SAUNDERS MINE SOLD.

A Company in Providence the Owners Now—A Republican's Opinion of Democracy.

Written for The Standard.

Dowd, April 6.—The cooing of the dove, the chatter of the martins and the shrill note of the whippoorwill have ceased and the little snow bird has reappeared.

We had the pleasure of attending the picnic at the Falls Monday. Several hundred people were present. The wild, romantic scenery in the vicinity and the ceaseless roar of the Yaddin as the waters plunge over the rocks and down the rapids make the Falls a desirable place for a picnic.

Miss Pattie Bell has returned from Montgomery, where she has been visiting her sister.

Mr. Lee Picker and Miss Cora Cooper, of Albemarle, were married last Wednesday.

A Republican near here says the Democratic party ought to be called the nut-grass party, because all it can't kill it out.

April fools are falling thick and fast in and around these parts and "Cupid's darts are piercing many hearts."

A few days ago the Tebe Saunders gold mine, just over the river in Montgomery county, was sold to a Providence, R. I., company for \$6,000. We understand that Mr. H F McCarty made the sale.

The Mexican Bull Fighters Coming.

The advance agent of the Mexican bull fighters spent Wednesday here making arrangements for his exhibit here on Friday, the 14th of this month. In the afternoon the female members of the company will engage in a game of baseball. A team will be made up here in our town to oppose the team. The bull fight will be held at night. The occasion will be held at the Miller Park.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call at P. B. Fetzler's drug store and get a trial bottle free. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

THE BEST IN THE WORLD.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by M. L. Marsh & Co., Druggist.

Billy Weddington Starts Out in Arranging a Reception for the Soldiers.

Already this season we see the name of Billy Weddington appearing in the baseball columns. At a recent game played between Roanoke and St. Albans, the former came out victorious in a score of 7 to 3. In the account of the game in the Roanoke Times we see that the features of the game were the fast fielding and the good work of the pitchers, but it says that Weddington had the better of the argument.

In another game between Roanoke and Alleghany the Roanoke boys came out ahead in a score of 9 to 2. Billy Weddington struck out 7 men while the pitcher for the opposing team only struck out 2 men. The features of this game were the outfielding of the Roanoke team. Mr. Horace Fox, of Roanoke, who played on our team here last year, is one of the outfielders referred to in the article from the newspaper.

Dr. Tracy Coming.

Mrs. K L Craven has received a telegram from Dr. Tracy, the talented temperance lecturer, stating that he will arrive here next Wednesday and will commence his series of lectures on Thursday night, continuing two weeks. The lectures will be given in the Baptist church.

A Venerable Swine.

The National Stockman and Farm has a verified statement that a sow died in November, 1897, on the Taylor Brothers stock farm of Lynchburg, Tenn., that had belonged to them for 32 or 34 years and was said to be 43 years old at her death. She was of the big-boned Berkshire breed, was cholera-proof and had not been sick for a quarter of a century.

She had borne 900 pigs that brought in money enough to her owners to buy a good farm in Moore county in that State.

Her owners gave her a regular burial and erected a limestone slab to mark her resting place.

Two gentlemen from the country near here engaged in a little difficulty Wednesday afternoon. As a result, four dollars were paid into the town treasury by the person who made the assault.

Some days ago it was urged that some steps be taken towards welcoming our soldiers home this month. The matter has been taken in hand by the ladies and committees appointed to prepare a reception for the boys—in other words to have the best the country about here affords for them to eat and let the people be there to make them enjoy themselves to the utmost. More will be made public latter as to the occasion.

A Measuring Party Tomorrow Night.

Tomorrow night at the parsonage of Central Methodist church there will be given a measuring party, the proceeds of which will go to Central M. E. church. The invitations which have been sent out contain the following:

An Indian woman serving a sentence in the State prison has refused a pardon granted her by the governor and says that she will not leave until the judge and jury which tried her acknowledge her innocence and that they were in error when they passed judgment on her. Pretty nice about it to be sure.—Durham Sun.

In the past fourteen days fifty-six men have been enlisted in the regular army at the recruiting station in Raleigh. No enlistments for the Philippines are now made, but they are now made for Porto Rico and Cuba—these being only white men. Negro troops will not be sent out of this country. It is said that of regulars only three regiments of infantry, five and one-half of cavalry and four of artillery will remain in the United States.—Daily Record.

Mr. Stancil Bitten By a Dog.

The Charlotte Observer says that Mr. William Stancil, of Cabarrus county, was badly bitten Wednesday by a dog. The dog sprang upon him, and before he could recover himself had lacerated his arm and wrist badly. Mr. Stancil choked the dog to death. He then went to Charlotte after the madstone. He was painfully hurt.
