CONCORD, N. C. FRIDAY, OCTOBER 14 1898

WHOLE No 11732

More Healthful Signs.

Mr. Joseph A Blackwelder called on our office today (Friday) and told us that he was authorized to say that Mr. Joel Heglar, a former Populist of No. 4, will wash his hands of his former political affiliations and will vote the entire Democratic ticket. He will further urge his sons who had thought of staying home on election day to go to the polls and vote the whole Democratic ticket too. Mr. Blackwelder further says that at least a dozen former Populists in his community will do the same, including Mr. John Isenhour, Mr. Henderson Winecoff and son. The latter two, we believe, went into the Democratic primary. We trust that on the 8th of November we shall find that reason and political virtue will rise, though crushed to earth, by designing fomenters and wicked appealers to passion and discontent.

Good For No. 2.

Mr. W W Morris tells us that No. 2 has two White Government Unions, one at Poplar tent with 35 members and one at Patterson's Mills with 36 members. Mr. P P Townsend, a former Populist, who saw the front door of Democracy wide open and walked in, is the president of the latter.

The "Young Ladies" Whist Club.

The "Young Ladies" Whist club, the former name of which was "The Thursday afternoon club," met yesterday afternoon with Miss Nan Cannon, who at the end of a most delightful game, and when the pleasure of "holding hands" had brought satiety, served to her guests an exquisite repast in the refreshment line, and which by some occult influence was also enjoyed by a gentleman who by a good fortune—by accident of course—to drop in at the opportune moment. The "Young Ladies" club will hereafter meet on Friday afternoon. The next meeting will be with Miss Sallie Belle Erwin.

Dog and Pony Show Coming Here.

Don't forget the Great American Dog and Pony Show, which exhibits here two days—Oct. 18 and 19. Pretty Shetland ponies, wonderful performing dogs, comical monkeys, educated birds, etc. The little ones are invited to have a free ride on the ponies. Courteous attendants. Ladies' and children's matinees at 3.15 o'clock. Come and be pleased. Our tent will be on the Morris grounds near the cotton platform.

At the Graded School.

In the place of Miss Dodson, who was called away by sickness of her uncle, Miss Lidie Smith has been teaching in the graded school.

Miss Annie Hoover taught Miss Fannie Hill's grade Thursday afternoon, the latter having attended the funeral services of Mrs. Fisher.

Keep the Children Away.

We have been requested to ask some of the parents of our town to not allow their children to be about the sewerage work on the streets, as it is very dangerous. The ditches are very deep and might possibly cave while some of them are near it. It seems that some of the children congregate about there when the force is at their meals.

The Biggest Cotton Day Yet.

Several different times has Mr. Biggers weighed over two hundred bales of cotton, but the biggest day we have had this year was today. At an early hour the farmers were here. Between 9 and 10 o'clock wagons were coming down Main street in a line and were also lined up on Depot street. Fifty-four bales were counted as they passed the corner in less time than five minutes.

Several bales were even brought from South Carolina here. The street from Fetzler's corner to the cotton platform was lined on one side. The number of bales weighed amounted to at least 325

Medicinal Plants.

Bulletin No. 150, published by the North Carolina Agricultural Experiment Station, on the "Medicinal Plants Which Have Been Collected and Used in the State," written by Mr. C W Hyams, Assistant Botanist, contains a list of 833 varieties of plants which have reputed medicinal value, all indigenous to the State, or so naturalized as to be esteemed native to the State. The bulletin is arranged according to the natural order of plants, and gives a scientific and more prominent or correct local name of each variety, and has an index at the end for the convenience of the reader. It is published solely as a matter of record and must not be understood as being an endorsement of the properties of any of the plants mentioned. Besides the plants enumerated, the bulletin also contains a list of such grasses and ferns as have reputed medicinal value. Any further information in regard to the Medicinal Flora of the State will be furnished on application. This bulletin may be had free of charge on request, by writing a postal card to W A Withers, Director North Carolina Agricultural Experiment Station, at Raleigh, N. C.

Isn't This Awful?

In South Rock Creek a convention or meeting of the committee was held the other day and the names of two negroes were proposed. The first said he could not read and that some one who could should be put in. Then some one nominated a negro named George Smith, who has served seven years in the penitentiary. George told the crowd that he did not think he would do, so the meeting adjourned without nominating any one.—Greensboro Record.

A Narrow Escape.

Thankful words written by Mrs Ada E Hart, of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at P B Fetzler's drug store. Regular size 50c. and \$1.00. Guaranteed or price refunded.

When you call for DeWitt's Witch Hazel Salve the great pile cure, don't accept anything else. Don't be talked into accepting a substitute, for piles, for sores, for burns.—J P Gibson.

PERSONAL POINTERS.

—Mr. Jones Yorke is spending the afternoon at Charlotte.

—Sergeant Hope Barrier is spending the day in Salisbury with Messrs. Iddings and Dunham, who are also members of Company L.

—Mr. Geo. Pierce, of Greensboro, who is here in the interest of the sewerage work, returned home this morning.

NOSE EIGHT INCHES LONG.

Surgeons Will Carve the Organ to the Proper Size.

New York, Oct. 5.—Richard Smith, 22 years old, arrived at Bellevue Hospital with Dr. George E Maurer, a surgeon attached to Gen. Fitzhugh Lee's division. Smith has the largest nose of any patient ever admitted. It is eight inches in length and looks like a prize turnip. Dr. Maurer was spending a few weeks in the Adirondacks in Lewis county. He met Smith, a wood-chopper, and suggested that he come to Bellevue Hospital and have his nose operated on. Smith stated that before he was born his mother was struck on the nose by his father.

A Tip to Senator Butler.

We have been informed that Mr. Frank Brown, member of the last Legislature from Jones county, told certain parties of prominence and intelligence that Dr. Cy Thompson secretly abetted the election of Pritchard to the U. S. Senate, to the end that Pritchard would do a like favor for Thompson to succeed Senator Marion Butler in 1900. We get this pretty straight, and if it is denied we will furnish proofs. Yet Thompson pretended to be honest and opposed to the election of gold-bug Pritchard. All the big Populists and Republican bosses in this State are tarred with the same stick.—Kinston Free Press.

ALMOST A JAIL DELIVERY.

Nine Negroes Saw Bars, But Day Came Too Fast.

Nine jail birds came within probably a half hour of escaping from the jail in Raleigh Thursday morning. The jailer waked at 5 30, hearing a noise that was suspicious. He soon found that nine of his boarders were nearly ready to escape. Some one had helped them to a saw and file and they were working like beavers cutting off iron bars. He called in some help and at pistol points they marched into their cells to have their privileges restricted somewhat more hereafter.

Great Britain, Russia, France and Italy have put their foot down on it that Turkey must take her troops off of the island of Oreta.
