caucasian know that they sent out some bitter denunciations of their own fusion Legislature. We have published a number of them. Now it is growing election time and we hear from these sources that great praise is due the fusion management of all the State's affairs and that only Democratic misrepresentation casts a shadow over the brilliant record.

Even John R. Smith's achievement with the penitentiary is said now to outstrip anything in the history of that institution. What in the world made our best of all good governors remove John R.? Democratic governors would not remove their successful managers. What made the Progressive Farmer dread another fusion legislature more than all the Egyptian plagues if it effected such wonderful reform in the State?

Some things are hard to explain, except as the following conundrum is explained: One little girl said to another, "You and I have the same papa and mama, but we are no akin." The only possible explanation was that the little girl lied.

These leading Populist papers that said such hard things when the

record was being made either must have lied then or are doing so now. A fit of spasmodic honesty then and a wistful grasping after the pie that is now about to depart seems to point pretty clearly to the facts of the case.

A SILLY RESORT.

How utterly silly it is now for some of our opponents to be singling out some eastern counties that had negro school committeemen in the days of Democratic rule. Why, nobody denies that Democrats gave the colored schools into the hands of colored committeemen all over the State, but they did not put the white schools into their hands.

If we wished to stoop to huddling negroes together in the back alleys or under the cover of darkness to excite their passions and prejudices we would tell them that under Democratic rule in Cabarrus they were allowed to hold the offices of committeemen in their own schools, but under fusion rule that eye was taken away, but we justify the act of the fusion legislature in conforming to the wishes of the State superintendent, who believed that five men in a township could be found who would be more efficient than twelve or more.

When the negro remembers that his child gets dollar for dollar with the white child, though he pays such a small per cent. of the tax, we think he should be satisfied. We put no thorns into his ear.

OLD DEMOCRATIC TRICKS INDEED.

We learn that in certain parts of the State, and maybe in our own midst for aught we know, the negroes, and even the uneducated white people, are being told that if the Democrats get into power again they will disfranchise the negro and the poor uneducated white man. Talk about Democratic tricks. This is one that has been played off on the negro probably ever since their emancipation, and it seems to be effectual every time. We have had well-meaning negroes to tell us this. They don't know that it is impossible to do such a thing, and it makes it easy for the unscrupulous to impose upon them.

Japan insists that the United States should retain the Philippines in the interests of peace and commerce. No doubt that would be best for the balance of the world, but the question is, can we stand it?

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by P. B. Fetzer's Drug Store.

Off to school.

Wednesday morning several pupils to the Deaf and Dumb Institute at Morganton left. There were several from Forest Hill, besides the little Miss Sadie Herring and Miss Carrie Lippard.

We give space to a rather long letter from the ex-sheriff of Franklin that sounds like the words of truth and soberness and seems to us to be a clear and strong setting forth of the situation. We hope our Populist brethren will give it a thoughtful, fairminded perusal.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them.—J. P. Gibson.

The Schedule of the Candidates.

Sheriff Buchanan starts out on his canvass of the county for the purpose of collecting taxes on Monday, Oct. 17th. The candidates will accompany him to the different precincts and will make their speeches.

The Highest Price Store in the State

Will claim to undersell their competitors. Assertions are easy but not always true, but figures combined with quality do not deceive. We respectfully submit the following figures and ask you to come and examine the quality. The simple fact that an article is quoted at a low figure does not necessarily mean that it is really cheap.
