THE HUMAN BODY

The subject of the Athanaem Lecture—The Band Goes to Unionville Again This Year—Personals.

Mt. Pleasant, March 22.—Miss Ella Lentz, of Norwood, is visiting her friends and relatives in Mt. Pleasant this week.

Miss Lollie Graeber, of near China Grove, is visiting Mrs. L J Foil this week.

Capt. Cook and R L McAllister spent last Friday in Albemarle on business.

Miss Lenna Stevens who has been visiting her many friends in Mt. Pleasant, returned to her home at Bosts Mills last Monday.

The lecture delivered in the College chapel last Thursday night by Rev. W B Oney, was of a high order. It was practical and instructive. He had for his subject, "The Human Body." Rev. S D Steffy will also lecture at the same place on Thursday night the 23rd of this month.

Several college boys went out to St. John's Saturday night to the school exhibition. They reported not a very good time on account of the enclomency of the weather.

The Mt. Pleasant band has been employed to furnish music for the commencement exercises at Unionville academy.

Will Very Probably Come Here.

Rev. Dr. N W Tracy returned to Salisbury Tuesday night after having spent the afternoon with the W. C. T. U. of this place conferring as to his coming here to deliver his series of temperance lectures. Provided a suitable place can be obtained Dr. Tracy will be here in the near future.

No place is to be found in town so suitable for the crowd as the court house but it is yet to be seen whether it can be obtained, a committee having been appointed to investigate the matter at the meeting of the commissioners on next Monday.

Large crowds everywhere attend the lectures, several hundred having been turned away in Salisbury for want of room. These lectures, fourteen in number, are illustrated with stereopticon views.

St. Louis' Plague of Darkness.

St. Louis, Mo., had a singular experience last Saturday. The day opened bright after a rainy night but about 8 o'clock the wind seemed to reverse and blew back upon the city great volumes of smoke that was passing from the shops and furnaces. For twenty minutes it was so dark as to stop business except the street cars and such as could turn on the electric lights. Many people felt alarmed remembering the terrible storm of three years ago.

Stick the Right Stamp.

Postmaster Patterson tells us that not unfrequently letters are stamped with revenue stamps. The stamp misplaced is simply lost for the two are not interchangeable and each serves its own purpose only.

A TRIBUTE OF RESPECT

Paid to the Memory of Hope Barrier By the Concord Hose and Reel Company.

At a call meeting of the Concord Hose and Reel Company No. 1, held Monday night, March 20th, 1899, the following resolutions were adopted:

Whereas, It has pleased the Supreme Being of the Universe to remove from this earthly abode one of our members, Hope M Barrier, a member in good standing, and also a non-commissioned officer in the Spanish-American war, and was at the time of his death a member of Co. L, First Regiment North Carolina Volunteer Infantry, serving his country in a foreign land, and

Whereas, The intimate relations long held by the deceased and the members of this company, render it proper that we should place on record our appreciation of his services as a volunteer fireman and his merits as a man.

Resolved, By the Concord Hose and Reel Company No. 1, that while we bow with humble submission to the Will of the Most High, we do mourn the loss because he has been called from the scene of earthly action to his everlasting rest.

Resolved, That in the death of Hope M Barrier the Company loses one of its most active members, and one who was zealous in his work as a true fireman, prompt to advance the interest of the Company, devoted to its welfare and prosperity, fearless in action and honest and upright, whose many virtues endeared him not only to the members of this Company, but to all his fellow citizens.

Resolved, That this Company extend its profound sympathy to the family and relatives of our deceased brother in their sad affliction.

Resolved, That these resolutions be spread upon the minutes of the Company and that a copy of the same be printed in The Times and The Standard and that a copy be presented to the family of the fallen comrade.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by P B Fetzer's Drug store.

An Early Morning Capture.

About 4 o'clock this (Wednesday) morning Nightwatchman Johnson and Jailer Townsend went over into the part of town where most of the colored people stay. They went to capture a negro, Will Paton, who is wanted in the court house here next month on account of an affray. Being unable to give a bond for his appearance he was taken to jail.
