CONCORD, N. C., NOV. 25, 1898.

Seeing the Situation.

The following are among the many extracts from deliberate observations from a Northern standpoint that size up the situation about right:

"The negroes of the South look to the Federal powers for a redress of their grievances. The Federal power emancipated them, and clothed them with the rights of equal citizenship; and the negro has since failed to comprehend any other form of allegiance except that which he owes to the Federal government. He doesn't understand his State citizenship, and the duties that appertain to that condition.

"Had the negroes of the South divided on political issues, State and Federal, as the whites were divided, according to their understanding of such issues, instead of blindly throwing their weight in favor of the Republican party, there would have been none of the race difficulties which disturb the politics of that section of the country. But the negroes have never fathomed the nature of the duties of citizenship. As a matter of gratitude they have given their support, right or wrong, to the party to which they believe they owe their emancipation. The unfortunate result has been that the color line has been made the line of division between political parties. This result has been a continuing misfortune for the people of both the North and the South.—Philadelphia Record.

"It was a mistake of the reconstruction period following the war to have put the ballot in the hands of the recently emancipated slaves, and with it the ruling power the former masters. An educational qualification, as was then advocated by this paper, would have saved the South from the saturnalia of corrupt carpet-bag and ignorant negro domination which followed. And if the Southern States are now resorting to this intelligence qualification, and to its partial and fraudulent administration, as a means of depriving the negroes of their political rights, it seems nevertheless to be the most hopeful remedy for the evils growing out of the inveterate feud of the races."—St. Paul Pioneer Press (Rep.)

Wants No Advice From Butler.

The Caucasian, Senator Butler's paper, advocates calling a constitutional convention. We are opposed to it, and we might as well say to the imp Butler that this Democratic Legislature wants no suggestion or advice from him and will not take any, either. We won our victory without his aid and will continue to act independent of him.—Cleveland Star.

The Santiago Campaign.

Washington, Nov. 22.—Complete returns have been received of the casualties of the Santiago campaign. The Adjutant General's office has divided the campaign into different dates and periods. The statement shows:

La Guisima, June 24.—Killed, 1 officer and 15 men; wounded, 6 officers and 44 men.

San Juan, July 1st. to 3d.—Killed, 17 officers and 134 men; wounded, 69 officers and 938 men.

El Caney, July 1st.—Killed, 4 officers and 84 men; wounded, 24 officers and 332 men.

Aguadores, July 1st. and 2nd.—Wounded, 2 officers and 10 men.

Around Santiago, July 10th and 12th.—Killed, 1 officer and 1 man; wounded, 1 officer and 12 men.

[Summary—Killed 257, wounded, 1,438.]

Wilmington's Cotton Shipping.

The Star of Tuesday says that on Monday the 21st was made probably the largest shipment of cotton from Wilmington to foreign ports that ever occurred in on day. The Star says:

"Three of the large British steamers cleared last night about 9 o'clock. They were the British steamship Gellivara, with 7,305 bales of cotton for Bremen, Germany; the British steamship Wilderspool, with 9,720 bales for Liverpool, England, and the Norwegian steamship Nordykn with 11,044 bales for Bremen. The steamers had a net tonnage of 2,246, 1,618 and 1,804 respectively.

"The total number of bales comprising the three cargoes was 28,069 and the value was \$734,252."

The Baldwin Hotel Burns.

The Baldwin Hotel in San Francisco was destroyed by fire Wednesday the 23rd. It enclosed a theatre whose outfit went to ashes. These included valuable paintings. The loss to the owner, Baldwin, was very heavy, estimated at \$2,000,000, with not more than \$300,000 insurance. Two men lost their lives, one from falling from an upper story after he had saved three women. The other died from heart disease induced by a narrow escape. There were 300 guests in the hotel, but it is believed all escaped except as mentioned above.

Later accounts say a number of charred bodies have been found. It is feared that many perished.

Discovered By a Woman.

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W C Hannick & Co., of Shelby, N. C. Trial bottle free at P. B. Fetzler's drug store. Regular size 50c. and \$1.00. Every bottle guaranteed.

On the cover of a prairie wagon which passed through Manhattan, Kan., the other day was painted this notice: "Not bound for Missouri. Not busted. Not going to wife's folks. Just doing this to beat the railroad."—Ex.

DOCK JACKSON DEAD.

Mr. Shelor Acquitted of Crime—He Buries the Unfortunate Man.

Dock Jackson, the negro who ran from the train at Gaffney, S. C., and was shot by Mr. W S Shelor, has died of his wound. A jury of inquest acquitted Mr. Shelor of any crime. Believing that it was Phonse Rhyne whom he had gone to capture and the negroes, refusing to halt when ordered made the act justifiable even in the eyes of Jackson's mother, who plead for the release of Mr. Shelor.

Mr. Shelor suffered much regret and did all he could for Jackson till dead and then bore the expenses of his burial.
