He's a Hero Yet

We thought that the fine old hero, Wade Hamp'ou, had passed into the stage of decrepitude, but the shingles of his house caught on fire last Sunday morning while most of the servants were yet in bed. He was up and had dressed himself with that cork leg and, with the servant that told him, scaled the roof and put out the fire. He is nearly 81 years old but forgot that he was not yet a "kid."

The Lincoln Chair Brings \$270.

A chair which Lincoln used in his home, and which has been a drawing card during the Whitney-Tieman auction sale at 8 West Twenty-Eighth street, was disposed of yesterday for \$270. A man who refused to give his name, but who is believed to have bought it for the Lincoln Club, of Chicago, was the highest bidder. He paid cash for it. The chair is said to be one of the two presented by the Illinois Central Railroad to Mr. Lincoln and to Governor Wentworth—New York Times.

South America's Suicide Wind.

In Brazil and other parts of South America the natives know and fear a certain condition of the air which they call "suicide wind."

It is not a superstition, but an actual condition of the atmosphere which seems to drive the people to madness, and during the continuance self-inflicted deaths are numerous.

Criminologists and scientists all over the world are interested in this peculiar atmospheric influence, which is indicated by a soft, moist, warm air that settles heavily on the earth.

The climatic condition known as the "suicide wind" is greatly dreaded in that part of the country.

Statistics prove that suicides and other crimes occur together or in waves as they are described.—Ex.

TRUE TO RECORD.

Negro Troops Give Trouble and Get the Worst of it.

True to the record made in the late military service by the negro troops, the Eighth Immunes, on being mustered out of service and leaving Chattanooga Tuesday began firing promiscuously and about a half dozen people will have to nurse wounds made by the drunken wretches.

At Nashville, however, they met their Waterloo. Fifty policemen were on hand to keep order and capture some of the perpetrators of the outrage. Some resistance was shown and the policemen's clubs were freely used. When they arrived at Louisville they showed signs of their experience less jolly than that at Chattanooga.

The Tenth Immunes were mustered out at Macon Wednesday but the Colonel held the discharge papers till he had them all in the train ready to move off and avoided trouble. Then they fired at bystanders from the moving train as it passed the various stations. A 16 year-old white boy was badly wounded by them as they moved out of Macon.

At Griffin, Ga., the first section of them yelled like wild men and fired about 200 shots. The police force could not cope with them and the town was at their mercy till the train pulled out.

A force was gathered in time for the next section, which came in with shot rattling above the noise of the train. They held up at the sight of the armed forces in waiting till moving out they fired and it was returned, when, unfortunately, a train man was fatally shot.

NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer it to bitter, nauseating Tonics. Price, 50c.

Two Great Fires in One Day

The Mary Holmes College and Industrial School for colored girls at West Point, Miss., was burned Monday morning. Loss \$65,000, insurance \$40,000. Later in the day the cotton compress and a large amount of cotton were burned. Loss \$300,000, property insured.

Mr. R O McDonald, a prominent cotton dealer, in attempting to secure his books and papers, was burned to death.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by M L Marsh & Co.

A Sure Cure.

"Doctor, said he, 'I'm a victim of insomnia. I can't sleep if there's the least noise—such as a cat on the back fence, for instance.'"

"This powder will be effective," replied the physician after compounding a prescription.

"When do I take it, doctor?"

"You don't take it; give it to the cat in a little milk."—Exchange.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by M L Marsh & Co.

The Greenville Weekly: Mr. Warren, of the Riverside Nursery, says there will be but few peaches, if any, the cold weather having about killed all. He also says it killed the rose buds and that roses will be but few and late.

Kinston Free Press: About 1,300 people have been vaccinated at Weidon, Mr. O T Boney informs us. He says there are several cases of smallpox there, but the authorities have them thoroughly isolated.

If troubled with rheumatism, give Chamberlain's Pain-Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cts.—M L Marsh & Co.

The New Version: Maxim—"Only the good die young, you know."

Brattle—"Oh, no. Only the young die good."—Philadelphia North American.

When having Laundry work done it is important to know the character of material used. Cheap labor, cheap soap, cheap starch, always show themselves in the work turned out. A Laundry that employs first-class help at living wages; that uses only the best material that money can procure, must of necessity turn out work to which the most fastidious can find no objections.

Work turned out by the Concord Steam Laundry, with its modern new machinery and expert employes, is first-class in every respect. A trial will convince you of the statements. Send in your name and become a member of the Concord Laundry Cleaning Club—one dollar a month. CONCORD STEAM LAUNDRY AND
