A BUSINESS CHANGE.

The present management of the steam laundry sells out their business to Mr. Robt. Ridenhour. The contract to commence the first of next month.

For several days the trade has, you might say, been made but its publicity was kept a secret that the present proprietors of the Concord Steam Laundry, Messrs. James Dayvault, Will Dayvault and Chas. Craven have sold the entire business to Mr. Robt. Ridenhour, who is salesman for Cannon & Fetzer Co.

The plant will not change its hands until the first of April. The present hands will be employed with Mr. J M Purcell as its manager.

Only a few days ago, as noted within these pages, some considerable improvements were made at this plant by the purchasing of more machinery. The present proprietors have conducted the business about six months.

A Member of the Artillery Discharged.

Mr. Columbus Hartsell, son of Mr. Jonah M Hartsell, who lives near Leo, in Stanly county, has returned home after serving seven months in the artillery, being stationed at Fortress Monroe, in Virginia.

Mr. Hartsell spent Thursday here on his way home. Some time ago Mr. Hartsell was discharged on account of the ruling that those who would not re-enlist for three years service, would be discharged. His parents insisted on his coming home and so he did not re-enlist.

Mr. Hartsell, with the exception of a little bit of home-sickness, was pleased with soldier life.

Come Along Boys.

Concord's base ball cranks shook themselves yesterday, decided they were thoroughly awake; looked around and learned from the News that the Philadelphia National League team was coming to Charlotte. Having had considerable success in these diggings playing ball, the Concord boys, with this fresh in their minds, began yesterday to discuss the probability of coming over this way and locking horns with the Phillies. Seemingly, having no fear of any club that plays ball on Charlotte grounds; with their accustomed zeal mixed with a good ball playing, they thought anything or any club will be before them. Come along boys. If the Phillies cannot interest you, Mountain Island is not far removed.—Charlotte News of 2nd.

Ewart to be Dropped.

A Washington special of the 2nd to the Asheville Citizen says: "It is understood here authoritatively that the President will not renominate H G Ewart as he has had two trials before the Senate. An effort will be made today to reach a vote on confirmation but it will be fruitless. This is expected to end all maneuvers in favor of Ewart."

THE ICE FACTORY

To Be Located Above Town—Work to Commence on the Building at an Early Date.

For several weeks it has been a question as to where the new ice factory to be built by the Concord Ice and Fuel Co. would be erected.

It has now been definitely decided that it will be built on the property formerly owned by Mr. Chas. W Misenheimer, above town. The distance there is over two miles.

Work will soon commence on the building which will be 52 feet long, 25 feet wide, and part of the building will be 30 feet high.

The supply of water obtainable was considered in the selection of a site for the building, a large amount of it being used each hour.

It can not be realized by some that Concord will manufacture her own supply of ice but when summer comes the plant will be there ready for your patronage.

Mr. Shuping, the Wounded Man Dead.

At 10.25 o'clock Thursday night, Mr. A D Shuping, of Salisbury who was shot by Mr. P F Hedrick, died. There had been no hopes for him, he having been shot through the lungs.

Hedrick has been released on an \$300 bond, and Manney is out on a \$500 bond.

To Hold a Trial Next Week.

Some of the pupils of the Concord High School are preparing for a trial to be held on next Friday afternoon. The trial will be held for the benefit of the scholars and will be carried out in full, as if it were in the court room. Capias will be issued, a bill of indictment will be brought up, and the prisoner will be in the hands of the sheriff, and the lawyers will defend their clients to the best of their ability. The trial promises to be an interesting one.

A STRANGE CASE.

Living With Two Bullets in His Head in Spite of the Doctor's Verdict.

Nelson Mackold, of Waukesha, has lived since May, 1897, with two bullets in his brain, either one of which, so the doctors say, would have killed anybody else.

During that month a horrible crime was committed on a lonely farm near Waukesha. A man named Pouch killed Farmer Alexander Harris, put two bullets into Mackold's head and left him for dead. He then went to the house and, after Mrs. Harris had given him breakfast, he shot her and her daughter.

The hired man revived sufficiently to crawl to a neighbor's house and give the alarm. The whole country was aroused and some days after the murderer was found in a pond, where he had shot and then drowned himself.

The grasp of Mackold upon life was marvelous. All the doctors said he would die, but instead he got well, and by the end of the summer was able to work about the farm. In the interest of science Mackold was brought to this city and an X-ray photograph taken of his brain. It shows that one bullet is lodged at the base right over the spinal column and the other is in the roof of the orbit. Physicians say that, according to every physical law, he must of necessity die from the effects of the bullets in their present position, yet the man lives, is strong and well, feels no ill effects from the bullets and is as sane as he ever was.—Chicago Chronicle.

Another Chicken Fight Held.

Several from our county and town returned home Thursday from Rock Hill, where a two-days cock-fight was held about three miles east of that place. It was a hard fight, one of the hardest some of them have ever seen. Seventeen fights were held and of the seventeen our delegation gained eight of them, but lost on the odd fight considerably. Several of the chickens were killed. The crowd from here came back short of a number of dollars.

WILSONS EXONERATED.

The Legislature's Joint-Hearing Downs the Governor.

At 4.15 p. m. Thursday the Senate entered the hall of the House and the great crisis of the Wilsons' case was reached. The body sat as a high judicial court to consider the report of the committee. The governor was represented by James B McRae. Major Wilson was represented by Robt. O Burton and R H Battle defend S Otho Wilson.

After a full hearing of the case which took till 3 o'clock Friday morning the vote was taken and the Wilsons were exonerated of crime which means a rebuke to the spiteful governor.

The vote stood in Major Wilson's case 83 to 56, and in the case of S Otho 78 to 54. The body then accepted S Otho Wilson's resignation.

The board of trustees of the University on Wednesday elected ex-Chief Justice James E Shepherd to the professorship of law made vacant by the death of the late John Manning. But one name was presented and the election was unanimous by acclamation.
