THE CONTRACT GIVEN.

Contractor Propst to Build Fifty Three Dwelling Houses for Mr. Chas. Wagoner—Some of Them Two Stories High While Others Will Be Nice Cottages—Work to Commence at Once.

It was stated about a week ago in this paper that it was very probable that Mr. Chas. Wagoner would soon let out a contract to a contractor for the erection of fifty-three dwelling houses.

Contractors have been at work putting in their bids for the work. The contract was given to Capt. A H Propst.

Besides the other building that is always being done we now know that this means a good amount of it in that part of town.

Of the lot there will be fifteen of them two stories high, ten of them having five rooms, and five of them six rooms. The other thirty-eight will have only one story, twenty five of them having four rooms, ten having three rooms, and three having five rooms.

Work will commence at once, and will progress as rapidly as possible.

As to the location of these houses they will be built on Mr. Wagoner's land towards Cannonville. Some will very probably be built on Depot street on the vacant lot opposite Scotia Seminary.

These houses will be used mostly by the operatives of the Cannon mill—of the new one which will be built this year.

From Forest Hill.

Mr. W L Robbins has moved his family to Buffalo. They will occupy the house vacated by Mr. Hislop.

Mr. R A Brown is placing his brick machine near Slippery rock to make brick for the new mill.

Miss Mattie Lisk and father returned to their home yesterday, after spending a few days with Mrs. Sallie Mills.

Messrs. J S Dunn and W E Whitlock are painting the roofs of the Odell mills. Quite a nice little job is before them.

Mrs. Mary Moore Dead.

After lingering with consumption for some time Mrs. Mary Moore, who for several months has been living at the home of Mr. John Willeford, breathed her last. Mrs. Moore only several months ago lost her daughter, Miss Ella Moore.

Mrs. Moore, having borne the same name before her marriage, was a sister of our townsman, Mr. Daniel Moore. The funeral was preached today by Rev. Paul Barringer.

He's Off for Cuba.

Secretary Alger is on his way to Cuba accompanied by several officials and business men. His object is to visit Porto Rico also and learn from a near standpoint the situation and wants of the islands especially the sanitary bearings. He will probably be gone a month.

Five Powder Explosions.

Five powder mills were blown up at Carney Point, N. J., on Wednesday. Two men were killed. It is not known what caused the first explosion which was followed by the other four.

Should Suffer the Penalty.

The prompt conviction of W E Breese, who wrecked the First National Bank of Asheville, and the sentence of ten years in the penitentiary, is a cause for congratulation to those who believe that criminals should suffer for their misdeeds. No just man will rejoice at Breese's downfall; but because he took advantage of his position, his standing in the community and the confidence placed in him, to deliberately rob those who trusted him, is the greater reason why he should suffer the full penalty of a broken law. He is a worse man than the ignorant and vicious criminal, who has had none of the advantages which made Breese a respected and trusted man and gave him the opportunity to steal. He knew his duty and did it not and he should be beaten with many stripes. Let us hope that, in the interest of justice he will, notwithstanding his appeal to a higher court, finally be made to suffer for the wrongs he has committed.—Statesville Landmark.

The Transport Thomas Quarantined.

A letter was received this morning from Capt. Edward Hill stating that Mr. Stanley Faison, who was sometime ago discharged from the Raleigh company, was accompanying the corpse of Sergeant Hope Barrier, and so soon as the body was put on the train at Savannah, Ga., Mr. Faison would wire. A letter was also received from the Quartermaster at Havana, stating that the remains were shipped from Havana on Saturday, the 18th, to Savannah, Ga. On account of the transport undergoing quarantine the body has not yet arrived at Savannah.

McCall's Magazine.

McCall's Queen of Fashion magazine has found its way on our desk and with a spirit of sentimentalism more common earlier in life we glanced at its beautiful figures and a few good love stories in keeping with them. Some lady of renown is charged with saying that there is a satisfaction about being well dressed not even imparted by the Christian religion. It's a wonder that the lovers of the tidy do not all get McCall at 50 cents per year, but it is absolutely despoiling to the young man struggling against the fascinations of the fair sex.

A. R. De Fluent, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at time was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails."
