A BIG INCREASE

The Amount of Business Done By the Cabarrus Savings Bank During the Past Year—The Old Directors Elected Again—Other Officers to Be Elected Later.

The annual meeting of the stockholders of the Cabarrus Savings Bank was held in their office today (Thursday). The report of the business for the past year was shown them, which is in every way not only satisfactory but pleasing to the holders of the stock.

During the first year of the bank's work, the amount of business done by them amounted to \$1,550,000. This year their report of the volume of their work is \$2,450,000. This shows that during the past year there has been an increase in their business of \$900,000.

The old directors, consisting of Messrs. Jno. C. Wadsworth, C. W. Swick, R. S. Young, J. W. Cannon, D. F. Cannon and Martin Roger, were re-elected to their offices. On account of the directors not all being present, the election of a president, cashier and teller was not held, but will be made soon.

The Deadly Grip.

Is again abroad in the land. The air you breathe may be full of its fatal germs! Don't neglect the "Grip," or you will open the door to Pneumonia and Consumption and invite death. Its sure sign are chills with fever, headache, dull heavy pains, mucous discharges from the nose, sore throat and never-let-go cough. Don't waste precious time treating this cough with troches, lozenges, or poor, cheap syrups. Cure it at once with Dr. King's New Discovery, the infallible remedy for bronchial troubles. It kills the disease germs, heals the lungs and prevents the dreaded after-effects from the malady. Price 50 cts. and \$1.00. Money back if not cured. A trial bottle free at P. B. Fetzer's Drug Store.

The Cabarrus Mills to Furnish the Water.

As soon as all of the pipes are laid and the tank built the Cabarrus mills will furnish the water for the engines of the Southern at the depot. The pump house now used will be kept ready, though, for immediate use in case anything were to happen at the mill.

This change relieves Mr. Sam Ritch, who for many years has had charge of the railroad pump house. For many years Mr. Ritch has been in the employ of the Southern and has given satisfaction, no doubt, at all times, as he has been faithful to his work. The Southern has offered him a similar position in Charlotte. As to whether he will accept it is not yet known. It will be hard for Mr. Ritch, after living in Concord for so many years, to leave this place. For a long number of years he had charge of the section of track along here.

The First Yarn is Made.

Mr. W. P. Shealey is now carrying about in his pocket the first sample of yarn made at the Lippards & Shealey cotton mill, which was made today (Thursday). It is what is called "16 yarn." So now the mill is in running order, and no one need ask when the new cotton mill will begin.

GOOD NEWS

Again Comes From Augustine—A Bird Hunt Engaged In—Recovering from the Bad Weather.

Brief has been partly snowed under, but at this writing nearly every vestige of the magic action of the freezing department of nature's mysterious serial water-works has been dispelled by the refulgent smiles of venerable King Sol. The ground is drying nicely, and our little village all aglow with beams of complacency radiating from her modest, grateful brow, is preparing to celebrate the happy turn of events by the erection of a new dwelling place on her placid eastern border.

By a recently negotiated deal Mr. J. L. Tucker transfers his saw mill plant to Messrs. Tucker Bros. of Stanly.

Mr. David Long moves away this week, having accepted a floury position in Mr. J. O. Long's grist mill on Goose Creek.

It is sagely intimated by the observant that some of our patient long suffering magistrates may yet be able to enjoy the tongue-tickling luxury of taking "sugar in yer coffee," as some of the rudiments of several petty litigations seem to be in an advanced phase of development.

Bird-catching by various devices now affords some amusement to the sportingly inclined. We, ourselves, served as the "bird pishon" in a trio that went on a nocturnal depredation against the featherly tribe. Our offensive and defensive weapons consisted of a pine torch and a thick-branched bush for each sportsman. The birds—well, they were expecting to be dozing quietly in neighboring brush heaps, and to come out promptly when we knocked at the doors of their various lodging places. This being our first bird hunt in years and years, we trust that the sympathetic and appreciative editor will pardon us for mentioning the matter, especially as we are not quite sure that we, ourselves, seriously injured the physical health of any birds, although flying feathers were greatly in evidence at times.

Badly Bitten by a Cat.

We are informed of the biting of the little child of Mr. Hiram Sherrill at Forest Hill today (Thursday) by a cat. The child has since been suffering very much and was thought to have been having spasms. It is thought by some that the cat has hydrophobia.

James Booker Hanged.

James Booker was hanged in Raleigh Wednesday for the murder of Mahala White, a young negro woman, whose head he nearly blew off two years ago with an old musket.

He took angels' wings and flew to heaven (?).

PERSONAL POINTERS.

—Mr. N. F. Yorke has gone on a business trip to Stanly county.

—Mrs. Baxter Parks and Mrs. H. L. Parks returned home from Charlotte this morning.

GROCERS

No Plays for Us These Times.

Without knowing quite a number of our people ask why it is that Concord never has any opera troops stopping here, or that no traveling companies, such as minstrels, etc., give Concord a stop. The reason is that the taxes are so high that the audience usually obtained here will not justify or even pay for their stopping here. The tax for each night's performance is \$23—\$10 for both the county and State, besides a tax of \$3 to the town. Otherwise than pay this a house must be taken out amounting to \$100 and the town must be paid its \$3 for each performance besides. The hall will simply not justify the paying of such prices. An average audience with the 35 and 50 cents admittance will amount to about \$25 00.

ELY'S CREAM BALM

COLD IN HEAD

It is quickly absorbed. Gives relief at once. Opens and cleanses the Nasal passages. Allays inflammation.

At the Baptist Church.

Bible reading at 3 p. m. Every body bring your bibles. Ladies' prayer meeting at Grand School building at 7.15; preaching at 7.45. All welcome. Subject for tonight will be, "What is that in your hand?"

A remedy for Nasal Catarrh which is drying and excruciating to the diseased membrane should not be used. What is needed is that which cleanses, soothing, protecting and healing. Such a remedy is Ely's Cream Balm. To test it a trial size for 10 cents or the large for 50 cents is mailed by Ely Brothers, 56 Warren Street, New York. Druggists keep it. The Balm when placed into the nostrils, spreads over the membrane and is absorbed. A cold in the head vanishes quickly.
