RESOLUTIONS OF RESPECT.

To the Memory of Miss Lilly Belle Summer.

Whereas, God in his wisdom saw fit on February 14th, 1899, to remove from this earth to the Home above, Miss Lilly Belle Summer, the assistant music teacher in Mont Amoenia Female Seminary, Mt. Pleasant, N. C., the faculty of the same do adopt the following resolutions:

1. That we submit with humble resignation to this act of Providence knowing that our Heavenly Father possesses infinite wisdom and works all things together for the good of them that love Him.

2. That we tender to the bereaved relatives our heartfelt sympathy over the brief separation from this loved one and bid them find consolation from the sure hope of eternal life with a reunion of all those who fall asleep in Jesus.

3. That we sorely feel our loss in being deprived of such an efficient and conscientious assistant co-laborer, who had the promise by natural qualification and great ambition of becoming eminently useful in her chosen profession.

4. That we testify to her Christian graces, her lovable and cheerful disposition, and her many acts of love and friendship in the school which made her a favorite with students and teachers.

5. That her association in the school has been of the most helpful kind, and her memory will we ever cherish, and in cherishing it will do us good.

6. That these resolutions be recorded in the minutes of the Seminary, that a copy be sent to the relatives, and that they be published in The Mont Amoenian, The Concord Standard, The Times, The Lutheran Visitor, and the Enterprise-Gazette, Senoia, Ga.

Respectfully,
Henderson N Miller, Prin.
Virgie Shoup, Sec.,
Committee.

Sensation at Enfield.

The usually placid town of Enfield, N. C., was excited and mystified a short time ago, as never before. One night persons passing along Whitaker street saw a dead man dressed in white lying on the ground opposite Meyer's dry goods house. Immense sensation was created, and in a few minutes the whole populace was on the streets. An investigation squad formed, the members arming themselves with clubs, rocks and pistols, while a man with a lantern led the van. Cautiously the squad advanced to the spot, stopping every few minutes to see if the "corpse" had moved. At last the Irish audacity of Pat Stook asserted itself; he dashed up to the body and found a life-sized figure of a man, made of clay, and sprinkled with flour.

Then there was universal disgust. Later it developed that Mr. Jesse DeBerry, a barber well known in town, had constructed and set the figure, and very successfully gulled the community. His work was so realistic that it startled many people who viewed it the following day. — Monroe Enquirer.

THE AWFUL CRIME AGAIN.

Mrs. Mullis Assaulted in Charlotte But Rescued in Time.

Mrs. Julia Mullis was assaulted Thursday afternoon in Charlotte as she was passing under the bridge on Graham street at the Southern Railway by a negro about 21 years old. He made brutal clutches at her throat hoping to choke her but her struggles and cries brought assistance in time to save her. A chase followed and a negro was caught whose guilt is hardly doubtful. His name is Anderson Little from Wadesboro, though a second arrest has been made on the assertion by some negro women who claim that Jule Alexander is the criminal.

Much feeling was aroused over the affair.

Mrs. Mullis was so unnerved as to be incapable of identifying or exonerating Little when first presented.

AFFAIRS IN THE EAST.

Five Hundred Insurgents Killed and Two Hundred Captured.

No little speculation is excited by the dispatch from Manila of the 24th from Admiral Dewey saying, "For political reasons the Oregon should be sent here at once." Another of same date says, "Yorktown arrived. Charleston and Petrel cruising around the Philippine Islands. Affairs more quiet."

No explanation seems very apparent unless the great battleship is to help to overawe the natives instead of having to continue more fatal means.

The order in the city of Manila is said to have improved by the arrest of a number of the disturbing characters and the plan of clearing the streets after 7 o'clock at night.

The 20th Infantry has arrived from San Francisco.

A dispatch from Gen. Ous says: "On the night of the 21st and 22nd and yesterday morning, insurgent troops gained access to the outskirts of the city behind our lines. Many got into hiding and about 1,000 entrenched themselves. They were completely routed yesterday with a loss of killed and wounded of about 500 and 200 prisoners. Our loss was very slight. The city is quiet, confidence restored and business progressing."

At the Episcopal Church To-Night.

Bishop Cheshire arrived here from Raleigh last night and will hold services at All Saints Episcopal church tonight, services beginning at 7:30 o'clock promptly. The Rite of Confirmation will be administered, together with a discourse by him. After the services he will take the train for Salisbury, where he will conduct services tomorrow.

WHO HIT NEAL COWAN?

All of the Accused Persons Know That He Was Hurt But All Are Ignorant as to Who Did the Striking—Neal Is Only Sure That He Was Hit.

The bill having been found at the last term of court, the accused negroes, Al Russell, Israel Harris, Jim Maheu and Cicero Grissom, were at the court house today (Saturday) to attend a trial for fighting. Another one named on the warrant was Neal Cowan, the negro who was thought to have been killed. The affair occurred in No. 3 township on the night of the 22nd of last December, the event being a big "festival."

In the general fight in which they engaged Neal Cowan was clubbed over the head, there having been eight wounds, so Neal says, two of which are not yet healed.

Eq. C A Pitts occupied the justice seat to find out who were the guilty parties in the row. Not a single witness divulged anything that implicated anybody, and not a single clue was given as to who hit Neal Cowan. Neal says that he knows that he was hit but does not know which one of the crowd gave him the blow that sent him whirling to the ground. The other negroes were there but as one said on trial "to the best of his knowledge he doesn't know a thing about it."

The innocence or the guilt of none having been found out on the trial, Esq. Pitts bound them all over to court.

Forest Bill Items.

Mrs. Jno. Raimor and son, accompanied by Miss Tina Brown, are spending the day in Charlotte. Mrs. Raimor's aunt, Mrs. Misenheimer, is very sick.

The old waste house that has stood so long in the rear of the mill has been moved down to the cotton house. This is quite an improvement, as all the goods can be loaded on the train right from the house.

The Southern Passenger Association has issued a circular authorizing rates to the Confederate veteran's reunion at Charleston, S. C., on the dates May 10th to 13th. The rate named is one cent a mile in each direction.

An Associated Press dispatch says: "A \$10,000,000 syndicate has absorbed all the iron industries and coal and coke properties in southwest Virginia, including nine blast furnaces and 125,000 acres of producing lands."

There Are Simple Things

In the world that almost any one can do. For instance, any one can roll off from a log, and yet even in the simple things some excel others.

It looks like a simple thing to laundry a shirt or collar, and so it is if you don't care how 'tis done. Here again the "know how" cuts any amount of ice. The spotless cleanness, the pearly tint, the soft silky finish, the flexible stiffness. These things do not come by luck and chance, but rather by systematic intelligent handling. In short the "know how" produces the results. We have it, and therefore work for and suit more people than any one else in the state.
