## CALCOCAN QUICKLY REDUCED.

### Was Shelled By the Monadnock.

Manila, Feb. 10, 7:40 p. m.—The American forces, at 3:40 this afternoon, made a combined attack upon Caloccan and reduced it in short order. At a signal from the tower of the De La Lomech, the United States' double turreted monitor Monadnock opened fire from the bay, with the big guns of her fore turret on the earth works, with great effect. Soon afterward the Utah Battery bombarded the place from the land side. The rebels reserved their fire until the bombardment ceased, when they fired volleys of musketry as the Montana Regiment advanced on the jungle. The Kansas Regiment, on the extreme left, with the Third Artillery deploying to the right, charged across the open and carried the earth works, cheering, under a heavy fire. Supported by the artillery at the church, the troops further advanced, driving the enemy, fighting every foot, right into the town line, and penetrated to the presidentia and lowered the Filipino flag at 5:30 p. m. The enemy's sharpshooters, in the jungle, on the right, fired at long range on the Pennsylvania Regiment, but the rebels were soon silenced by shrapnel, and the Pennsylvanians remained in the trenches. As the Americans advanced they burned the native huts. The rebels were mowed down like grass, but the American loss was slight.

### A Seagull Drifts Into Cabarrus.

On last Thursday afternoon Mr. Monroe Ritchie, of No. 6 township, saw a strange looking bird flying about with a few buzzards. He tried his marksmanship with his gun and brought it to the ground, not knowing what he had killed.

He brought it here today (Saturday) for the benefit of spectators. It is a seagull, a fowl which frequents the coast, but it is something extraordinary that it should drift this far from the ocean. It is a beautiful bird, finely feathered, and measures five feet from the tips of its wings. It is web-footed and has a bill somewhat similar to that of an eagle.

### The Educational Meeting.

Notwithstanding the frigid weather the educational meeting was fairly well attended. Prof. Keesler's music class preluded the exercises with inspiring music. Rev. C. B. Miller led in prayer. Miss Laura Leslie, Mr. Holland Thompson and Prof. Ludwig treated the subjects assigned them, and enlisted much interest. By invitation for impromptu remarks, Rev. J. E. Thompson, Rev. T. W. Smith and Professors Petty, Lentz and Coler added apt remarks on Mr. Thompson's subject—"The Bad Boy."

The singing class, with Prof. Keesler at the organ furnished delightful music as interludes.

The meeting adjourned at 12 to resume at 1 o'clock for the completion of the program.

### Judge Shaw Straightens Matters.

The Statesville correspondent to the Charlotte Observer says that Judge Shaw fined Mr. H. Q. Feimster fifty dollars for contempt of court, and dismissed him from the grand jury. Mr. Feimster was unwell Thursday, and took some whiskey, but unfortunately he took so much that he reported at the court house intoxicated. The judge also gave the county commissioners some "straight goods," because no place had been provided for the petit juries to hold their deliberations during this cold weather and for some other matters. It is hoped his remarks will bear fruit.

### Some Points Gained About the Mrs. Groner.

Since publishing the article some days ago, wherein a man named Fletcher, of Richmond, Kansas, was inquiring for a Mrs. Sarah Groner, with whom he boarded in time of the war. We find some information.

This Mrs. Sarah Groner, of whom he speaks, was a sister of Mr. Fred Cline who lives above town, and was also a sister of Mrs. Fred Glass and a Mrs. Earnhardt, of this county, who first time married a man named Drees, a German shoemaker. She was the daughter of Mr. Jacob Cline, a German farmer, who lived about five miles above this place. This lady was a widow and lived about a quarter of a mile above the county home.

In either 1868 or 1869 she moved from here to some western State, but at this time it is not known, but we will find out ere long. Mr. Solomon Einstein, one of our German inhabitants here, knew her well. These Clines were all German people and were about the only people in that part of the country to whom he could talk in these times before he became able to master our language.

### Sickness In the Camp.

Mr. W. F. Hess, one of the guards on the chain gang, informs us that ten of the persons on the chain gang are sick, unable to work, besides Mr. Benfield the superintendent, and one or two others. The grip must have struck camp too, like it is striking at so many places.
