Mr. Chadbourn Sets the Matter Straight.

W. H. Chadbourn, the postmaster and leading Republican of Wilmington, wrote a letter some time ago to Senator Pritchard that was being used to create the impression that negro rule in Wilmington is greatly exaggerated. The fusion papers made a campaign document of it. Mr. Chadbourn, however, could not make the impressions created in his letter fit the condition in this city and county, and has written the Senator another letter which leaves no more room to doubt the deplorable condition. The following is his letter:

Wilmington, N. C., Oct. 18, 1898.

Senator J. C. Pritchard,

DEAR SIR: Since writing you on September 26th, events have taken place in this community which necessitate some further explanation on my part in order to put myself right before the community here, and also to correct any mistaken impression I may have made in your mind.

For the sake of any fancied political advantage I cannot afford to make a one-sided presentation of the situation in this city and county, and by naming only the white officials and leaving out the colored, doubtless some advantage has been taken, and a false color given to the actual situation, to which the business people and tax-payers regardless of party have made objections.

As a matter of fact, there are in this county thirty-six colored magistrates, and a colored register of

deeds and various other minor officials besides some Presidential appointees, and the property owners, tax-payers and business men generally object to this state of affairs, and there now exists here the most intense feeling against any sort of negro domination.

There is a greater feeling of unrest and uncertainty about the maintenance of order than I have ever seen, and many, even the most conservative, feel that a race conflict is imminent, than which nothing could be more disastrous, not only to this city and county, but to our party in the State; and rather than have riot, arson and bloodshed prevail here, I, a Republican though I am, advise giving up the local offices in this county, as there are no national political principles involved in this contest.

I had thought at first that it was merely the usual political cry and the fight for the office, but I am now convinced the feeling is much deeper than this, as it pervades the whole community, and there seems to be a settled determination on the part of the property owners, business men and tax-payers that they will administer city and county government.

Your friend,
W. H. CHADBOURN.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at P. B. Fetzer's drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

The Facts Make a Very Different Showing.

Mr. J. N. Price said in his speech here that negro jurors had served in the jury box in Union county under a Democratic administration. That's where Jim blew out the gas again. We happen to know about that business. It was during a court held by Judge Moore, a Republican. He ordered Mr. Hanan Preelar, then deputy sheriff, to call some negroes into the jury box. Mr. Preelar did not do it, whereupon the judge himself ordered some black men to take seats in the box. That is a sample of about all their cases where they say Democrats put negroes into office.—Monroe Journal.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at P. B. Fetzer's drug store.

Regular size 50c. and \$1.00. Guaranteed or price refunded.

Admiral Dewey is expected home about Dec. 6th unless some fresh trouble should arise. He seems the right man to have around in emergencies, and any serious hitch in the peace commissioners' work may deprive him of the trip.

Fusion Election Law.

The law instead of being a safeguard to free and fair elections is an encourager and promoter of fraud and an obstacle to the way of free and fair elections. The registration law is simply infamous because under it there is no way to prevent fraudulent registration if the one who offers to register will swear that he is entitled to register. A negro from South Carolina, on the Southern border, or from Virginia, on the Northern border, may cross over into North Carolina, walk up to the registration place accompanied by some negro or white man who will tell him what to do, and how to do it, and get his name on the registration books in spite of any effort that may be made to prevent it. Having gotten his name on the books there is nothing to prevent him from voting, for it is so much extolled election law deprives the citizen of the right to challenge a voter on the day of election, so all the fraudulently registered voter has to do is to deposit his ballot for the men in whose interest he was imported, and then if he fears subsequent proceedings, skip for other parts, as they very frequently do. The next day after the last election car-loads of imported negroes left Winston for their homes to Danville and other Virginia points after having done the work which they were imported to do. The Democrats of Winston knew they had run in on them a great many Virginia negroes but there was no way under this beautifully manipulated election law of preventing them from voting.

That's what the fusionists call a good, honest election law, a guarantee of free and fair elections. It is a good law for them because as it gives them two-thirds of the registrars and poll-holders they have the machinery in their own hands.—Wilmington Star.

Our Peace Commission has been suffering much delay from Spanish diplomacy that seemed about to ignore results of the war. Spain wanted the United States to accept the sovereignty of Cuba and assume the debt. A flat refusal has been given, and she is opening her eyes to the fact that her contentions will amount to nothing, and she cannot long delay the work of the commissioners.

The Spaniards want to delay the evacuation of Cuba. Admiral Sampson has put his foot down on it that Spanish rule ceases December 1st.

Lieutenant Hobson will come home to attend the Philadelphia Peace jubilee and also get some more appliances with which to raise the Colon.

A man convinced against his will affects the same opinion still. See defenders of the fusion record.
